TEMPERANCE TALK.

Annual Meeting of the State Temperance Union - Officers Elected - Resolutions Adopted.

The State Temperance Union met at Music Hall, Topeka, on the 19th and elected the following officers: President, Rev. F. S. McCabe, of Topeka; vice-president, Rev. D. C. Milner, of Atchison; secretary, James A. Troutman, of Topeka; treasurer, P. L. Bonebrake, of Topeka; executive committee, H. W. Wake, of Manhattan; W. B. Slosson, of Leavenworth; A. B. Campbell, of Topeka; S. T. Howe, of Marion; T. Dwight Thacher, of Topeka; H. D. Lewis, of Wichita; R. N. Allen, of Chanute; A. C. Pierce, of Junction City; Asa Thompson, of Howard; and Miss Olive P. Bray, of Topeka.

The committee on resolutions reported the following, which were adopted section by section: RESOLUTIONS. We heartily congratulate our people of all parties and shades of opinion on the fact that, in the operation of the Prohibitory Liquor law now in force, the open saloon is banished from every county in the State but one or two, and on the further undeniable fact that the sale and use of intoxicating liquors in the State have been immensely reduced, and that our condition as to the evils growing out of the use of liquors is immeasurably superior to that which existed prior to the enactment of the law.

Resolved, That while we, in common with all thinking citizens, recognize the fact that benefits conferred by the existing law on every interest of our people, material, social and moral, and while we are in favor of the continuance of the law in its main features, yet we believe that the law has once enacted, by the Legislature in some particulars, especially in the provisions pertaining to druggists and pharmacists—the purpose of the amendments being to render more certain and complete the enforcement of the law, and that the law, as now enacted, and which since its enactment they have enforced by their votes at every opportunity presented to them.

Resolved, That we recommend the following amendments to the law: 1. That each applicant for liquor shall be required to verify his application by affidavit—that the application shall contain the real name of the applicant, and that a false affidavit shall be deemed to be perjury. 2. That the law shall be so amended that no license shall be made a misdemeanor punishable by fine and imprisonment. 3. That permits to sell liquor shall be granted to registered pharmacists only. 4. That all sale of liquor behind the counter shall be prohibited. 5. That all salaried officers shall be required to be made in the open drug store. 6. That the number of names required upon the application for a permit be increased as follows: In cities of the first class, five; in cities of the second class, three; in cities of the third class and municipal townships, a majority of all men and women, over twenty years of age. All applications with the signatures thereon shall be published in a paper of general circulation in the city or township at least two weeks before the application is heard, the expense of such publication to be paid by the applicant. 7. That in cities of the first and second class, only one permit shall be granted to every 5,000 inhabitants, and that in cities of the third class, or in townships only one permit shall be granted to every 10,000 inhabitants. 8. That no permit to sell liquor shall be granted to a druggist until he has been in business in good faith at least one year. 9. That the law itself shall specify the compensation to which the probate judge or other officer charged with the duty of issuing such permits is entitled, regardless of the number of permits granted, or of sales made. 10. That all blank statements be furnished by official authority, consecutively numbered, and with such safeguards as were incorporated in the House of the last session, or the Senate bill of the present session, introduced by Senator Kimball. 11. That the search and seizure clause of the present law be so amended as to make its operation more successful and efficient.

Resolved, 1. That we favor a compulsory jury system. 2. That we are in favor of conferring upon the Governor of the State such power, consistent with the constitution, as may be necessary in order that he may create county and city officers who neglect or refuse to enforce the law.

Resolved, That since the Prohibitory law is the product of the will of the people, and since it increases the wealth and prosperity of all, and in view of the fact that up to this time the advocates of the law have contributed largely of their own means to promote its enforcement, we believe that the money required to secure the enforcement of the law should be provided by the Legislature, as in the case of other laws. Resolved, That the following joint resolution be presented to the Legislature now in session: "Resolved, That the same be read and forwarded to each of our Senators and Members of Congress; also one copy to the President of the Senate of the United States, and one to the Speaker of the House."

Resolved, That the report of the proposed joint resolution to be submitted to the Legislature memorializing Congress to amend the revenue laws of the United States that before any person can obtain a permit to deal in spirits or liquors, he shall be required to apply first to the authority to deal in spirits or malt liquor under the laws of the State in which such person intends to engage in such business.

Resolved, That we favor municipal suffrage for cities of the first class. Resolved, That we request Hon. J. J. Ingalls, chairman of the Committee on the District of Columbia, and one of the Senators from the Prohibition State of Kansas, and the other members of the Kansas delegation in Congress, to use their influence toward the suppression of the sale and use of liquor in the said District of Columbia, and military reservations, and all territory over which the United States Government exercises control.

Resolved, That while we commend the loyal efforts of officers and friends of Prohibition throughout the State who have aided in enforcing the law, we deem it but a just recognition of their services to emphasize our approval of the heroic and successful efforts of Hon. J. P. Tutts in closing the saloons in Atchison.

Resolved, That representing the Prohibitionists of Kansas, we hereby send fraternal greetings to our fellow workers in other Prohibition States, North and South; we assure them that our experience confirms our confidence in the practical wisdom of Prohibition; that with us in Kansas anticipation and hope have largely replaced the gloom and despondency, and that we declare to them that in common efforts in behalf of God and humanity they shall have our warmest sympathy, and our steady and fearless support while the grass grows, the waters run and the stars shine.

A Gambler's Luck. CHICAGO, Jan. 21.—The sporting fraternity is excited over the recent winnings of Dyer Smith, a well-known gambling house proprietor. Tuesday night Smith dropped into the house of Jeff Hankins and addressed himself to fare. No bets under \$100 were placed on the table and none over \$500 were received. After an hour's silent betting luck turned to the side of Smith and for a while he made no bet less than \$500. No other game was going on, the big game stopped all further play for the time. This betting went on until five o'clock yesterday morning, when the proprietors closed the game, being losers to the extent of \$8,000.

They Knew Nina. PHILADELPHIA, Jan. 19.—Miss Nina Clark Van Zandt, the young lady who is to be married to the young man known as Chicago Anarchist, is well remembered by many people in this city, where she was born and where her childhood was passed. The family resided for some years on Master street, near Eighteenth, and the neighbors who recall the little miss of ten or twelve years of age as last seen by them, deploring her as a child full of life, and tending toward the genius known as "Tomboy," and manifesting at an early age a self-will and determination that have characterized her strongly in her relations with her lover, the Anarchist Heils.
