

OKLAHOMA CONFERENCE.

Enthusiastic Meeting at Kansas City of Those Who Favor the Opening of the Territory to Settlement.

KANSAS CITY, Mo., Feb. 8.—Board of Trade Hall was packed to the doors this morning when Hon. H. M. Holden, chairman of the committee, called the convention to order, and in a speech that was frequently applauded, stated the object of the conference.

At the close of his speech Mr. Holden was loudly applauded. When the applause had ceased he introduced Governor Morehouse as the choice of the convention for permanent chairman. The Governor was greeted with loud cheers. Mr. F. M. Sizoo, of Kansas, was elected as secretary, and Mr. R. Ritchie, of Kansas City, as assistant secretary. On taking up the gavel Governor Morehouse briefly addressed the convention.

At the close of the Governor's speech there was another round of cheering. It was then moved that the chair appoint a committee on credentials, resolutions and order of business. There was no objection to the motion, and the chair invited delegations to send up the names of men whom they wished on the committees. The announcement was then made that while the convention would be addressed by John Earle, chief of the Ottawa tribe.

Letters were then read by the chairman from many prominent persons, including Governor Martin, of Kansas, who pleaded a previous engagement and is in sympathy with the movement, saying, "It is a right and just thing to do."

Speeches were made by Captain Couch, Mr. George Innes, of Lawrence, and others, when the conference took a recess.

AFTERNOON-RESOLUTIONS. KANSAS CITY, Mo., Feb. 8.—The afternoon of yesterday was devoted by the Oklahoma convention to speechmaking, addresses being delivered by C. W. Daniels, of Baxter Springs, Kan.; Colonel Crocker, the "boomer"; Judge McIntyre; I. A. Love, of Anthony, Kan.; Amos Walton, Arkansas City, Kan.; ex-Governor Crittenden; Mayor D. R. Francis, of St. Louis; Dr. M. Munford, of the Kansas City Times; U. B. Pearson, of Fort Scott, and others.

A lengthy memorial to Congress was reported by the committee on resolutions and adopted. Also the following resolutions: Resolved, By the convention of citizens of Missouri, Kansas, Arkansas, Colorado and Texas and the Territories of New Mexico and Indian Territory, assembled at Kansas City, Mo., on February 8, 1888, that the time has fully come when the social, agricultural and commercial interests of the whole Southwest, the moral, educational, financial and political interests of the Indians themselves, and those of the country at large, demand the speedy opening of the Indian Territory to settlement under the laws of the United States applicable to other Territories.

Resolved, That for all lands taken for this purpose, the present owners should be fully and justly compensated, but that it is contrary to the public good to allow them to retain and obstruct the advance of civilization or to maintain a system of land speculation in the Indian Territory, by arbitrarily refusing to part with lands that they do not need and are not using, and that would otherwise become a source of happiness and wealth to an industrious, law-abiding and progressive people and of strength to the Government.

Resolved, If it be deemed inadvisable or impractical at this time to include the five civilized tribes within a general plan of reorganization, that the settlement of all reserved lands west of the five nations, together with No-Man's-Land, under a regular territorial government, is an act of plain political and social necessity, to which we demand that the present Congress should at once address itself.

Resolved, That any law passed defining and establishing a Territory of or from the Indian Territory should provide to the fullest extent for the wants of American home-seekers, holding in check the tendency to absorb large bodies of land under single ownerships.

Resolved, That we look with suspicion and alarm upon any system which permits persons and corporations to negotiate and obtain from either tribes or individuals, contracts for lands, coal or other minerals; and that we call upon the departments of the General Government to enforce a vigilant enforcement of every regulation and law for the protection of this domain from monopolies, and to keep intact all its resources which should be available to the settler whenever it is opened by law for his occupancy.

Resolved, That the chairman over this convention appoint a delegation of fifteen persons to present this memorial to Congress and to urge upon that body the action herein contemplated.

Resolved, That the joint committee of the Kansas City Board of Trade and Commercial Club be continued as the executive committee of the convention.

The delegation appointed to visit Washington and present the memorial and resolutions to Congress was announced as follows: Judge J. M. Galloway, of Ft. Scott, Kan.; Dr. M. Munford, of Kansas City, Mo.; M. W. Reynolds, of Gouda Springs, Kan.; J. W. Early, Chief of the Ottawa, Indian Territory; George Leis, of Lawrence, Kan.; Ex-Governor W. H. Osborne, of Topeka, Kan.; Major E. S. W. Drought, of Wyandotte, Kan.; C. H. Kimball, of Parsons, Kan.; Josiah King, of the Ottawa; Walter Young, of St. Joseph, Mo.; Mr. Dingley, of Leavenworth, Kan.; A. A. Newman, of Arkansas City, Kan.; P. P. Greene, of Denton, Tex.; W. H. Miller, of Lawrence, Kan.; Captain W. L. Couch, of Douglas, Kan.; Samuel Crocker, of Caldwell, Kan.

Colonel Crocker then offered the following resolution: Resolved, That this convention tender its vote of thanks to the various journals of Kansas City for courtesy shown the members of this convention, and that we the members of the convention also tender a vote of thanks to courteous and gentlemanly reporters of the said journals.

The Washington delegation was authorized to prepare a petition to be circulated asking Congress to open the Territory. Dr. Munford then asked if any arrangements would be made to defray the expenses of the committee appointed to visit Washington. He was going any way and intended to pay his own expenses, but he thought it was a question which should be considered.

Governor Morehouse replied that he would appoint each member a committee of one to get there. [Laughter.] "Do you think they will all get there?" asked Dr. Munford, and there was more laughter. The convention then adjourned sine die. After the convention had adjourned the Washington delegation held a conference and decided to start for Washington February 23, at the Ebbett House.

THE SPRINGER BILL.

Favorable Report to be Made by the Committee—How the New Territory is to be Organized—The Lands to be Opened for Settlement.

KANSAS CITY, Feb. 8.—The House Committee on Territories has agreed to recommend the passage of the bill to create the Territory of Oklahoma. It provides that what is known as the public land strip and all that part of the Indian Territory not actually occupied by the five civilized tribes of Indians shall be erected into a temporary government under the name of the Territory of Oklahoma, under the provisions of the revised statutes relating to the government of Territories to have the same force and effect in the new Territory as in the other Territories. It provides for a Governor, Secretary, Legislative Assembly, Supreme Court, etc., and delegates to the National House of Representatives. All the laws of the United States, not locally inapplicable, are to have equal force and effect in the new Territory as in the United States, but no law of the United States is to be construed to apply to the local governments of the Indian tribes. The President is required to appoint a Commission of five persons to open negotiations with the Creek, Seminole and Cherokee tribes, and when they signify their assent to the provisions of the act and the President has issued his proclamation fixing the time for it to take effect, the unoccupied lands ceded to the United States are to be opened to settlement, except the 10th and 36th sections in each township, which are to be reserved for school purposes. The lands so thrown open to settlement are to be disposed of to actual settlers only, in quantities not to exceed 160 acres to each settler, at the price of \$1.25 per acre.

The lands are not to be opened to settlement until authorized by a Presidential proclamation. The President is directed to cause land offices to be opened in the new territory and the Commissioner of the General Land Office is ordered, upon direction of the President, to cause the various portions of the lands to be properly surveyed and subdivided, where it has not already been done, and if, after examination of a claim for patent, it appears that such claim was not taken out in good faith, the Commissioner is to refuse a patent and declare all prior proceedings null and void. All persons settling on lands under the provisions of this act are to maintain a continuous personal residence of three years before obtaining title. It opens the lands not required for the use of any Indian tribes to settlement. It makes it a punishable offense for any person or company to directly or indirectly induce any person to settle upon these lands with a view to afterward acquiring title for himself from the personal residence of three years before obtaining title. Dangerous Natural Gas. Anderson, Ind., Feb. 8.—A terrific natural gas explosion, the third within a week, occurred this morning at 7:15 o'clock at the residence of T. M. Norton, on North Main street, proprietor of the Anderson brewery, blowing out the entire front and completely demolishing the house, killing Fenton C. Rogers, of Cincinnati, bookkeeper of Pat Sheehan, grocer, of this city, who was sleeping in the front room. The explosion was caused by a leakage in the mains of the Dorcy Natural Gas Company, and when Mr. Norton went to light the gas the explosion took place. Two daughters of Mr. Norton, who were sleeping in the front room above, were not injured. Mrs. Norton was severely burned.

Richard K. Fox Arrested. New York, Feb. 7.—Richard K. Fox, proprietor of the Police Gazette, was arrested this morning by Inspector Williams charged with violating the penal code by encouraging prize fighting. He went to headquarters with the inspector and then immediately started for the Tombs police court. The technical charge against Fox is that of aiding and abetting prize fighting in defiance of law, of holding stakes, publishing the details and preliminary of fights and making his office the rendezvous for men bent on violating the law. When Fox was arraigned in court he asked for an adjournment of the examination until Tuesday. His request was granted.

A "Put and Call."

This is a funny phrase to the uninitiated, but all the brokers understand it. They use it when a person gives a certain per cent. for the option of buying or selling stock on a fixed day, at a price stated on the day the option is given. It is often a serious operation to the dealer, but there is a more serious "put and call" than this: when you are "put to bed with a severe cold and your friends call a physician. Avoid all this by keeping in the house Dr. Pierce's Golden Medical Discovery. The great cure for pulmonary and lung diseases. Its action is marvelous. It cures the worst cough, whether acute, lingering, or chronic. For Weak Lungs, Spitting of Blood, Short Breath, Consumption, Night-sweats, and kindred affections, it surpasses all other medicines.

A medical writer says that sleeping on the left side favors bronchitis, and sleeping on the right side increases a tendency to constipation, while sleeping on the back produces frightful dreams. It may be healthy enough to sleep standing on the head, but probably the safest plan, in order to retain health, would be not to go to sleep at all.—Norrington Herald.

The Only Line That Gets There. It has been well said by a distinguished writer that "the Michigan Central is the only 'Niagara Falls' route in the country." It is the only railroad that runs directly by the falls and stops its trains at a point from which all parts of the falls and the rapids are in full view. From this point, called Falls View, the scenery of the Michigan Central train, whether in its summer setting of emerald or its winter setting of crystal, is one of unexampled grandeur and sublimity. As it is on the direct route to New York, Boston and New England, no east-bound traveler should fail to take advantage of it.

Dyspepsia

Makes many lives miserable, and often leads to self destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstinate cases of dyspepsia. Read the following: "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food relieved and satisfied the craving I had previously experienced. It relieved the sick headache, cleared the mind, and I have felt so much better since I took Hood's Sarsaparilla, that I am happy to recommend it." G. A. Page, Watertown, Mass. N. B.
