HOOD'S SARSAPARILLA. What is Catarrh? Catarrh is an inflammation of the mucous membrane, and may affect the head, throat, stomach, bowels or bladder. But catarrh of the head is the most common, often coming on so gradually that it is a long time before the nature of the trouble is suspected. Catarrh is caused by a cold, or succession of colds, combined with impure blood. The local symptoms are itching and heat in the forehead, erythema in the nose and back part of the throat, and a discharge from the nose. When the disease gains a firm hold and becomes chronic, it is Very Dangerous.

Permanent Good. "I have suffered with catarrh in my head for years, and paid out hundreds of dollars for medicine, but have hitherto received only temporary relief. Hood's SARSAPARILLA helped me so much that my catarrh is nearly cured, the weakness of my body is all gone, my appetite is good—in fact, I feel like another person. Hood's SARSAPARILLA is the best medicine I have ever taken, and the only one that has done me permanent good." Mrs. A. CURRINGHAM, Providence, R. I.

McLANE'S LIVER PILLS. THE GENUINE DR. C. McLANE'S LIVER PILLS. Celebrated LIVER PILLS! Intemperance a Disease. When the celebrated Dr. Rush declared that drunkenness was a disease, he unaccountably forgot the fact that it is a disease of the liver. The liver is the great center of the system, and the medical men in every day confirming the fact that the liver is the seat of the disease. It is frequently a diseased state of the liver. No cure in the human system when damaged, progress is more difficult, and the disease is more dangerous. And if, instead of applying remedies to the liver, the system is treated as a whole, the case physicians would prescribe with a view to the original cause, fewer deaths would result.
