

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC

There has long existed a public demand for an active purgative pill which could be relied on as a perfectly safe and effective medicine. This has been prepared to meet that demand, and an extract of the virtues has conclusively shown with success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make one which will be perfectly safe and effective. It is manufactured by the present proprietors, D. T. Leman & Co., with improved machinery, from the choicest and purest vegetable, and is warranted never to ferment, or undergo any chemical change in the warmest climates.

PROOF POSITIVE!
It is allowed by the unanimous opinion of the Physicians, by experimental proof, and every form of evidence which can give authority to public statements, to be the most powerful and safe.

REMEDIAL AGENT FOR
Scrofula, Consumption, Liver Complaint, and all ulcers, eruptions, pulmonary and bilious diseases, active directly upon the system, and neutralizes the virus, which generates cutaneous and glandular affections, imparts new vitality to the system of life, and restores the vitiated secretions to a healthy condition.

BRISTOL'S SARSAPARILLA is invaluable for the cure of the following diseases: Gonorrhoea, Dropsy, General Debility, Barrenness, Dry Eruptions, Indigestion, Bowel Complaint, Erysipelas, Neuralgia, Consumption, Liver and Spleen, Scrofula, Cancer, Female Complaints, Salt Rheum.

SOLD BY
D. T. LEMAN & KEMP, WHOLESALE DRUGGISTS, 65 WATER ST., NEW YORK.
And by all Druggists, at \$1.00 per Bottle, May 7, 1857.

THE PERFUME OF THE WESTERN HEMISPHERE

JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS.
Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL,

For the rapid cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidence of its virtues in any community where it has been employed. It is the best remedy for the lungs, and its superiority over every other medicine of its kind is so apparent to the common eye, that it is not necessary to know the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. It is equally efficacious in all attacks upon the lungs, but for the milder varieties of COLIC, COUGHS, HOARSENESS, &c.; and for CHRONIC BRONCHITIS, and other pulmonary affections that can be cured.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality and its safety. It is a household remedy, and the genuine article is sold by

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untold article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale are maintained by a steady preparation of its merits. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietors, and to be had of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

The Medicine of the Million

PHILOSOPHY AND FACT.
HOLLOWAY PILLS
THE EXCITING CURE OF SICKNESS.
The blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and ligament. The Stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its production is expelled. Upon the stomach, and the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.
Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

THE QUANTITY AND QUALITY OF THE BILE are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities and effectually curing Jaundice, Bilious Complaints, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.
Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhoea, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A SPECIALTY TO FEMALES.
The local debility and irregularities which are the especial annoyance of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:
Anemia, Diarrhoea, Indigestion, Stone and Gravel, Headache, Intermittent Fevers, Gonorrhoea, Dropsy, Inflammation, Secondary Syphilis, and Inward Weakness, Constipation, Ague, and Venereal Complaints, Female Complaints, Wounds of the Heart, Dropsy, and all the diseases of the Liver, Chest, and Lungs, and all the diseases of the Blood, and all the diseases of the Skin, and all the diseases of the Nerves, and all the diseases of the Brain, and all the diseases of the Spinal Cord, and all the diseases of the Muscles, and all the diseases of the Bones, and all the diseases of the Joints, and all the diseases of the Organs, and all the diseases of the System, and all the diseases of the Human Race.

FOR THE SPEEDY CURE OF
Coughs, Colds, Influenza, Group, Hoarse-ness, Bronchitis, Diseases of the Bowels arising from Cold, Incipient Consumption, and for the relief of (if at all possible) cure of Patients in advanced stages of the latter disease.

Catarrh, or common Cold, as it is familiarly called, is worthy of study, and serious concern to be avoided, if possible. Dr. Bell says: "I will not say that Colds are to be considered as trifling, but I can aver confidently that they are the source of greater complexity and mortality than these latter."

In the danger of Bronchitis and Pneumonia, which often follow the use of neglected colds, and in Phthisis Pulmonalis, the tubercular irritation of which is developed by the same cause, we surely have proof and argument sufficient for attention, not only to the preventive means, but also to the curative ones of a disease, which, if neglected in its inception, is directly or indirectly productive of such diversified and alarming results.

This lesson should be particularly impressed on those who have any constitutional tendency to Pulmonary Consumption.

The use of the Balsamic Cordial, agreeably to the directions accompanying each bottle, will readily cure the most distressing case of cough.

Coughs sometimes proceed from a disordered or dyspeptic state of the stomach, in which case the German Bitters should be used. In cases of weakness, or general debility of the system, resulting from protracted cough, the German Bitters will be found of great benefit.

In cases of acute Inflammation of the Lungs, the prominent symptoms generally are—hurried and painful respiration, imperfect articulation of the blood, cough and expectoration, attended with excitement of the heart, fever, various derangements of the digestive and urinary systems, prostration of strength, &c. The lungs may be diseased without any of these symptoms being prominent, but the utmost produced during inspiration and respiration, and the alternate contraction and expansion of the chest, evident to both sight and feeling, all furnish most important physical signs in case of disease, and should receive prompt attention.

This disease is usually caused by a cold settling on the lungs, and the use of the Balsamic Cordial soon performs a cure.

The terrible fatality of diseases resulting from a "common cold" may be seen by a glance at the following statistics, taken from the records of the Board of Health of Philadelphia, in the winter of 1857-58, and showing the extent of the disease, and the mortality in the Union:

1857. Total deaths in Phila. 10,361
Died of Consumption, 1,912
" " all diseases, 8,449

1858. Total deaths, 10,961
Died of Consumption, 1,895
" " all diseases, 9,066

1854. Total deaths, 11,144
Died of Consumption, 9,686
" " all diseases, 11,814

From these figures, it will be seen that nearly one fourth of the total deaths in the country are caused by consumption, to say nothing of the numerous other diseases springing from a "slight cold."

The proprietors are in the possession of certificates showing that the Balsamic Cordial has effected cures where all other remedial means have failed. Give it a trial.

The invaluable medicines are prepared and sold by Dr. G. M. Jackson, 418 Arch Street Philadelphia, and are for sale by druggists and storekeepers in every town and village in the United States, Canada, and West Indies.—Price 75 cents per bottle.
