

BARTON COUNTY

OFFICIAL PAPER OF BARTON COUNTY
GREAT BEND, KANSAS, THURSDAY, SEPTEMBER 5, 1889.

NUMBER 23.

DEMOCRATIC COUNTY CONVENTION.

By action of the Democratic County Central Committee, at a meeting held in Great Bend, August 17th, 1889, a democratic county convention is hereby called to meet at the court house in Great Bend, on Saturday, September 14th 1889, for the purpose of nominating candidates for the following county offices:

- County Treasurer;
 - County Clerk;
 - Register of Deeds;
 - Sheriff;
 - County Surveyor;
 - Coroner;
 - Commissioner for 3d District.
- Each township, ward, and election precinct will be entitled to the following number of delegates and alternates, viz:

Township	Delegates	Alternates
Albion	6	6
Beaver	4	4
Buffalo	6	6
Cheyenne	11	11
Clarence	8	8
Comanche	8	8
Eureka	4	4
Fairview	3	3
Grant	7	7
Homestead	9	9
Independent	5	5
Lakin	24	24
Liberty	4	4

It is recommended that the townships and wards hold their primaries to select such delegates and alternates on the 6th of September. The delegates from the third commissioner district will meet immediately after the adjournment of the county convention and nominate a candidate for commissioner.

T. H. BUTLER, Chairman.
WILL E. STOKES, Secretary.

"I CAN TELL A LIE, BUT THIS IS THE TRUTH: I GAVE MY LITTLE DELEGATION."
G. Wash. Nimicks.

THE LYONS MOUNTAIN was in labor for two days and two nights, and finally brought forth a mouse!

A PROMINENT ATTORNEY says "the Lyons convention downed the best judge we ever had." And he did not mean Nimicks, either.

IN RICK CITY the friends of Judge Ansel R. Clark are talking of putting him on the republican ticket as candidate for senator this fall.

KANSAS this year produced about one-tenth of all the wheat raised in the United States. And yet there are a few benighted creatures who say that Kansas is over estimated.

NIMICKS played the "dog in the manger" act to perfection, at the Lyons convention. His delegates looked like they were ashamed of them selves when they came home.

CONGRESS should act promptly in requiring the immediate expulsion of ranchmen who raise cattle on the public lands, where no taxes are collected, in competition with farmers on their own lands where taxes are burdensome. It is gross injustice.—Kansas Farmer.

PROF. BLAKE predicts a severe winter with excessive snow storms succeeding a wet fall. As the precipitation of snow will be great he advises seedling land not subject to overflow to fall wheat where the weather will permit the planting. As the winter will be one of the severest ever known it will be well to lay in plenty of coal as well as plant wheat.

A PETITION has been in circulation to remove Supt. of Insurance of Kan., Hon. Webb Wilder, for reflecting in his last report upon the honor and integrity of the members of the last legislature in reference to their legislation on wild cat insurance companies.—Great Bend Register.

WEBB WILDER may have gone beyond the boundaries of propriety and duty in speaking disparagingly of the late legislature, yet the prosecution was very great.—Sterling Bulletin.

GOVERNOR HUMPHREY did not think enough of the rights and demands of Kansas farmers to give them a representation in the Deep Water Convention to be held in Topeka in October, and the Kansas State Farmers' Alliance in the convention assembled at Newton on August 14th to 16th was inclined to haul the governor over the coals for his blundering omission. Some day the farmers of Kansas will learn that the republican bosses of the state only love them for their votes, and nothing more.

BROTHER TOWNSELY last week advocates the building of a market house in Great Bend. That has been suggested by this paper time and again. A market house could be made profitable and convenient to every body interested. All cities of any pretensions whatever have such a place, where all kinds of produce are gathered together and handled under certain rules that prove profitable to both seller and buyer. A market house is needed worse than street lights, and goodness knows we need them bad enough.

TARIFF REFORM AMONG FARMERS.

When the farmers of America do pass the word from one to another that an enemy has appeared and the time has come for arming; do light the beacons on the heights and flash the warning over the land; do form the phalanx of yeomanry which has ever been impenetrable and uncorruptible, then the nation is defended and a cause is won.

The farm is not a nursery of supplemen. Men are there bred to serious regard for justice and religion. Accustomed to deal with the stubborn forces of nature, to calculate the cost of taxpaying, to earning rather than maneuvering a living; accustomed to high individual self-respect and impatience of the mastery of privilege which is but a republican form of monarchial and aristocratic tyranny, they carry from boyhood to old age a readiness to fight for their rights which, like the vestal fires, may not flame fiercely at all times, but can become a conflagration with the earliest breath of awakened rebellion. A farmer's tongue is not trained to the gamin's facile slang. His argument is not stilled by a pun or confused by an epigram. When he chooses a leader among the statesmen to follow through good or evil days the man will be one in whose soul he believes and not one whose qualification is a jest or a diamond shirt button. He is not an easy victim of empty political noncommissioned officers. A factious organization may hold him for the time he associates cherished memories with the name of the organization assumes, but his obedience can not be forced a day after that time has expired. He may not instantly arrive at the truth about the use to which his vote is being put, but when he does discover that he has unwittingly been made the instrument of unjust designs he breaks his bonds and raises with strength unabated and the invigoration of an angered spirit.

Clinton county's tariff reform demonstration was a notice served on the tariff barons for the struggle of 1892. The democratic party will hold their votes as long as it forces the issue on tariff reform, and Grover Cleveland, elected or defeated, is the leader they will follow as long as he is the boldest challenger of prohibitive protection. The state's delegation to congress will be unbroke democratic after the elections of 1890 where the districts are controlled by farmer voters.

The hopes fired by the enthusiasm of the Clinton meeting look beyond the boundaries of Missouri. A campaign of education would be furthered incalculably by a series of similar meetings in every state. The agricultural sentiment for tariff reform would be fused into a mass of irresistible momentum and the ensuing confidence of mutual support would powerfully stimulate all the elements of the people, both in town and country to which equalization of taxes appeals. Let a few thousand voters get together in each county in the country and talk over a system of taxation which charges a citizen a penalty for every child born into his family and every helpless relative his charity assists and the vindication of Grover Cleveland's indictment sent to congress nearly two years ago will not be two years in arriving.—Kansas City Times.

Send a Full Delegation. A week from next Saturday occurs the democratic convention. Let every township see that it is properly represented. It is recommended that each township hold primary conventions to select delegates and alternates on the 6th inst. Every democrat in the county will consider it his duty to attend such primaries, and select men who will attend the convention without fail.

John W. Rose. That is the name of the republican nominee for judge of this judicial district. Six hundred ballots were taken before the Nimicks men gave up that they were beaten and threw their votes to Rose, preferring to antagonize the wishes of Barton county republicans rather than see Clark win the day. It is thought that Stafford county was first pledged to support a Barton county man for senator—and that man the unsuccessful candidate for judge—before the Barton county delegates flopped over to Rose. The republicans of this county, outside of the old ring which appears to have been victorious at Lyons, may have something to say about the "delivery of the goods" when it comes to nominating a state senator.

OUR present county officers, Treasurer Krause, Clerk Jones, Register Strothman, Sheriff Wilson, and Surveyor Markey, have each proven worthy of the trust placed in them by the voters of Barton county two years ago, and in coming before the democratic convention for a re-nomination they come with records for fairness, justness, honesty and ability that cannot be misplaced. The republicans in their convention on Saturday of this week, will select their candidates, but we know they cannot present a man whose claims to the suffrages of the people are any greater than those of the gentlemen named above.

FROM NEIGHBORING TOWNS.

Hoisington News. From the Dispatch: F. P. Jadenberger has started his new bakery. A Massey will soon open a new meat market in town. A prairie fire west of town did some damage Tuesday.

There were 33 arrivals registered at the New Tyler House Friday. J. C. Gwinn and Gally & Wehr have each put in wagon scales the past week.

Three wagon loads of water melons were brought over from south of Great Bend Saturday. Mrs. E. M. Carr and children are on an extended visit with relatives at Mexico, Missouri.

A creamery at Hoisington would be of greater benefit to the farmers of the surrounding community than any one thing we know of.

A. S. Cook, A. Shriwise and A. M. McCauley composed a committee that went down to Brookville the first of the week to inspect and report the condition of the creamery at that place.

Ellinwood Echoes. From the Advocate. Ellinwood is to have another wedding soon. Fifty-four car loads of wheat left Ellinwood this week.

The young people will remember that school will commence on Monday, Sept. 9th.

C. A. Voigt left for Kansas City Tuesday evening. Mr. Voigt intends to embark in the newspaper business at that place. We wish him success.

Miss Agnes Wilkison, a charming young lady of Albert, and sister of D. W. Wilkison, of this place, was in this city Saturday and Sunday visiting friends.

Frank Baker was at Galva this week and says the best wheat they get there is not over 58 lbs. and that 63 lb. wheat, which is common here, is not seen in that part of the state.

Hon. Martin Allen, of Hays City, was in town last week, being the guest of Hon. H. J. Roetzler and lady. Mr. Allen is State Commissioner of Forestry. He is an old acquaintance of Mr. and Mrs. Roetzler, formerly living in Mendota, Ill.

E. Clem and little daughter Bertie and Miss Emily Herman returned from Denver the latter part of last week. Mr. Clem and daughter have been visiting through Colorado and enjoyed the trip very much. The host of friends of Miss Herman also heartily welcome her back to Ellinwood again.

While Mrs. R. W. Barr and Miss Fannie Chalfant were out driving Monday they met with an accident which might have resulted seriously. As they were driving along the road near the river, the foliage covering the road, the buggy wheels getting off the road the vehicle and occupants were hurled down an embankment, injuring Mrs. Barr to some extent, while Miss Chalfant escaped. We are glad to learn later that Mrs. Barr is getting along nicely.

DIED: On Thursday afternoon at 2 o'clock at the residence of Mr. W. E. Huttman, in this city, John Erbeling, aged 52 years, 3 months and 23 days, of cerebral apoplexy. The deceased was born in Cologne, Germany. Received his education and graduated as mechanical engineer in the University of Cologne. Came to this country with his parents in 1861, living in Chicago most of the time. He had the misfortune to lose his eyesight in 1869. After being blind he invented a practical lunch box, successfully manufacturing the same for a number of years, accumulating with hard labor quite a little fortune. He retired from business about four years previous to his death, and finally concluded to move to this state with his mother, and stay with his sister and brother-in-law, Mr. and Mrs. Huttman. He had been ill for the past six months, more or less; He had many friends here and was well liked by all who knew him.

Pawnee Rock. From the Leader. Mayor Smith resigned his office Monday night. Dr. Megan moved to Little River, Kansas, this week, where he expects to follow his profession. Miss Lucy Foster has a school at Cottonwood, South Side. The term will commence on next Monday. Mrs. J. M. Van Aken returned on Sunday from an extended visit in Michigan, Illinois and Eastern Kansas. Tom Dent says any man that hauls wheat to Pawnee Rock ought to be sent to the penitentiary for six months.

MARRIED—At the residence of the bride's parents in Liberty Twp., on Aug. 25th '89, Mr. Pete Smith to Miss Lena Smith.

FROX the way wheat has been coming into town one would imagine the threshing would soon be over, but a

ride to Great Bend Wednesday eve showed us our mistake, as the bulk of the wheat between here and there is still unthreshed. HENRY Lamb brought us in two samples of broom corn a few days ago. He has 60 acres to cut and says it is all in the condition. A good evidence of the return of good times, is that no loans on farm property to amount to anything are being made. In fact there is application for none in this section.

OUR consideration for Mayor Smith we won't cod him on that new GIRL that came to town yesterday morning. Too bad Earnest that it wasn't a boy, better luck next time though.

Time oldest boy of our old townsman, Fred Lewis, now living at Lawson, Col., met with a severe accident a few days ago which causes the loss of one of his limbs. They have the sympathy of their many friends in this section.

Bad Fire. Wednesday evening, Aug. 28, a Mo. P. engine set fire to the prairie grass just east of Hoisington, in several places, and the high wind prevailing at the time made the destroying element travel rapidly. Some of the head fires were cut off by blowing fire guards and starting back fires; but others of the fires swept across the country to the banks of the Smoky river. The damages will run up to several thousand dollars. Following are some of the farmers who lost by the fire: Chris Corcoran had all his meadow burned, and two ricks of hay. Bill Roberts, pasture and meadow burned. John Richison lost all his pasture and meadow land.

Henry Uden lost hay, meadow, stabling, fences, etc., to the amount of about \$200. Mr. Norris, pasture and hay. All of the Clay Mose section burned over with a loss of pasture and hay, and eight stacks of wheat owned by Mr. Moses and A. B. Names. A colored man named Williams lost two stacks of rye and all his pasture and meadow.

C. F. Diefenbacher a quarter section of good meadow. A Mr. Simmons lost all his pasture and two stacks of straw. All of Geo. Underhill's pasture. He just saved his grain by hard fighting. Mr. Gano lost his hay and all his pasture and meadow.

The fire burned all over the Coker place but only took the grass. The railroad company will doubtless settle the greater part of the damages sustained by the farmers. The railroad employees had begun burning fireguards, but it appears had not got them far enough out to be of service.

Let 'er Come. Hon. T. A. Butler, the president of the Lyons, Denver & Pacific Railway company, being an extension of the St. Louis San Francisco railroad, was in the city yesterday looking over the ground with a view to the construction of the road. A corps of surveyors is now in the field surveying the route. Mr. Butler built the line from Wichita to Ellsworth and is now finishing the Hutchinson, Oklahoma & Gulf. The charter for this line was filed some time ago and will be finished by this time next year to Denver. It is an extension of the "Frisco" from Lyons through Ellinwood, Great Bend, Rush Centre and McCracken, and then through the counties of Trego, Gove, Thomas, and Wallace to the west line of the state. It is an assured fact, the company having a capital of \$25,000,000.—Rush County News.

Butter and Cheese Factory. Hoisington people are pushing right ahead in their effort to establish a butter and cheese factory. They sent a committee, composed of A. M. McCauley, A. Schriwise and A. S. Cooke to investigate the business as conducted at Brookville, and the gentlemen have returned with a very favorable report, giving the profits of the business, the value to farmers, and the cost of putting in a successful plant. In all probability there will be a factory of this kind established at Hoisington.

SPEAKING of the attitude of the present administration toward the civil service law, Harper's Weekly says: "There never was a grosser, more deliberate or more contemptuous violation of pledges solemnly given to the country than the course of the administration with regard to the civil service." This is plain, old-fashioned Anglo Saxon language, and hits the nail a tremendous whack right square on the head. Geogor Wilyum knows how to hitum hard, in fact, he is a daisy.—Eagle Optic.

"So the wind and you will reap the whirlwind," simply means that you will reap the natural production of what you sow. Last fall you sowed "protection," and now you are reaping a harvest of "trusts" that the world has never before known, and that is rapidly sacking the life blood of the nation.
