It has been a well known fact for several days that our jovial Democratic farmer friend, D. G. Bird, accompanied by his charming and beautiful daughter, Miss Anna Bird a dame of 17 summers expected on or about October 7 to go on an excursion to Virginia. The arranged program for the trip will be the visitation of many antique places of 3 centuries ago the Jamestown exposition. Mr. Bird's aged mother and his old home and birth place in Bland county Va.

After sojourning there a few weeks Miss Anna will enroll as a pupil in the Martha Washington Academy at Abington, Virginia, and Mr. Bird will return to the Sunflower State.

The designated place of gathering was C. R. Archer's place 1 mile west of Mr. Bird's and from there swoop down on Miss Bird with surprise. About 30 friends gathered but ere they reached the Bird home the winds were lispig. "I'm not surprised. A slip of the tongue by a lady in Great Bend earlier in the day had put Miss Anna next". However she received the guests cordially and entertained well. At a late hour all departed for home leaving with Miss Bird their best wishes on her eastern excursion and a prosperous school year. Miss Bird is a very popular young lady and her absence will be felt this winter in church work, social circles and neighborly relations.
