MAD STRIKERS.

Duluth Strikers Fight Police—Several Persons Injured—A Grand Jury Indicted—July 8—Saturday afternoon at four o'clock the police were at Fifteenth street and Michigan street, guarding the men who were at work in the sewer trenches.

After the first fire came an awful crash, as though the combatants were appalled at the awful result of their work. On the walk in front of Piedmont as it joins Garfield avenue, lay a man shot through the head and several more bleeding from ghastly wounds.

From four o'clock until after five the strikers worked until the battle did not without a lull long enough for the wounded to leave the field. It was after five when the last shot was fired, and terrible indeed has been the result.

Following is a list of the dead and wounded: One striker, shot through the heart, Police Officer D. H. Brown, shot through the back, can't live but a short time; Officer Kliger, shot through the shoulder; George Costin, street car driver, shot through head; Officer Moo, shot through the face; Officer Kondas, shot through the hip; bystander, fingers shot off; Ed Cummings, cut by a bayonet through the groin.

At five o'clock Company K, Second regiment M. N. G., early in the morning received orders from Governor Merriam, in St. Paul, that would allow him to go to the scene whenever needed.

At six o'clock the strikers had dispersed. At least thirty-five men are badly wounded, and it is feared, fatally. Five strikers were arrested, all being ring-leaders.

The situation is still ominous. There are rumors that the rioters will be reinforced from neighboring towns and armed with Winchester rifles will again attack the police. There is little foundation for the reports, however.
