Temperance Association.

The officers appointed on the evening of the 29th ult. to perfect a temperance organization in this locality, met on Wednesday evening last, in the office of The Carbon Advocate, and organized with the President, A. W. Raudenbush, in the chair. A long and interesting discussion took place in regard to the objects of the association; after which it was decided that the organization should be called "The Lehighton and Weissport Temperance Association."

On motion, a committee was appointed to make arrangement with Daniel Kalfus, Esq., of Mauch Chunk, to deliver a lecture in this borough at an early day. After some further business the association adjourned.

Dr. Prime on Mr. Talmage.

Dr. Prime, editor of N. Y. Observer says of Mr. Talmage. "His sermons I regard as among the best specimens of the simple, earnest, pungent presentation of the solemn and precious truths of the Gospel that I have ever read, and having a fertility of illustration that is marvelous." Mr. Talmage's sermons etc., and Mr. Spurgeon's articles, are furnished to The Christian at Work, and to no other journal in America. Mr. Talmage displays marked ability in conducting this paper, and we doubt not that he will make it a great success. It is published at 102 Chambers street, New York. Sample copies furnished free. Agents wanted everywhere.

The compositors on the Harrisburg Patriot are on a strike.

L. V. Association of M. E. Church. On Monday last the Lehigh Valley Association of the Methodist church, held its quarterly meeting in the M. E. church, Mauch Chunk. The President, Rev. William B. Wood, occupied the chair. This organization was effected several years ago for the purpose of securing the united effort of the various churches of this denomination in this valley, in holding annually, or whenever it might be deemed best a camp-meeting, as also to promote their respective interests, and is composed of pastors and laymen.

At the last meeting, it was decided to hold a camp-meeting, in Dr. Linderman's woods, near Lehighton, commencing July 21st and continuing until the 28th. At the meeting Monday last an Executive Committee and Board of Control were chosen, who will have charge of the camp, in connection with the regular officers of the Association. On these committees the pastor of the M. E. church and Messrs. Daniel Olewine and William Kemmerer, of this borough, were appointed, as also Rev. Mr. Townsend, of Packerton.

The Executive Committee will hold a meeting, in Bethlehem, on the 20th inst., to perfect arrangements for the camp, which already gives promise of being a success.

Being so near our town, the citizens generally will doubtless feel no little interest in it. Of late many members of other Christian denominations have attended and participated in these delightful and profitable services held by our Methodist friends in the tented grove, for the churches are beginning to recognize that all are one, and that the prosperity of one is the prosperity of all.

The association, after having adjourned to partake of dinner at the several homes to which the members had been invited, returned, when subjects of interest were discussed by various speakers. The most interesting discussion was that on the question, "How may we most effectively promote the cause of Temperance?" This subject seems to be to-day receiving such attention as it never before had, and being taken up earnestly by pastors and churches everywhere.

Among the exercises was the reading of an essay by our neighbor, Rev. W. Coffman, on "Man's need of a future life indicated by his intellectual and moral capabilities."

Rev. J. T. Swinells, who is one of the most active members, was present, and participated in the exercises.

At four P. M. the association adjourned, having had both a delightful and profitable time.

Dedicated.

According to the ordering of Presbytery, the 1st Presbyterian church of Lehighton was dedicated to the worship of the Triune God, Thursday afternoon, May 7th. The committee appointed to conduct the services consisted of the Revs. Earle of Catsaqua, Little of Hokendaqua, Ossier of Bethlehem, McNaughton of Slatinton, and Webster of Weatherly, and the pastor and elders of the church. The day was a beautiful one. The order of exercises were as follows: Opening Anthem.....Choir Invocation.....Rev. Webster Reading of Hymn.....Rev. Townsend Reading of Scriptures.....Rev. Mason Sermon.....Rev. Earle Reading of Hymn.....Rev. Coffman Dedictory prayer. Rev. McNaughton Hymn.....Rev. Becker

In handing over the keys of this building that it may be dedicated to the worship of the Triune God, the Board of Trustees respectfully submit that they have discharged the trust confided to them to the best of their ability; two thousand dollars were borrowed of T. Harlan, for which a judgment bond and mortgage was given on the Parsonage to run for five years, at 8 per cent., payable at anytime during the five years; there remains on the subscription books about four hundred dollars, which we feel confident will be paid, as the parties are able. The buildings have been insured in good and reliable Companies; the church proper is free of debt, though not complete, as it should have a bell. It is hoped that a determined effort will be made by all interested to pay the debt on the Parsonage. The Board would suggest that immediate action be taken to have a suitable fence around the lot. The Treasurer's book is open for the inspection of all interested. PHILIP MILLER PRES. W. LEE STILES, SECRETARY.

In the evening a very powerful sermon was preached by Rev. J. McNaughton, of Slatinton, to a large audience.

Protect Your Buildings!

Which may be done with one-fourth the usual expense by using Glines' Slate Roofing Paint & Cement. Send for Testimonials. AGENTS WANTED IN EVERY TOWN.

A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the Slate, for

One-third the Cost of Re-shingling.

The expense of Slatting new Shingles is only about the cost of simply laying them. The Slate is FIRE PROOF against sparks or flying embers. For tin and iron it has no equal, as it expands by heat and contracts by cold, and never cracks or scales. Roofs covered with this Sheathing Feit can be made water-tight at a small expense.

The Slate Paint is Extremely Cheap! two gallons will cover 100 square feet of shingle roof, or over four hundred of Tin or Iron. Price ready for use is 80 cents per gallon, with a liberal discount to the trade.

No Tar is used in this Composition.

On decayed shingles it fills up the holes and pores, hardens them and gives a new substantial roof that will last for years. Curled or warped shingles, it brings to their place and keeps them there. It fills up all holes in Tin or felt roofs, and stops the leaks, one coat being equal to five of ordinary paint.

The color of the Slate when first applied is dark purple, changing in about a month to a light uniform slate color and is

TO all intents and purposes, Slate.

MERCHANT TAILORING.

When in the course of wear and tear of every day life it becomes necessary to dissolve our connection with the suits that have done us so much services in keeping us warm and free from exposure, there is one place where we can find consolation and a friend indeed in our distress. Yea, a place where we can safely put our trust—where there is no need of fear that we shall be cheated, unsuited or unsatisfied—where the fabric is strong and the manufacture superb—where the prices are just and the style all that can be desired. There is a charm about an easy, goe-fitting, elastic suit, that is seen and observed by all men. "Where did you get that superb suit of cloths?" "Where did you secure such a splendid fitting garment?" is often asked. There are many tailors, and a number of them are undoubtedly fair samples of the genus homo and also a credit to the craft; but how generally tailors fall in the fitting of garments to the human form; how often a good piece of goods is spoiled in the fit; how sadly and dejectedly many a man wanders about the streets, feeling the shame the tailor has caused him, in allowing a poor job to go out of his shop, and he the wearer of it! Perhaps his lady love has even jilted him in consequence of his forlorn appearance.

—Dress making the man? The want of it the fellow?

Not that a man is less a man for wearing plain clothes, but when he is "dressed up" he should indeed be dressed not having his cloths hang like bags around him, and wrinkled and distorted in all sorts of shapes, but that he should be clad in fitting garments. Taste should be shown both in the colors and make-up of his suit. Many high priced goods are at such outlandish colors and styles that a man's character is judged by his foolishly selecting those odd goods. A man is known by the company he keeps, and if he insists upon fraternizing with ill-looking and ill-fitting clothes, he will not make his "mark," as a man of taste, that's positive. To be looked upon as possessing the requisite attainments of a tasty gentleman, he must select cloths of suitable colors for his clothing and have them made up in first-class style by Laury & Peters, (post office building), Lehighton, Pa., who have a splendid stock to select from, and where you will obtain that symmetry of fit so necessary to the adornment of the person. Call and examine the most beautiful assortment of cloths, cassimers and vestings, ever brought into Lehighton, and leave your measure with Laury & Peters. March 14, 1874.
