

MORNING LEADER. PUBLISHED BY E. COWLES & CO. FRIDAY MORNING, JUNE 15, 1888.

PLAIN AND ORNAMENTAL PRINTING. The Leader Office is located at No. 131 Broadway, New York.

Late Foreign News. The news by the Vanderbilt was delivered in New York in 7 days and 20 hours from Southampton, quicker by 24 hours than European news has ever before been received in the United States.

The intelligence is of interest. More and more fighting in India. An extraordinary eruption of Mount Vesuvius had occurred, causing the loss of many lives and a large amount of property.

The Cleveland Post Office. Postmaster HARRINGTON has returned from Washington, this time with his commission in his pocket.

The Southern Pacific Railroad. This southern institution which the Government has fostered at the expense of other and more feasible routes to the Pacific, has been sold out and has become exclusively a Texas enterprise.

The French Inter-Oceanic Canal Project. The Convention concluded between the Government of Costa Rica and Nicaragua on the one part, and Felix Belly, acting on behalf of Millard & Co., of Paris, on the other, relative to the concession of an inter-oceanic canal by the River San Juan and Lake Nicaragua, is dated May 1st.

The Lachine Rapids, near Montreal, were the next. Here the Canada again struck. The rocks here are exceedingly bold, and present a rough and rugged surface, but were passed in safety, and in a short space of time the vessel and her bold mariners glided placidly and exultingly through the abutments of the Victoria Bridge.

The Missouri, at Kurak's Landing, is covered with water to the extent of four feet. The river is still rising here, and there is every prospect of a serious overflow.

Independence Day is to be commemorated in this city with unusual pomp and display. Salutes, Procession, Oration, Regatta, Fireworks, etc. The 4th is to be the day of days.

Our Akron neighbors will celebrate on the 3d in the old grand style. Dr. J. D. Collins, President of the day; Big Gen. Barnhart, Marshal; B. White, Esq., of Cleveland, and Dr. J. C. Caly, German, Orators. Procession, big guns, music, and fire works.

Our Warren friends have also made arrangements for a Grand Celebration—Salute, procession, oration, dinner, toasts, songs, speeches, a balloon ascension, and fireworks. Old Trumbull will crowd Warren should the weather be propitious.

The City of Mansfield will celebrate with great spirit. A crowd of several thousand Richlanders will assemble, and the Hon. D. K. Carter, of this city, will give them a Fourth of July talk bearing.

The first session of the 35th Congress is closed, but the confusion incident to the last hours renders it somewhat difficult as yet to know precisely what was finally done, and what left undone.

The case of Orson Stone against Barney Daniels, Treasurer—a suit brought to enjoin the collection of a school house tax—is one of some interest to school boards and tax payers.

The Board of Education of York had sought to discriminate in levying a school house tax, and levied a tax of \$400 on the district No. 1 building a school house therein.

The condition of the Southern Pacific Railroad may therefore be said to stand, so far as the Pacific coast is concerned, on a firm basis.

One of the Verobles! Virginia can turn out about as many venerable patriarchs of color who have been some way associated with the great WASHINGTON, as distinguished F. V. One of Gov. Wise's venerable and venerable old-shins called yesterday, a specimen of the true Virginia old school.

MAV MURDERED BY HIS WIFE—Buffalo had got a sensation case Wednesday morning a woman named Hannah Long pushed her husband into the old Packet Dock and drowned him.

MAHONIC FESTIVAL AT PAINEVILLE.—The programme of the Dedication of the new Masonic Hall and Celebration on the 24th of June, indicates a large attendance of the "Brothers of the mystic tie," and an interesting Festival.

PUBLIC DINNER.—The Spirited Republicans of Lake county propose to tender a Public Dinner to Messrs. Giddings, Senator Wade, and Representative Wade, to come off at Painesville on Saturday, July 3d.

DROWNED.—A very sad occurrence took place at Dexter, Michigan, on the 15th. Mr. Henry Phelps and his grand-son Noah Phelps, drove into their Haron river to water the horse, when getting in too far the current swept the buggy down, and both persons and the horse were drowned.

INHERITANCE IN HAMILTON COUNTY.—At the present Court term in Cincinnati, the Grand Jury found fifty-one bills of indictment. Among them were ten against dealers in lottery tickets, and five against faro dealers.

SEVERAL FIRE AT FERRYONT.—The morning of the 16th a fire broke out in the Tyler Block on Front street, and the wooden building burned rapidly. The greater portion of the goods were removed from the stores, but in a damaged state.

WARREN CORRESPONDENCE. A Fugitive Slave Escapes—Lynch Law.

WARREN, June 15, 1888. EDITOR DAILY LEADER.—Quite an excitement sprang yesterday morning in our quiet little town, about a fugitive slave. Some of our citizens learned yesterday morning that a fugitive from Missouri passed through our village Sunday afternoon, with the owner and Marshal in close pursuit, and much commotion and feeling ensued.

It seems that the owner met the fugitive near Youngstown, but feared to attempt his arrest alone. He then went back to the village, where Francis Barely, Esq., who is placed a warrant of some kind which was issued in the hands of Calvin Predmore, a marshal, constable, or slave catcher, and armed with a document, the owner and officer made pursuit.

The fugitive, as they supposed, came to Warren, and they came here, stopped at a hotel, and began to look around. They were soon seen in conversation with a colored man of suspicious character, and presently went to the hotel, took their horses and pursued the fugitive west from Warren on the Bryena road. These facts became known, and an inquiry was made into the case by the other colored people here, and it was found that the fugitive came to this town in company with a colored man by the name of Ben Scott, who sent him west upon the railroad track; that afterwards, and in but a short time, the owner bribed Scott to give information of the course of the runaway, and they took the county road for several miles running beside the railroad, and then turning to the right, making a meaning that he received \$50 for the information.

Yesterday morning the colored men here took Scott by force before the Town, upon the Rail Road track, and there gave him a very severe whipping. He then came to town and tried several attorneys for assistance, who all refused to give him any, save one. But Scott was given to understand that severer measures would be resorted to if he did not make him a very severe Judge Lynch would pronounce a severer judgment than what would be agreeable, he gave walking bail and has not since been heard of.

It is rumored last evening that the fugitive was caught between this town and Leavenworth, and as a not distant, and fearing that he would be taken to the penitentiary, he fled to the west, and is now in the hands of the law; but the outrage of Scott upon the laws of hospitality, humanity and liberty, and the perpetration are amenable to the laws of the land, and a vindication of their sense of the wrong and outrage.

It is to be hoped that the blood hounds yet be foiled in their pursuit of human game. Our Court of Common Pleas commenced its session yesterday—Judge Foster presiding.—Everything is moving on in the usual manner. Yours in haste, J. H. HARRIS.

Col. Kane, who has earned the proud title of the "Peace Maker," was at the Burnet house last evening. He arrived on the St. Louis train and left immediately for the East. The close of the Marmon war is due to the fact that the Government has been so far from successful in its operations, and that it has directly asserted to the Government many millions of dollars, in the name of the Government, and has received five thanks, but has been greatly slandered. Whether any private citizen ever accomplished so much for his country and for humanity, so quietly, may be a question. We do not remember a parallel in the service that he has performed.—Cin. Com. 17th.

THE CROPS.—We receive cheering reports of the crops in different parts of this county, withstanding the late heavy rains. The wheat is coming forward rapidly, the oats which were sown early, on rolling land, or sandy soil, look well, while the prospect of the corn crop, was never better. Considerable grain is planted, but it is raining much more ground would have been put in, had there been less wet weather.

MARKETS.—Wool is coming in freely, selling from 25 to 35 cents per pound. The price of the right of ten cents each, last week's prices. Cheese has not yet made its appearance, in quantities, and like wool, is selling at lower prices than last year, bringing from 54 to 63 cents per pound.

Butter has declined, and was selling yesterday for 12 1/2 cents.—Trumbull Chron June 16th.

A number of the officers detailed to the Lake Superior, have arrived in this city and are awaiting further orders as to their destination, from head quarters. The outgoing letters are being put in commission as rapidly as circumstances will permit. The points on which letters were sent, are to be satisfied have not yet transpired.—Sandusky Register.

HORSE STOLEN.—S. W. McClure, Esq. of Cuyahoga Falls, while here last evening, attending Court, had his horse stolen. Nothing has yet been learned relative to him. Fifty dollars reward is offered for the recovery of the horse or thief.—Median Gaz.

MARRIED. In Columbus, June 10, FRANKLIN and Miss ANNIE, both of this city. In Newark, June 9, W. T. HARRISON, of Newark, and M. T. BARKS, of Newark. In Columbus, June 10, J. H. CALDWELL, to Miss J. Jones, all at Edinboro.

DIED. In Middlebury, on the 21st, ALANSON KENT, a native of this city. The deceased was a native of Massachusetts, and for many years resided at Canfield, Ohio. In Canfield, June 11, Mrs. ANNA WILDMAN, aged 78 years. Her decease was due to a long illness.

THE PACIFIC RAIL ROAD. The Admission of Kansas with a Constitution framed by her People. The Abolition of the Franking Privilege. The Modification of the Tariff.

It is probable that Mr. Ten Broeck knows what he is about, and so some of the English sporting gentlemen think. At the Epson meeting the American colt Babylon ran a hundred yards behind until he came nearly to the end of the race, and he was then rushed up close to the other race. The London News suggests that this style of running was intended as a ruse to throw dust in the eyes of the handicappers for some future and more important event. Mr. Ten Broeck has two nominations for his horses in the Goodwood Cup, besides the following: June 1st—Ascot. The Royal Hunt cup of \$1,000 in value, with \$500 added in specie, one mile. Babylon. June 18th—Winchester. Hampshire stakes. Prices.

June 23rd—Newcastle-on-Tyne. The Free Handicap, three quarters of a mile. Painesville, August 19th—York. The Chesterfield Handicap, one mile. Painesville and Boston. August 20th—York. Great Ebor Handicap Stakes. Prices.

Not a Candidate.—The Republican sentiment of New York has had its finger on Lieut. Gov. H. R. Selden as the next candidate for Governor, and some of the conductors of the press have raised his name. In a note to the Albany Journal, Mr. S. declines being a candidate for Governor, and says that the article in the Brooklyn Republican nominating him "is so laudatory that with my face in a glass since."

A TRAY CHALLENGER.—Messrs. A. & C. Hubbard, of Medina, owners of the stallion Emperor, have challenged H. Sykes, of Hancock, to trot his Morgan Horse for \$500 a side, half furlong, with Emperor, mile heats, best three in five, to harness; the race to come off at the Cleveland track, any time at four weeks notice, and to be governed by the rules of the N. Y. Union Course. Proposition to be held open to the 20th of July.

Lake Erie Run.—The water in the Lake is lower than it has ever been before within the memory of the "olden inhabitants." It is almost everywhere above the water level of the road track near the "Arcole Warehouse," and there are but few places where access can be had to the docks along the river except through the water.—Painesville Tel.
