

A child fresh from its bath in clean dainty clothes is a suggestion of Ivory Soap. All dainty washable things may be restored to their original freshness without injury, by use of Ivory Soap.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the Ivory"; they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

We are glad to be able to say that Don Winans is improving, gradually, and the indications point to his recovery. J. P. Shull left for St. Louis, Tuesday, having received a telegram that his little daughter, Blanche, lies at the point of death. Mrs. Carrie Patterson, of Kansas City, who was visiting her brother and sister, William Worden and Mrs. Davis, returned home, Wednesday. Life Parks will move his store into the building just vacated by Graham Bros. & Co., and will be ready for business in his new quarters next Monday. Mrs. J. H. McEwen and sons, who have been making an overland trip, by team, for the benefit of George's health, returned home, Tuesday. George is better. The American Book Company has our thanks for a copy of the "Story of the great Republic," a book for school readings. It is a very entertaining and instructive book. The funeral services over the remains of H. K. Winans and son Harry took place last Saturday, under the auspices of the Odd Fellows' lodge. The funeral was largely attended. Mrs. Anna Houston (widow of Camillus Houston), who was down from Kansas City last week, on a visit, returned home, Monday, with her son, who has been here during the summer. Mrs. Will Mellen, who has been visiting at W. H. Mellen's, went to Eudora, Monday, to visit Mrs. Solon Ellis a few days. She will then go to Chicago to visit Geo. E. Mellen, and from there she goes to visit her old home in Virginia. Chauncey Winans, wife and children came up from Texas last Sunday morning. They were expected here to attend the funeral of his father and brother, but they could not reach Garnett in time. They will remain about a month. L. M. Prescott, of Maple Hill, Kas., came down last Saturday, after his little boy. His wife lives at Sol Borror's. She has sued her husband for divorce, but, while here, he filed a cross-suit. There are indications of some interesting developments in the case. Stephen Ward, of Great Bend, was in the city a day or two this week, visiting A. C. Farrow. He had been visiting a son near Goodrich, and went from here to Topeka to visit another son. He is 84 years old, but is quite spry. A young man by the name of Carter, of Mapleton, a member of the Twentieth Kansas regiment, was in town, Monday, on his way home. He was wounded in a fight in the Philippines, and carries the Filipino cartridge in his pocket. He is about well now.

A Sudden Death.

Frank Majors, Jr., died suddenly, Wednesday evening, about 9 o'clock, death being caused by a congestive chill. He had been confined to the house less than a week. Indeed, his sickness did not appear to be serious, and his death is a surprise. Frank had been at work on a bridge during the summer, and it is thought that he contracted malaria. Although he did not feel well, he kept going until Friday evening, when he gave up and went to bed. He had been hauling passengers to and from the logging at the fair grounds that day.

Frank was almost a giant in size and strength, and was never sick. He was an industrious young man, and was liked by all who knew him. He is the first member of a large family of children to die, and his death is especially hard for his parents to bear, for this reason. Frank Majors and Miss Ada Moore were married but little over a year. They had no children. Our sincere sympathy is extended to the grief-stricken wife and parents.

Cupid's Capers.

Prof. C. H. Oman and Miss Leah Hedges were united in marriage by Rev. H. G. White, on Wednesday evening of last week, at the home of the bride's parents. It was a very quiet wedding, only members of the two families being present.

The bride and groom are among Garnett's most popular young people. Their circle of friends is large. Mr. Oman, as is well known, is the teacher of the High School department, in the Irving building. The bride has also been a teacher in the city and country schools. The Agitator offers its best wishes.

Marble and Granite Works.

Garnett will soon have extensive marble and granite works. Jacob Hurst and another responsible gentleman are now making arrangements to open up for business in this line. They have secured a room two doors north of the St. James hotel, and will have on hand samples of finished work, soon, showing what they can do. These gentlemen will have associated with them P. A. Baker, who now has a shop at Lane, and who has had years of experience in this line. It is a strong firm, and will be able at all times to fill any order, from the cheapest to the most expensive.

K. Winans, Resolved, That in the death of our brother Garnett Lodge No. 15 I. O. O. F. has lost a respected brother and valuable member, the community a trust-worthy and honored citizen, and his family a loved and loving husband and father. Resolved, That as a token of our great loss we deem it fitting that we express our respect for the memory of our dear brother, and our sympathy to his family and friends. Resolved, That these resolutions be spread upon the records of our lodge and that a certified copy be furnished the family of our deceased brother. J. G. JOHNSON, SOL KAUFMAN, W. S. BEMIS, Committee.

Safe Blowers.

Last Saturday, a little after noon, while the employes were at dinner, two men dressed as tramps undertook to blow open the safe at the Missouri Pacific depot. They succeeded in breaking off the knob and handle, and were putting powder into the hole where the handle had been, when S. L. Lewis and daughter-in-law stepped into the waiting-room. Their appearance frightened the fellows, and they skipped, ran across the railroad, around Bell's coal-sheds, and on south. When Agent Wing and others returned to the depot, the fellows were out of sight. Several suspicious-looking fellows had been seen about town for several days and it was thought that they were the guilty parties. The Missouri Pacific detective was sent for, and he went to work. As a result, three men were arrested on suspicion, Saturday night. Their preliminary trial takes place next Tuesday. There was \$150 in the safe.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & CO., Toledo, O.
