THE GREAT FLOOD. IMMENSE LOSS OF PROPERTY.

Last Thursday the people of this county interested in the lumber business... there are very few who are not... felt all danger from high water was past.

THE NEWS.

Owing to the havoc made by the late freshet, we have no eastern papers later than Friday last. They contained a dispatch from City Point to Wednesday last, stating that Grant had sent all the sick, all the sutlers, and all others not useful in a fight, to the rear the previous day—the 14th—preparatory to an advance on the left, intending to move towards Sherman, who is expected to advance thro' N. Carolina towards Richmond. The rebel seemed to be fully aware of Grant's design, and had massed their forces in his front.

TWO MEN DROWNED.—It is our painful duty to record the death of two of our citizens by drowning during the high water on Friday last. JOHN W. GRAMM, of Graham Township, in company with his brother-in-law, E. C. DALE, was proceeding to the river at an early hour to look after his timber. When they reached the lower crossing of Moravian Run the bridge was gone, and in attempting to cross on one of the remaining timbers, it broke, throwing him into the boiling and foaming current. No aid could reach him, and he perished. His body was found the next day about 20 rods below the spot where he fell in, and on Monday it was consigned to mother earth, followed by a large train of weeping relatives and friends. The deceased was one of the most worthy men of our county, aged about 45 years, leaving a large family of children. Of quiet, unpretending habits, he was not extensively known. But within the circle of his acquaintance, we doubt whether more could be said in the praise of any man in the county than is said of him, as a Christian, as a neighbor, as a friend.

The other case was that of a young man named ISRAEL GRAHAM, son of JAMES GRAHAM, of Bradford township, who was standing on a raft lying above the mouth of Millstone Run, when he fell into the stream. He passed under and came out at the lower end of the raft, and was seen to make one or two motions to swim, but the strong current from the Run carried him out, and he soon disappeared.

We have been personally complained of by several leading and influential Republicans for failing to make exceptions when charging "certain Abolition leaders" with bringing the soldiers to this county, and arresting our citizens. We know very well there are exceptions and honorable exceptions, too. When the proper time arrives, as doubtless it will, the distinction will be made clear enough and broad enough.

THE WESTERN GIRLS protest against the migration thither of the Massachusetts virgins, and think that the latter had better look for a market for themselves in some other locality where marriageable men are more plenty, or else, as they are of the strong-minded class, some of them might adopt trousers and marry each other. Western femininity—girls and widows—is irate, so Yankee virginity will have to look out.—Pat. & Union.

Sherman, it was reported by scouts who had arrived at Wilmington, had reached and occupied Fayetteville, N. C. But this is not fully credited, says the Philadelphia Age—the best authority—of Friday last. The Confederate forces are at Goldsboro, some 35 miles from Fayetteville, Sherman and Scofield had not succeeded in forming a junction.

There is no other army news of importance.

The well known Dr. WARRNER, of Boston, says of these Pills, "They have the finest effect upon the Liver and digestive organs of any medicine in the world and are the most perfect purgative which has ever yet been made by anybody. Their effects have abundantly shown to the community how much they exceed the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel the disease. They purge out the four humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone to the whole system. Not only do they cure the every day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children, and being purely vegetable are free from risk or harm.

The most remarkable feature of these pills is the perfection with which they act in extremely dissimilar chronic diseases. THE SAME CURE cures Diarrhoea or Dyspepsia, in either case restoring the organs to a healthy and natural condition, which cannot be said of any other medicine in existence."

They create pure blood and remove all impurities from the system, hence are a positive CURE for FEVERS: HEADACHE: PILES: MERCURIAL DISEASES, AND HEREDIARY HUMORS!

IN THE MATTER of the reward of James Curley.—It appearing by the memorial of leading citizens of Katharine tp., that they are convinced that the jurors who held the inquest on the body of Billy Eagan were mistaken in their verdict, and it being the opinion of the most of the citizens that the finding thereof was wrong, in fact, the reward heretofore offered for the arrest of James Curley is this day withdrawn.
