

ON THE DIAMOND. BASE BALL PLAYERS IN SESSION IN THE QUAKER CITY.

The Eastern League Arranges a Schedule—A Club for Baltimore—The Empire Who Have Been Selected—Recent Notes of the Field.

There was a meeting of the Eastern League of base ball clubs at the Girard house, Philadelphia, on Thursday. The clubs were represented by the following delegates: Richmond, Va., by Mr. Moss and Mr. Simmons; Norfolk, Va., by Mr. Graves and Mr. Swan; New York, by Mr. L. J. Murphy; Jersey City, N. J., by Mr. Cummings and Lancaster, Pa., by Mr. Copland and Mr. Murphy.

It was voted to readmit the Monumental club of Baltimore, to membership, notwithstanding the protest made by William H. Massey, of the Baltimore American Association club. Dr. Massmore, of Baltimore, was admitted to the meeting as a delegate from the Monumental club.

The following were appointed umpires for the following season: Wes Curry, of Philadelphia; William Quinn, of New York; William Hollander, of Lancaster; George Taylor, of Wilmington, Del. They will get \$100 a month, and pay their own traveling expenses.

Messrs. Seaman, Ballard and Kline, the schedule committee, worked all the afternoon and late into the night in arranging the games for the coming season. It was decided that the Southern clubs—consisting of the Washington, Baltimore, Norfolk and Richmond teams—should commence the season on April 23, playing a series of games among themselves while the other clubs—Jersey City, Newark, Trenton and Lancaster, having games arranged with the Eastern League and American Association clubs—will not begin the championship season till May 1.

Each club has deposited a sum of money in a reserve fund as a guarantee of their intention of playing the season out. The appointment of Jack Holland, of Reading, to be an Eastern League umpire, will give the best of satisfaction. He is an excellent man for the position, as he has a thorough knowledge of the game and is perfectly honest.

The management of the Lancaster club will find that Mack will make a far better manager of their club than a player in the position for which he is engaged. A Pittsburgh paper says that Mack has fallen low in the profession by signing to play here, but Mr. Mack is about as sure of getting his salary as he was when he played with the Allegheny team. He certainly will receive more than he did while acting as an Eastern League umpire.

John T. Murphy will have to do considerable "hustling" if he wishes the Lancaster club to keep in line with the majority of the Eastern League clubs. The Lancaster club is disposing of a large number of season tickets; none can be had after April 1st.

The management of the Lancaster club will find that Mack will make a far better manager of their club than a player in the position for which he is engaged. A Pittsburgh paper says that Mack has fallen low in the profession by signing to play here, but Mr. Mack is about as sure of getting his salary as he was when he played with the Allegheny team.

Ed. Green intends to guard second base for the Williamsport club. The Eastern League people will do well to keep their eyes on Horner and Warner, the splendid young batters of Trenton. Newspaper letters of admission to the Lancaster club's games will be very scarce.

Ed. Green intends to guard second base for the Williamsport club. The Eastern League people will do well to keep their eyes on Horner and Warner, the splendid young batters of Trenton. Newspaper letters of admission to the Lancaster club's games will be very scarce.

SENTENCED TO DEATH. Two Men to Be Hanged and Three to Go to Prison For Twenty Years.

The murderers of "Cap" Murphy were brought into the criminal court, New Orleans, on Wednesday on a motion for a writ of habeas corpus. After the conclusion of the argument, overruled the motion, and proceeded to pass sentence upon the prisoners. In doing so he stated that the jury had displayed unmerited leniency in making up their verdict. He was convinced that Patrick Power and John Murphy had had only justice done them by the unqualified verdict of guilty, and believed that the other prisoners were equally guilty.

When asked what he had to say before sentence was passed upon him, Pat Ford responded that he had lived a blameless life until the killing of Murphy, and that Murphy had been as good a citizen as he (Ford) was, he would have been alive to-day. Judge Ford, in reply to the same question, said he had no objection to Ford's remarks, but begged that the leniency of the court for Canfield and Buckley, who had heretofore been quiet and reputable men, Buckley, Canfield and John Murphy declined to speak. As soon as sentence was passed an appeal was taken to the supreme court.

Merged in the Pennsylvania System. The Southern Pennsylvania branch of the Cumberland Valley railroad has finally been merged into the Pennsylvania railroad system.

A suit was begun some time ago by the Southern Pennsylvania branch against the Cumberland Valley railroad for the right of way through the land of the Southern Pennsylvania, running to Pittsburgh. The former road is but a branch of the latter, and a half mile in length, running from Richmond, Pa., to Chambersburg junction, where it connects with the main line of the Cumberland Valley. The franchises of the road also include about 20,000 acres of valuable iron lands.

Several Charges Against a Physician. The trial of Dr. Samuel E. Fetzer, of Frackville, near Pottsville, charged with an assault and battery on Mrs. Adela Fenstermacher, with criminal intent, was taken up before Judge Hechtel on Thursday. Mrs. Fenstermacher and Dr. A. S. Cummings, her physician, were on the stand. The offense charged that the prosecution was instituted for the purpose of blackmail. The prosecution is alleged, offered to settle first for \$2,000, then for \$1,000, and finally for \$500. The case excites a great deal of interest, and the court room was crowded.

Meeting of the Local Pharmacists. At the stated meeting of the Lancaster County Pharmaceutical association on Thursday afternoon, reports of the executive committee were received and discussed. A brief report upon the system of numbering vials and its relation to the size of the vial, was presented. Specimens of vials of the 1884 crop were handed in and the characteristic markings of the drug were briefly referred to. A number of specimens of vials, bleached by the use of a chemical solution, were shown, and the committee were favorably noted. Statements were made of the results of the use of ammonia water in the early stages of a fire.

Kicked by a Horse. Yesterday August Kummer, carpenter, residing at No. 628 South Queen street, residing up a pair of horses and drove out to the Danville pike to Michael Hoover's, near Levan's mill, to get a load of chaff. While loading the wagon, some of the chaff was blown over the horse and he was frightened by it. Mr. Kummer unbridled them from the wagon until it was loaded. He then got out of the wagon and he was kicked by the horse. Mr. Kummer is the lower part of the abdomen, injuring him so seriously as to render him helpless. A surgeon was procured and he was taken to his home in this city, where he lies in a rather critical condition. He is attended by Dr. Warren.

Items From the Ephrata Review. Jacob Miller, residing near Ephrata, was smitten with a stroke of apoplexy on Thursday last week. His left arm was paralyzed, and he is unable to move about. Fred Hassler, residing on the Horst farm, near Ephrata, was kicked by a horse on the 10th inst., making a painful gash about the left ear. There is quite an excitement in Torre Hill at present over the scramble for the post-office. Three applicants are on hand, and all expect it. Three will probably be disappointed.

Reprimanded by the Water Committee. The water committee of councils, at their meeting on Thursday evening, investigated the charges preferred against Bay Engineer Hamilton by Night Engineer Miller. The only thing proved was that Hamilton failed to report water on one morning at the time he should have reported. The water committee, by a unanimous vote, decided to reprimand Hamilton, and a public reprimand before the water committee, and it was administered by Mayor Rosenmiller.

Sued for Damages. From the Litz Record. Last summer Martin Loase sold an acre of tobacco on the patch to Bruckhart and Snavely, to be delivered when cured and stripped. Loase recently sold the same tobacco to W. P. Johnson, and after it had been delivered to the latter purchaser suit was entered against Loase by Bruckhart and Snavely. A hearing will take place next Tuesday.

Sale of Market Stalls. The use of 15 stalls in the Eastern market house for the ensuing year will be disposed of to-morrow afternoon at 2 o'clock by public outcry.

No Remission To-Day. The telegraphic dispatch received from the Chicago Times by the INTELLIGENCER announcing that a body from that city would be forwarded to Lancaster for cremation this week, has been supplemented by the following to the management of the crematorium of the shipment of the body.
