

The Trumbull county Chronicle announces that the post office at Champion, in that county has been discontinued. The reason assigned for it is that Mr. Woodrow, the postmaster, is a Republican, and because there does not appear to be any Leocompton Democrat living in a convenient location who is willing to take the trouble of accommodating the people of champion by acting as postmaster, the office is discontinued. The Union must be preferred.

This is a purely vegetable compound, prepared on scientific principles, after the manner of the celebrated Holland Professor Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.  
It is particularly recommended to those persons whose constitutions may have been impaired by the use of spiritous and other liquors, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor into the system.  
**NOTICE.**—Whoever expects to find this a beverage will be disappointed; but to the sick weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.  
**CAUTION!**  
The great popularity of this delightful Aroma has induced many imitations, which the public should guard purchasing. Be not persuaded by anything else until you have given Boerhave's Holland Bitters a fair trial.—One bottle will convince you how infinitely superior it is to all these imitations.

**THE CLEVELAND**

**WOOL DEPOT,**  
Established in the Winter of 1854.  
HAS been in operation over four years, during which period, though its progress has been impeded by the adverse years of 1854 and 1857, the probability of the plan has been clearly demonstrated. That the house affords superior advantages to the WOOL GROWERS OF THE WEST as a medium for passing their wools into the hands of the manufacturer, is now no longer a question. But although a very large number of wool growers have availed themselves of these advantages during the last four years, yet, surprising as it may appear to many, our receipts have been larger from Merchants and Wool-buyers than from Wool-growers, and this may be accounted for mainly from the fact, that, as a class, Wool-growers have been more easily influenced and misled than the former, by the statements of a few operators who are wholly opposed to all efforts having for their object the systematizing of the wool trade, or the enhancement of prices to the producer.  
The past year, characterized as it has been by the most disastrous financial embarrassments, has been one of the most unfortunate for wool-growing and manufacturing sales of wool, and the fact that the enterprise has been so remarkably successful, notwithstanding these disadvantages, and given almost universal satisfaction to consignors, should, we think, inspire sufficient confidence to induce large consignments from wool growers.  
To those who have been prejudiced by false rumors, and who have manifested a want of confidence we have frequently made advances equal to the price they have been offered for their wool. Such advances, however, should not be regarded, as the enterprise was started for their benefit, and this object has been steadily kept in view, and we hope the encouragement will be such as to enable us to continue our efforts. Indeed, wool growers, particularly the present year, cannot afford to do without such inducements and facilities as this House can extend to them.  
This year must be a peculiarly favorable one for wool growers to test the merits of the Wool Depot system, and we hazard nothing in assuring those who are disposed to consign to us, that they will avail themselves of it.  
**BETTER PRICES**  
than they can obtain by any other method, and would, we trust, become permanent friends of the enterprise. At this House, the  
**Wool is Closely Classified!**  
Into different styles and grades, thus rendering it more attractive to the manufacturer, who frequently does not wish to purchase mixed lots. Here he can obtain the particular grade of wool adapted to the quality of goods he manufactures, and thus can afford to  
**PAY 3 TO 5 CENTS A POUND MORE**  
than under the old system of employing agents and sub-agents to traverse the country to procure his stock. Here he can find uniform grades, which are so well known to Eastern Manufacturers, that the only expense attending their buying is a letter or telegraph dispatch, ordering any particular grade and quantity.  
To those who wish to consign Wool to us, we will forward sacks, by express or otherwise, numbered and marked so that no other direction would be required to have the Wool reach us.  
**WOOL TWINE**  
For tying up wool, will be sent to those ordering, at Manufacturers' prices.  
To show our confidence in the future Wool Market, we propose to make more liberal  
**CASH ADVANCES!**  
than heretofore, if desired.  
Hoping to receive a more extended patronage from the wool-growers and Merchants of the west, we promise undivided attention to their interests, and remain  
Very truly, &c.,

**HOWARD ASSOCIATION.**  
PHILADELPHIA PA.  
A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with virulent and Epidemic diseases.  
All persons afflicted with Sexual Diseases, such as Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis the Vice of Quinsim, or Self Abuse, &c.  
The Howard Association, in view of the deplored cases of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their forms; and to give Medical Advice gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish medicines free of charge. It is deemed to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.  
The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent activity, have been of great benefit to the neglected, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but, much despised cause.  
Just published by the Association, a report of operations, testimonies, criminal Weakness the Vice of Quinsim, Masturbation or Self Abuse, and other diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed letter envelope) free of charge, on the receipt of two stamps for postage, or the receipt of treatment. **AUGUST APPOINTMENTS.**

Dr. L. V. Pierce will be in the following places remaining but one day in each place.  
Youngstown, Union House, Tuesday Aug. 17.  
Warren, Gaskell House, Wednesday August 18.  
Canfield, Bowditch House, Thursday August 19.  
Massillon, Fugate House, Friday August 20.  
Columbiana, Widow Stearns House Sat. & S. August 21 & 22.  
New Lisbon, Watson House, Mon. August 23.  
Wesleyville, Whitacre House, Tuesday August 24.  
Hanover, Ickes House, Wednesday August 25.  
Minerva, Yinging House, Thursday August 26.  
Carrollton, Patton House, Friday August 27.  
Marblehead at the Public House, Sat. Aug. 28.  
Newtownville, American House Monday Aug. 29.  
Vienna, William House Tuesday August 31.  
Dr. Pierce would inform that he is ready to receive calls from all persons who are afflicted with diseases in the most complicated, as well as the most simple form; and as he has had the most perfect success in relieving the sufferings of those who have applied to him, he flatters himself that persons seeking his advice, will never regret it, and after following his mild prescriptions, will not complain of diseased teeth or relaxed constitutions from the effects of medicine given in great doses without a thought of the future happiness and health of the patient.  
Dr. Pierce thinks a small quantity of medicine properly administered, with the advice which he can give in regard to diet, exercise, &c., will, if strictly followed, build up rather than undermine the constitution of those who are already attacked with disease.  
Those persons desirous of consulting a Physician, who do not wish to call upon Dr. P., as he will charge nothing for advice, or for attending to call, should call early as possible, as the time is limited, and the appointments will be practically kept as above. June 3, 1858.

All persons afflicted with Sexual Diseases, such as Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis the Vice of Quinsim, or Self Abuse, &c.  
The Howard Association, in view of the deplored cases of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their forms; and to give Medical Advice gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty, to furnish medicines free of charge. It is deemed to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.  
The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent activity, have been of great benefit to the neglected, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but, much despised cause.  
Just published by the Association, a report of operations, testimonies, criminal Weakness the Vice of Quinsim, Masturbation or Self Abuse, and other diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed letter envelope) free of charge, on the receipt of two stamps for postage, or the receipt of treatment. Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa. By order of the Directors. GEO. FAIRBANKS, E. G. HEARTWELL, Secretaries.

**THE LITTLE GIANT**  
Patented in 1854. Improved in 1856.

**CORN AND COB MILL,**  
With Triple Sets of Crushers and Double Grinding Surfaces.

The unparalleled success of the Little Giant during more than three years, time, induce the Proprietors to consider it no longer an experiment, but a permanent and most decided "Institution." Its value to Farmers and Feeders became patent at an early period of its existence, and the demand for it was commensurate with its excellence. Like all other articles however, of sufficient merit to attract attention, it was soon beset with a crowd of opposers and detractors and imitators, all eager to see themselves in the sunshine of its reputation, and fall on its hard-earned fame. Met and vanquished at one point, they sprang up in another, with as much vitality, apparently, as if possessed with the nine lives of the cat. There is not one of the Little Giant's imitations which it has not beaten, whenever and wherever a fair test and trial has been obtained; and not one that dare meet it fair and square in trial of merit at this present time.  
At the State Fair of the following States, the past season, the First Premium was awarded the Little Giant, viz:—  
ILLINOIS, IOWA, MISSOURI, KENTUCKY.

Appended is an extract from a Report of the trial at the Iowa State Fair, at Muscatine, on the 10th of October last:—  
"The Corn and Cob Mills were represented by the Little Giant, Excelsior Young America, and Star Mills, and an animated contest took place for the set of silver plates which had been placed at the disposal of the Society by James B. Cladwick, of St. Louis. In fifteen revolutions, with same team and quality of Corn, the Mills ground as follows:  
The "Little Giant," One and three-fourths bushels Corn and Cob Meal.  
"Excelsior Young America," Seven-eighths of one bushel.  
"Star Mill," Five-eighths of one bushel.  
The Commission unanimously awarded the premium to the "Little Giant."  
**SOME OF ITS MANY ADVANTAGES ARE:**  
1. Increased capacity, with diminished diameter, by the use of double cones, thus economizing power employed, and spending the wear over a great surface that it is hardly perceptible, even after grinding many thousand bushels.  
2. No oil or grease is required on any part of the machine, thus avoiding the possibility of damage by careless attendance.  
3. The Lever is attached to a separate piece or "drive," thus relieving the Mill from irritation caused by the weight of levers, and irregular strains when they are attached directly to the grinding stone, as in other Mills.  
4. The substitution of a strong box in place of legs, thus removing
