

OFFICIAL.

By the President of the United States. A PROCLAMATION.

There is reason to believe that an armed expedition is about to be fitted out in the United States with an intention to invade the island of Cuba or some of the provinces of Mexico. The best information which the Executive has been able to obtain points to the island of Cuba as the object of this expedition. It is the duty of this Government to observe the faith of treaties, and to prevent any aggression by our citizens upon the territories of friendly nations. I have therefore thought it necessary and proper to issue this proclamation, to warn all citizens of the United States, who shall connect themselves with an enterprise so grossly in violation of our laws and our treaty obligations, that they will thereby subject themselves to the heavy penalties denounced against them by our acts of Congress, and will forfeit their claim to the protection of their country. No such persons must expect the interference of this Government, in any form, on their behalf, no matter to what extremities they may be reduced in consequence of their conduct. An enterprise to invade the territories of a friendly nation, set on foot and prosecuted within the limits of the United States, is in the highest degree criminal, as tending to endanger the peace, and to compromise the honor, of this nation; and, therefore, I exhort all good citizens, as they regard our national reputation, as they respect their own laws and the laws of nations, as they value the blessings of peace and the welfare of their country, to discountenance and prevent, by all lawful means, any such enterprise; and I call upon every officer of this Government, civil or military, to use all efforts in his power to arrest for trial and punishment every such offender against the laws providing for the performance of our sacred obligations to friendly Powers.

Given under my hand, the eleventh day of August, in the year of our Lord one thousand eight hundred and forty nine, and the seventy-fourth of the Independence of the United States. Z. TAYLOR. By the President: J. M. CLAYTON, Secretary of State.

We copy the above proclamation from the National Intelligencer of Tuesday, which, in publishing it, says it was received at the Department of State, on Monday, from Harrisburg, in a communication from President Taylor. In reference to the Proclamation, the Intelligencer has the following remarks:—

"For some weeks past the country has been disturbed with rumours of the assembling and drilling of bands of men in different parts of the United States. Various places have been artfully designated as the object of their destination. Tampico and the Sierra Madre Provinces of Mexico, Yucatan and Cuba, have all been alluded to in connexion with the enterprise. But the truth has been studiously concealed by the leaders engaged in it. The common soldiers who have been enlisted were not to be entrusted with the secret as to the object to be effected until after embarkation. How far the expedition has proceeded we know not. But we do know that bands of men have lately assembled at a point not far from New Orleans; and that the evidence is clear that Cuba is the real object of those engaged in it. Most earnestly do we hope that the President may succeed in arresting the perpetration of such an outrage on a friendly nation, and maintaining unscathed the honor of our country. Plunder can be the only motive of such an enterprise; and all good men must rejoice to witness the honest redemption of General Taylor's pledges to his country, to preserve the faith of our treaties and suppress all illegal enterprise against friendly foreign nations. The gallant soldier who has spent forty years in the camp, and braved the bullets of his country's enemies in so many battles—who has sounded all the shoals and depths of military glory—proves himself to the world to be, as we predicted before his election that he would be, the 'MAN OF PEACE.'

"VIOLATED ALL HIS PLEDGES!"—This is the universal cry of the Democracy against Gen. Taylor. For 'changing the men,' whom he found in office, he is charged with having violated his pledges. Out of their own mouths we will convict them.

In the address of the Convention of the assembled Democracy of Virginia, which met in Lynchburg last year, we find the following passage:—

"A CHANGE OF MEN, or, to translate into somewhat plainer language this significant phrase, the placing the public offices at the disposal of the Whig party, is probably a controlling motive with many of those who rule that party."

Gen. Taylor, speaking through the delegation from his own State to the Whig National Convention, PLEDGES himself to aid in bringing about a CHANGE OF MEN and of measures.

For thus pledging himself, then, he was assailed by the Democracy, and the people were appealed to vote against him, because he would 'change the men and the measures' then in office and in force. The people thought the proposed changes desirable; they therefore elected Gen. Taylor.

A HEAVY LOSS.—We learn that the band of Mr. Joshua Price, in Tell township, was struck by lightning on Wednesday evening last, and the barn, together with the whole of his crop of grain and hay were consumed. Mr. Price's loss is said to be about \$1600.—Huntingdon Globe.

Hon. DANIEL WEBSTER is now on a visit to Edgartown, guest of Dr. Daniel Fish, enjoying himself, fishing after bass, blue fish and shark. Of the latter, he has caught one weighing 400 lbs. He is expected to visit Nantucket before returning to Marshfield.

Melancholy Accident. A heart-rending catastrophe occurred on Fast Day, near Orrstown, Franklin Co. A party of four young men, consisting of John Blair, Thomas Bard, James Sponsler, and Charles A. Sponsler, left that place with their guns, and proceeded to the country, in pursuit of game. In the afternoon, the death of one of their number took place under the following circumstances: James Sponsler had just loaded his gun, and rested the barrel on his arm to put on the cap, and while in the act of letting back the dog on the cap, it slipped from his thumb, and melancholy to relate, the whole load was lodged in the head of his brother Charles, an active youth of about 18 years, who stood about four or five feet behind him. The back part of his head was completely shattered, so that he fell to the ground a corpse. The agony of the friends, and of his brother especially, was intense. Fears were entertained that he might lose his reason, but it is now hoped that no such result will take place.—Shippensburg News.

UTICA, August 4. A distressing accident occurred on Thursday last at Trenton Falls, by which Edward Bryan and his sister Eliza were drowned, in attempting to pass a dangerous point at that place. Their bodies have been recovered; that of the brother at ten o'clock the same night, and the sister at four o'clock the next morning, by the conductor of the Utica and Schenectady Railroad. They were brought to this city last evening, and are to be buried immediately.

C. McCurdy, Esq., publisher of the Harrisburg Intelligencer, proposes to issue his paper from the 10th inst. to the close of the election campaign, for 25 cents per copy—with an extra copy to any one who will raise a club of four or more subscribers.

The publishers of the Harrisburg Telegraph, Messrs. Fenn & Rea, have put forth a new prospectus for their paper, closing with the following scale of prices: One copy, semi-weekly during the session of the Legislature, and weekly the balance of the year, per annum, \$3 00. If paid in advance, at the time of subscribing, 2 50. Five copies, to one address, paid at the time of subscribing, 10 00. Twelve copies, to one address, paid at the time of subscribing, 20 00. Twenty copies, to one address, paid at the time of subscribing, 30 00. We wish it to be distinctly understood that the above reduced rates will not apply to old subscribers, and all arrears are settled up; and to Clubs only when sent to one address, and the money received at the time the papers are ordered.

For the Campaign.—To meet the wants of the people during the approaching campaign, we will furnish the Telegraph from the meeting of the Convention until the election at the following rates, to be paid in all cases in advance: Three copies, to one address, for \$1 00. Twelve copies, do. 3 00. Twenty-five copies, do. 5 00.

For the Gazette. Mr. Editor.—It is but seldom that I suffer myself to notice the incoherent productions of the editor of the nominal True Democrat, for the reason that in most instances they bear on their face too palpably the semblance of sophistry to need refutation; but when an individual, professing to promulgate truth, so far transcends the limits of his duty as to distort that principle in such a manner as to destroy even the shadow of its existence, I cannot longer withhold an expression of my sentiments. I hold that an editor of a newspaper, whether political or not, has no legitimate right willfully to misrepresent facts, in order to influence the minds of his readers. The denizens of a republic should exercise the right of suffrage INTELLIGENTLY; and this end cannot be subserved by the toleration of conniving duplicity in our political organs. Whilst I admit the right of one man to differ in opinion with another, in regard to any theoretical principle, I wholly disclaim the integrity and patriotism of politicians who knowingly publish articles calculated to mislead the unsuspecting members of either party.

Such are my opinions—and they are opinions which will meet the approval of every real friend of republican institutions. Now, let me ask, has the True Democrat in its recent course acted in all accordance with such sentiments? No. Its statements relative to the whig county meeting were such no one, who attended the meeting, would pronounce true. To the editor, who predicates that the resolutions reported by the committee were not adopted, (I would simply say, never promulgated an assertion which common sense would repudiate; and as to his informant, I would suggest to him the propriety of procuring a pair of leather spectacles, when he again assumes to compute numbers at a whig meeting, as in that case he may be enabled to report a little nearer to facts.

BE UNPREJUDICED.—Let no foolish person be so prejudiced against this truly celebrated medicine as to despise this advice; let it be used immediately on pain being felt; no matter where it may be, whether in the head or feet, whether it be in the back or abdomen, whether arising from external or internal cause, use the Brander's Pills, and you will find that the pain will go, the body will be restored to health as soon as nature has received sufficient assistance from their effect. The quantity of impure humors discharged from the body by the action of the Brander's Pills, is replaced in the course of a few hours with new and pure blood, by the digestion of a moderate meal. By purging the body with this medicine the whole mass of blood becomes entirely purified and regenerated.

That the blood is the life of the body, is undisputed, therefore I shall say that it being the SEAT OF LIFE, it must also be the SEAT OF DISEASE. If disease be in the blood, we should abstract the disease only, not the blood. It is the impurities which must be removed by purgation to secure our health, in all states of the weather, in all situations, and in all climates. The blood, like a good spirit, is always trying to benefit the body by its struggles to expel impurities. But it is not capable to effect its own purification at all times; to do this it must often have assistance. When the blood is loaded with impurities, especially in this climate, the consequences may be fatal, provided the blood is not purified at once, and this is only to be effected by the Brander's Pills are used. Purchase the genuine medicine of the following agents: JOHN A. STERETT, Lewistown; William Hardy, McVeytown; Jones & Stinson, Huntingdon; Moore & Swope, Alexandria; A. S. N.
