

NED KNOX ON ELECTIONS.

'I say, sherrif! for the people,' said Ned Knox on Monday night—and I say sherrif for elections too. Fellars talk of inventions, of locomotives, of light-min' reds and 'rectrifyin' machines, and all that, but them ain't nothin' compared with 'lections. 'lections is the greatest invention of the age, and Congress ought to give the man what foot made the model of them a patent right, reew'able, forever. I admit that the principle might be improved; a fellar with a genius could make it to move along with the mightiest spirit of the age, as Bill Brown, the candidate for the Legislature said. Now, if I was engineer of the concern, I'd clap an steam—I'd fire up, I tell you, you wouldn't get me to stop the engine, no way you could fix it, I'd never stop the wood, nor take in passengers, I'd hold the perpetual 'lections—and then a fellar 'ud get hi liquor grains all the time, and could go to the chosen candidate's door ev'ry night. Besides, these perpetual 'lection 'ud have more influence on the manners of the people than an act would if one was to pass Congress to inculcate the principle of politeness. Talk of the people being free and equal!—well, folks that want somethin' to talk about may talk of it, but it's all talk and no toddies, men ain't never free and equal but at 'lection times. 'lections, like orders of enlistment, brings all men to the same standard—them that ain't got no vote are too low for the service, them that's too aristocratic are too high for the ranks, and won't get command. Therefore, I say again said Ned Knox, 'sherrif! for 'lections.'

'Easy, silence,' said the watchman, who at a distance heard Ned's dissertation on election, and took him to be a Millerite holding forth. 'Silence, I is the guardian of the peoples lives and properties, and it would be violation of my duty, 'ordin' to the corporation ordinance, to let you frighten folks out of their lives or cheat them out of their property.'

'Shut up,' said Ned. 'I doesn't care if you was sideman—I'm a independent woter.'

'Well, and what if youb,' said the watchman, 'the poles are now closed.'

'Who cares,' said Ned, 'I'm like a bill before the House—I'm open for discussion.'

'Then I moves,' said the watchman that you're referred and taken up before the Recorder to-morrow morning.'

'I calls for the yeas and nays,' said Ned.

'The question, is carried,' said the watchman, and he carried Ned Knox off to the watch house, reported progress to the officer of the night and instead of asking leave to sit again, went and took his s.a.n.d.—Picyane.

From the Hartford Times. DEMAGOGUEISM.

Henry Clay has published a letter, declaring that he will not stump the people any more, till after the presidential election at least. It would place the man in sad plight, were he to stump it through the Northern States, so soon after making many low larif speeches at the south. This is the reason that cal ed out this letter. It could not have been an account of the Baltimore nomination, for he broadly intimates in his letter of acceptance, that he was previously nominated by the people, and his advocates claim as much. If then, it was proper for Mr. Clay to make electioneering speeches at the South, after he was nominated by the people of his party, it is less so, since his formal nomination by their delegates? Certainly no, and it is a fear of being forced to cross his own tracks that now induces him to stop where he is.

New Map of Ohio.
The subscribers propose publishing a new edition of their map of the State of Ohio. This Map is compiled from the Surveys in the Surveyor General's Office at Cincinnati, in part by Mr. Samuel Morrison, whose skill as a draughtsman, experience and knowledge are fully attested, not only by the present Surveyor General, but confirmed by the certificate herunto attached, of Robert T. Lytle, Esq, the predecessor of Mr. Haines: and will exhibit the sections, fractional Sections, Virginia Military Surveys, principal roads, Public works and contemplated public Improvements, together with the Lakes, Rivers, Indian Reservations, counties, Towns, cities and villages, which will be laid down with the greatest possible accuracy. There is no doubt that this map will contain the most minute and authentic information of any state map ever published. One of the proprietors has visited every county in the State, for the purpose of gathering every information requisite, to insure correctness. This fact of itself will necessarily give assurance to those who may purchase the map, that for real utility, it must be correct; but without the advantage of the personal inspection and labor that has been bestowed exclusively on this.

The size of the map will be between 4 and 4 feet square, neatly colored in counties, mountains and water; and sold to subscribers at the low price of six dollars. Agents or companies taking ten copies, will be allowed a deduction of forty per cent.

DOOLITTLE & MUNSON.
I have examined and map publishers, Cincinnati the public surveys in this office by Mr. Morrison, Messrs. Doolittle & Munson, whose duty is to publish a sectional map of the state of Ohio, and so far as they relate to the public Surveys, they are correct. ROBERT T. LITTLE, Surveyor General of Cincinnati. August 9, 1841.

The People's Medicine.

The pleasantest, cheapest, and best in the world. SHERMAN'S MEDICATED LOZENGES. SIX YEARS of extensive use, and the consumption of over One Hundred Tons, has placed their reputation far above every other preparation. The demand is constantly increasing, and agencies have been established in every inhabited part of the world. While many articles are popular for a season, and are then forgotten, Sherman's Lozenges are admitted to use with increasing reputation as standard remedies. When such physicians as Rogers, Mott, Vanderpool, Kizsum, Ludlow, and nearly all the respectable part of the faculty—when such clergymen as the Rev. Sebastian Streeter, Rev. Mr. Hancock, and scores of others are the best medicine in use none can hesitate to admit their value.

CHILDREN DIE FROM WORMS, after months of great suffering, when one box of Sherman's Worm Lozenges would have cured them, and saved their lives. Many are thus afflicted and are doctored for something else, without the least relief. Even adults are thus troubled, and very commonly too. The following symptoms may be considered as usually attending them—Pain in the joints or limbs, offensive breath, picking at the nose, grinding of the teeth during sleep, and times a paleness about the lips with flushed cheeks; bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertigo, torpor; disturbed dreams; sudden starting in sleep with fright and screaming; sometimes a troublesome cough; feverishness; thirst; pallid hue; fits; bad taste in the mouth; difficult breathing; pain in the stomach or bowels; fatigue; nausea; squishiness; voracious appetite; leanness; bloated stomach or limbs; gripings; shooting pains in various parts of the body; a sense of smothering rising in the throat; itching of the anus towards night; a frequent desire to pass something from the bowels; and sometimes discharges of slime and mucus.

The Half Orphan Asylum in New York has used Sherman's Lozenges for Worms, in hundreds of cases, and they never have failed to bring away the worms and cure the children; they have also used Sherman's Cough Lozenges for coughs, whooping cough, croup, and most diseases of the lungs with the greatest benefit; and Sherman's Poor Man's Plasters, for pain or weakness in the sides, back, or breast, and rheumatism.

The Hon. B. B. Beardley saved the life of one of his children by one box of these worm lozenges. Dr. Hunter knew a young lady, supposed on the brink of the grave, from a decline cured by Sherman's Worm Lozenges.

Capt. Coffin, of Nantucket, saved the life of his little boy, by only two doses; he was wasted to a skeleton, and the doctors knew not what was the matter. The cases where these lozenges have cured are truly surprising and wonderful. They are the only infallible worm destroying medicine ever discovered. Near one million and a half of boxes are sold in one year.

Headache and Seasickness. Expulsion of the heart, looseness of spirits, and nervousness, are immediately relieved by Sherman's Camphor Lozenges. Persons traveling or attending crowded parties will find them to relieve all fatigue and give buoyancy to the spirits. After a night's dissipation they dispel all those unpleasant sensations so usually following the too free liver. Temperance people will find them soothing to the disturbed nerves of their new converts. The most distressing headache yields to these lozenges in less than ten minutes. The over fatigued mind or body cannot find so great relief from any other article.—Capt. Chadwick, of the Packet ship Wellington on the J. W. Cochran, Esq., the inventor of the many chambered cannon, His Excellency John Tyler, Joseph B. Nones, Esq., Rev. Dr. Allen, W. H. Artice, Esq., Editor of the New York Herald, and hundreds and thousands of others, who have experienced relief from them can be referred to as their great value. Scarcely a ship leaves New York without a supply of Sherman's lozenges; and they are now principal articles in the medicine chests of our ships of war. G. W. Dixon, the celebrated pedestrian, was enabled to walk 72 hours without sleep or rest, by using these lozenges.

Many writers have been enabled to follow up their mental exertions for a great length of time by the invigorating properties of these lozenges; and many have accomplished long and tedious journeys with comparative ease, by an occasional use of these life-preserving and invigorating articles. Sherman's Cough Lozenges. For coughs, colds, consumption, whooping cough, tightness of the chest or lungs, tickling in the throat, looseness, asthma, and cough attending most ailments, are not only the pleasantest but most efficacious medicine that can be used.—They allay all irritation, promote expectoration and act as a healing balm to the lungs. Jonathan Howarth, Esq., the great temperance lecturer, was supposed to be on the brink of the grave with consumption, brought on by sleeping in damp sheets; nothing gave him relief till he tried Sherman's Cough Lozenges.—Leonard Rogers, Esq., aged 96 years, a revolutionary hero of two wars, has been cured of a consumptive cough by Sherman's Lozenges. The institution for aged indigent females has used Sherman's Lozenges with the greatest benefit. When the old ladies have a cough, few of the Cough Lozenges cure the, in

Sherman's Poor Man's Plaster.

Only 12c cents, and warranted better than all other Plasters for curing rheumatism, lumbago, pain of weakness in the side, breast, back, or any part of the body, worn on the lower part of the spine, they cure the piles; draws corns out by the roots in about two days. These are the cheapest and best plasters in the world; Many persons would not be without them for as many dollars as they cost cents. They are spread by machinery, and the enormous quantity of over one million is sold every year. Rich and poor, high and low, all ages and conditions use them. They afford such quick and astonishing relief that some call them the Magic Plaster. J. W. Hoxie, Esq., Mr. Michael Martin, George D. Strong, Esq., J. B. Cromwell, & a multitude of others, who have experienced such great and decided benefit from the genuine Sherman's Plaster, might be referred to. Caution is necessary. See that you get the genuine Sherman's Poor Man's Plaster. Printed directions are on the back of each plaster, with a facsimile of Dr. Sherman's name. Many spurious and worthless imitations are about; they should always be avoided—trust none but Sherman's; his is sure to cure, and he also possesses the secret of making it.

These medicines are for sale at Georgetown, by D. J. Stewart, Feeseburg, Daniel Trout, Hamersville, W. B. Wright, Russelville, Lambert Nowland, Ripley, Ridgway and Credit, Decatur, Thomas and West, Fairview, Robert Patten, Eckmanville, John Morrison, West Union, Wesley Leach.

STAINBURN'S VEGETABLE EXTRACT ANTI-BILLIOUS PILLS

are the best anti-billious medicine ever used! They are strongly recommended to all those who are suffering with bilious fever, fever and ague, sick headache, &c., as being an infallible and never-failing remedy. The Stainburn Pills have also been found eminently beneficial in the following complaints: Liver complaints, rheumatism, piles, dropsy, asthma, dyspepsia, enlargement of the spleen, heartburn, female obstructions, incipient diarrhoea, loss of appetite, habitual costiveness, distension of the stomach and bowels, flatulence, furred tongue, nausea, colic, jaundice, bloated or sallow complexion, and in all cases of torpor of the bowels where a pure aperient or cathartic medicine is needed. From the fact of their being formed entirely of extracts they are not unpleasant to take; particularly mild in their operation, producing no griping or nausea of the stomach, and still all powerful to eradicate Diseases and purify the blood and fluids.

The following is from an eminent Physician in South Carolina:—'Gentlemen:—I have made much use of your vegetable Extract Pills in cases of Billious Fever and obstinate constipation of the Bowels, and have found them singularly beneficial; I have also prescribed them in cases of General Debility, Sick Headache and Dissipated Livers; and have found them to be a safe and very efficient medicine.'

'Extract from a letter from Mr. Holmeby, of Maine:—'Dear Sir:—I am in want of another supply of your Pills, and hope you will send them right off, as I have not a box on hand, and many of my customers are very anxious to get them. I am happy to inform you that your intestine medicine has done a world of good in this town, many of our neighbors who have been complaining for years past of Dyspepsia, Costiveness, and Bilious Attacks, have, by the use of your Extract Pills, become quite well and hearty—you had better send me twice as many as you sent me the last time, by way of Portland.'

Believe me, respected Sir, yours, J. HOLMEBY. This valuable medicine is sold in boxes, containing thirty pills, at 25 cents per box. By D. J. Stewart, Georgetown.

NATHANIEL GLAZW.
The Citizens of Brown county, who are laboring under diseases arising from impurities of the blood—should ever despair of being brought to a sound state of health until they have tried Wright's Indian vegetable Pills. They are the most efficient medicine ever introduced to the public for all diseases arising from impurities of the blood. Wright's Indian Vegetable Pills will always prove an easy, safe and efficient remedy. In the following diseases: Billious intermittents, remittent & inflammatory fevers, fever & ague, jaundice, cholera morbus, nausea, liver complaint, habitual costiveness, dyspepsia, dropsy, apoplexy, sick headache, colds, coughs, consumption, asthma, & all diseases arising from impurities of the blood. It should be remembered, when the thermometer stands at ninety degrees in the shade, that the process of digestion is performed with such extreme languor, that our food instead of being speedily dissolved and converted into nutriment for the body, often becomes actually spoiled, or putrid in the stomach. Hence bad breath, disagreeable taste in the mouth, cholic, pain, dysentery, cholera morbus, INFLUENZA, and other diseases. Wright's Indian Vegetable Pills are a certain cure for all the above dangerous complaints; because they cleanse the alimentary canal from all those bilious and putrid humors which are the cause, not only of all disorders of the bowels, but of every malady incident to man. They also aid and improve digestion and purify the blood, and therefore give health and vigor to the whole frame, as well as drive pain of every description from the body. It should be remembered, all genuine medicine has Wright's Vegetable Pills neatly printed on the sides of the boxes and that if the word Wright's cannot be found, all is positively wrong. AGENT for the sale of the above named Wright's Indian Vegetable Pills, at Georgetown D. J. STEWART. A. J. STROUSE, Higginsport. N. L. NOWLAND, Rus. Clville. SILAS THOMAS, Decatur. July 23d, 1843.

Brown Common Pleas.

H. P. Irving and others Guardian of heirs of Margaret Jones vs. Margaret Jones & heirs. Petition to sell land. THE petitioners have this day filed their petition in the Clerk's office of the above named Court, stating that their wards, heirs of Margaret Jones late of Buck's township county of Virginia dec'd, are the owners of 197 acres of land in Brown county Ohio, part of survey No. 1163 on Straight creek; and praying said Court to authorize said Guardians to sell the same—because it is necessary for the maintenance, and in the benefit of said wards. At the next Term of said Court the petitioners will ask for orders accordingly. HAMER & JOHNSTON, Sol's. for Pet'rs. May 15th, 1844.—Gw.

TO HOUSE KEEPERS.—"C," in the Gazette recommends that milk should be placed in glass vessels, with glass covers, to keep it sweet through a thunder storm—has tried it effectually. Doubtless this will be a matter of much importance among housekeepers, and worthy of their trial.

THE FLOOD.—The St. Louis Report of the 23d says: "The river rose very slowly yesterday and was nearly at stand in the evening. The Missouri and Mississippi above are falling rapidly—the Ohio is rising rapidly. From all that we can learn, the plantations below us, on the low lands, will be materially injured. Indeed, the whole lower Mississippi will, without doubt, suffer severely, from the sudden rise in all the rivers above. Steamers at our levees are discharged with great difficulty, the levee being under water, and the lower floors of many of the stores on the war inundated. The river opposite St. Louis is now about nine miles wide."
