

THIRD EDITION.

MONDAY EVENING, JULY 17, 1882.

SEYMOUR'S MANIFESTO.

THE BRITISH ADMIRAL'S OCCUPATION

Bringing Order out of Chaos in Alexandria - The City Proclaimed Under Martial Law - A Young Woman's Fate.

LONDON, July 17.—The Alexandria correspondent of the Times relates that during the massacre the soldiers set fire to the house of a timber merchant. A maid servant escaped to the garden where she remained surrounded by fire, the soldiers laughing at her agony and firing at her, but purposely avoiding the infliction of personal injury, preferring to see her burn to death. Finally she rushed through the flames, and, though wounded by bayonet thrusts, she succeeded in securing a refuge in the ruins, where she was discovered by the marines and handed over to the Americans.

ALEXANDRIA, July 17.—9:45 a. m.—Admiral Seymour has issued a manifesto announcing that he has undertaken, with the consent of the Egyptian government, the restoration of order. Nobody is allowed to leave the town after sunset. Tempting them through their windows. LONDON, July 17.—The Times this morning says the offer of rations which Admiral Seymour has made to such Egyptian soldiers as choose to return to allegiance to the khedive will be a considerable inducement to loyalty and will increase the staff available for pressing sanitary operations.

Consular Service for Sea. A dispatch to the Times from Calcutta reports that the last mail steamer sailed with 1,500 commissariat tents and a large quantity of stores on board for Suez.

ALDERSHOT, July 17.—A battalion of the Munster fusiliers has been ordered to sail for Malta to-day.

LONDON, July 17.—The Times Paris correspondent reports that a cabinet council has resolved to accept the invitation to protect the Suez canal jointly with England.

French Troops to Embark. The Daily News dispatch from Marseilles says, six French transports have been ordered to get ready to embark troops.

Terms for Turkish Occupation. A dispatch from Constantinople to Reuters telegram company states that the occupation of Egypt, in case of Turkish intervention, is to be limited to six months. The objects of the occupation will probably be defined as follows: The termination of anarchy, the re-establishment of the status quo; the reorganization of the army, and the development of popular liberties. It is proposed that the khedive shall supervise the work of the occupying troops.

Arrival of more War Ships. ALEXANDRIA, July 17, 11 a. m.—The Northumberland with 700 men, the Tamar with 91 marines, and the Salamis and Agincourt, have arrived here. The marines will land at Gabari and two regiments at Ramleh.

Fires Renewed. ALEXANDRIA, July 17, 12 p. m.—Fresh fires occurred last night. Troops from the ship Tamar are disembarking and will raise the British forces to six thousand.

THINGS IN SOUTH AMERICA. The Revolution in Ecuador Still in Progress. PANAMA, July 8.—The revolution in Ecuador continues to progress. Alfaro, the revolutionary leader, has declared that he will shoot all the officers he may capture who fight for Veintemilla, the actual president. He asserts that in sustaining a dictatorship they became traitors to their country, and as such deserve death.

AMBAL, a large city on the road from Guayaquil to Quito has fallen into their hands.

The Peru-Chilian Imbrolio. All hope of foreign intervention seems to have died out in Peru. A few illusionists prefer to hope against hope; but the majority now understand that if peace is to be brought about it must be due to their own efforts. The Peruvian leaders in Arequipa, Carrillo and Velarde, have fallen out and a conflict between their partisans is expected. Mr. Partridge does not hesitate to declare that no future action will be taken by the United States unless she is officially requested by all parties to use her kind offices. Scattered Chilean detachments continue to commit outrages in the interior. A serious railway accident occurred on the Talca railway on the 15th of June, in which ten lives were lost and property valued at \$15,000 was destroyed. The line reaches the port on a three per cent. grade, and it is customary to keep full steam to assist the brakes by backing. This precaution was forgotten or overlooked, and the train dashed into the port, swept through the station and finally brought up in fragments on the beach.

TO-NIGHT'S BREWING MATCH. All the details of the Sullivan-Wilson Contest Arranged. NEW YORK, July 17.—All the details relating to the sparring match to-night between Wilson and Sullivan have been arranged. The former arrived in this city last night from Philadelphia and is looking in good condition. A final meeting of the representatives of the contestants was held this morning, when Harry Hill was formally chosen referee. Billy Madden and Pete McCoy will be Sullivan's seconds and Billy Edwards and Arthur Chambers Wilson's seconds.

Almost Cut Her Head Off. ATLANTA, Ga., July 17.—A special to the Constitution from Athens, Ga., says Rebecca Goldberg, wife of a Russian Jew, committed suicide last night by cutting her throat with a pocket knife. The head was nearly severed from the body. A mirror and two knives were in the cradle by the side of her young infant. No cause is assigned for the deed.

Six More Victims of Toy Pistols. CINCINNATI, O., July 17.—There have been six more deaths from lock jaw in this city and Covington. The victims are all boys who were wounded in the hand by toy pistols on July 4th. In most cases the wounds were apparently trifling.

Georgia Democrats. ATLANTA, July 17.—Delegates to the Democratic state convention are rapidly arriving. A. H. Stephens and A. O. Baker, gubernatorial candidates, are here.

BASE BALL.

A Lancaster Catcher Abroad.

Last week Wm. Zecher, the well known catcher of the Ironides baseball club, played in three games with the Harriburg club of Bloomsburg. They defeated the club at Bloomsburg and Duncannon on Thursday and Friday and on Saturday tackled the Harrisburg nine. The latter is an excellent club and have already played several games this season with professionals. The score of Saturday's game was 20 to 9 in favor of the Harriburg club. Zecher played well and this morning's Patriot, in speaking of him, says: "Zecher, the Lancaster catcher, acquitted himself in fine style, putting out seven men with only one passed ball while at the bat he equalled some of the heaviest hitters of the visitors."

Schiller, who has played with the Ironides in this city, was the pitcher of the Duncannon and Harriburg teams, says of him, "after he was batted for several runs—three earned—in the fifth and one in the sixth, Ellis was put in the box, but to no avail, as the Harriburg hit him just as hard, and he took his place at first again. In the eighth Schiller was again hit hard, the home team earning four of the eight runs made with four singles and two baggers. The game was witnessed by over 500 people. The Ironides' club was to have gone to Harrisburg last week but they will go up next Saturday to try their luck."

A gentleman of the congregation, who wishes his name to be kept unknown, kindly contributed the amount needed, \$65, and yesterday the book was placed on the reading desk and used for the first time. Rev. Mitchell preached an eloquent edifying sermon and publicly thanked the unknown benefactor on behalf of the Ladies' Aid society for his handsome gift.
