In Tuesdays Rustler appeared a Clipping from the Kansas City Journal in which it was stated that a Mrs. Myrtle Murray had been called to her door near Vinita, Ok. and shot dead by J. T. Newman Wells, the eldest son of Mrs. Dodge, has a cement block machine in Haviland, and some time last week while helping his father, the boy was caught in the machine and the flesh torn from one leg from the knee to the ankle. Batteries, Great Bend, Fullenwider and Lederer; Lundstrom and Baird. The game was interesting notwithstanding the score. We notice that Fullenwider generally wins his game, although the score sometimes does run large. It is usually a good thing to keep the winner even if he does not make a record or great pretensions. About This Circus Business.

While it is a fact that the Ringling circus people have passed up this town for several years owing to a former misunderstanding, and that for the same reason other shows did likewise it is not true that the reason that the representative, who was in the city a few days ago cancelled contracts made was altogether on account of high prices. A satisfactory contract had been made between the agent and the city for the license, also between the agent and Mr. Pritchard for the show grounds. This latter price is reported on the street to have been \$100, when as a matter of fact it was but half that amount. There seems to have been, so far as we have been able to learn, no case of an exorbitant charge.

This show is at Salina the day previous to the prospective date here, which was to have been September 11. They carry 85 cars, and owing to lack of trackage in the Missouri Pacific yards here, were compelled to route via the Santa Fe. This was an enormous jump for this show to make between stands and it was finally believed to be best to wait a little and see if they could not get in here from some other point.

Now, we did not talk to this agent ourselves, but these are statements that we received from persons who did talk with him. It is to be hoped that the affair can yet be arranged so that we will have a good big circus visit the town.

Hardware Store in Stomach.

Dr. Ira B. Bartle, formerly of Larned, now located at Marshfield, Ore., operated upon a man there a few days ago for the removal of a large assortment of junk from his stomach. The Portland Journal tells of it as follows: Dr. Ira B. Bartle, of North Bend, was to have opened the scientific program of the Oregon State Medical Association yesterday by reading a paper on "Surgical Interference in Some Obstinate Stomach Trouble." Dr. Bartle wired that he couldn't come and sent a telegram saying why. Everybody supposed it was a joke, but it was the truth. Here is the telegram:

"Operated on glass eater this morning. Removed from stomach 3 knives, 5 loaded rifle cartridges, 4 door keys, 17 horse-shoe nails, 4 six-penny nails, 5 dimes, 3 nickels, 1 fish hook, and 4 ounces of glass. Obstinate stomach trouble."

Dr. J. C. OD'ay, who arrived from Coos Bay this morning to attend the convention, said the telegram was not an exaggeration, but that the man operated upon had been a circus performer 17 years, had swallowed things in a side show, and had come over from Hawaii on the same steamer with him, having been taken ill just before Coos Bay was reached. The operation was performed in the North Bend hospital, and 118 pieces of hard foreign articles were removed from the glass eater's stomach.

Base Ball Situation.

There is nothing new to report in the baseball situation. Manager Quigley of the home team is expected back from Newton this evening when something definite will be known about the league matter. It appears that there is considerable of a squabble between McPherson and Newton. Not only did the Newton team leave the field and forfeit a game with the Mc's, but left town and did not play out the series. There is, judging from the reports in the McPherson papers, considerable misunderstanding, and it is likely the controversy will result in one of the teams retiring from the league, which would leave an opening for the local team to get in.
