A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a gross mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, unfasted body whose organs are weak with overwork. Start with the stomach and all organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipation or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress "small of back," gnawing or distressing feeling in stomach, perhaps nausea, "rises" in throat after eating, and kindred symptoms of weak stomach and torpid liver, our medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the Golden Medical Discovery regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle's wrapper and stamped under seal. Its ingredients are extracted and distilled by the most eminent medical writers of the age, and are recommended to cure the diseases for which it is famous. Don't accept a substitute of unknown composition for this non-secret medicine of standard composition.

MRS. GEO. ODELL INJURED

We regretted to learn a few days ago of a dreadful accident that happened at Bowen, Ill., a few weeks ago to Mrs. Geo. Odell, who with the family lived here for some time, returning to Illinois last summer. She had attempted to light the kitchen fire which she thought was completely out, an was using the coal oil can. There was a flash the bottom was blown out of the can, the contents splattered all over Mrs. Odell which set her clothing afire, and then she started for the open air which of course made matters worse. A lady friend in the house at the time attempted to assist her, but could not act fast enough. The accident happened about three in the afternoon, and the unfortunate lady lived in the greatest agony until about seven, when she passed away. She leaves a husband and two small children. Mr. Odell is a brother of Elmer Odell of this city, and a distant relative of Mrs. W. H. Odell and Mrs. G. N. Moses. The many friends of the family extend the band of sympathy to the bereaved.
