

Eson-Meade.
The wedding of Dr. R. H. Meade, of this city, and Miss Gertrude Eson, of Kingman, was solemnized at Kingman on Tuesday afternoon, the Episcopal rector of that city officiating. Miss Pearl Emley and Dr. Marion Russell of this city were members of the wedding party. The ceremony was witnessed by only a few intimate friends.

Mrs. Meade visited in this city last summer as the guest of Mrs. Emley. She is a charming and accomplished young lady, a graduate of the state university. During her brief stay in this city she made many friends who will rejoice at having her return here permanently.

The many friends of Dr. Meade will join us in extending congratulations to himself and bride. The couple left Wednesday for a short trip to Old Mexico points.

The Dighton Roads Conference.
Dr. Morrison, who had been named as a delegate to attend the Dighton good roads conference, was prevented from attending. Several others were approached and urged to go, but it was so late then that none of them

could get around, hence this county was not represented. However, a big meeting, embracing some over a hundred delegates were present, and a similar organization formed as was done at Hutchinson. The next thing to do is to get busy.

At the meeting of the Business Men's Association in this city Wednesday evening, a committee consisting of C. D. Spangh, L. B. Wilcox and Geo. Turner was appointed to take up the road questions. It is quite likely that this committee will arrange a date on which Mr. Gearhart the state highway and bridge engineer, can be here, and then a meeting will be called of township officers and others, to take up this matter in due form and push it to a successful conclusion. This is a matter that is of the utmost importance, and everyone should take an interest in the work. In other counties similar meetings have already been called, and the work is being systematized so as to have no delays. Watch for this announcement.

A. R. Friedeman, the auto man, went to Pratt, Kansas, Thursday, overland in an Overland.

Snow.
Miss Kittie Snow, daughter of Mrs. W. T. Kendall, died at the home of the latter in this city Tuesday afternoon, after having suffered a long time with consumption. Miss Snow was formerly a Great Bend young lady, having grown to womanhood in this city, but for the past ten years having resided at Kinsley. She was brought to this city stricken with the fatal disease about six months ago. The funeral services were conducted on Thursday afternoon.

Notice.
A county meeting of the Farmers' Union will be held at Hoisington on February 12th for the election of officers for the ensuing year.
By Order of Committee.

Good Roads Out of Lyons.
Some time ago the merchants of Lyons, Kansas, decided that they would try dragging one mile of the public roads each way out of Lyons after the manner of the King road drags. They hired some men and put them to work. In a little time the road became almost like a pavement. It gave them splendid satisfaction.

The farmers saw what had been done in the making of this piece of road and it so impressed them that they concluded to try a few miles. They induced the townships to buy the drags, which are not expensive, and went to dragging. Now they have seven miles of road that is like a macadam, and sheds the rain off so that they are in splendid shape.

The people of that county are very enthusiastic over their success and will keep on making this kind of road. They are urging the townships all over the county to purchase drags for this purpose and the farmers agree to do the work.

This is a sample of what might be done if it was taken hold of in the right way. The roads leading out of Great Bend could be put in the same shape by this method. Why can it not be done?

Nie Smith transacted business in Larned this week.

Mrs. A. W. Hornbeck is recovering from a serious illness.

E. E. Wagoner has gone to Chicago and other eastern markets.

Fred Dolecheck of the Cluffin locality passed through the city this week.

Leo Chapman, an old Great Bend citizen, is here from Kansas City for a visit.

Mr. and Mrs. W. P. Verbeck were down from north Homestead this week.

George Martin was out in Edwards county this week looking up some land.

James Cox, of the Cyclone store, was in Hoisington Sunday visiting friends.

Mr. and Mrs. Roy Verbeck have moved to the James Gill farm on the south side.

Mrs. W. R. Klmedest was called to Kinsley this week by the serious illness of her mother.

Rev. Alford of the Christian church spoke before the Y. M. C. A. folks at Hoisington Sunday afternoon.

Miss Helen Meade left for Kingman Monday to attend the wedding of her brother, Dr. R. H. Meade.

Mrs. Jennie Humphrey left this week for Camaguey, Cuba, for a visit with her brother, Richard Birbeck.

J. P. Kelly and family started this week for the Pacific coast for an extended visit and pleasure trip.

Miss Clara Grizzell of Cluffin, was visiting friends here this week. Her brother, Robert, was also over on business.

H. Percy Ward arrived from Liverpool, England, on Monday morning. He will be connected with Mr. W. H. Kerr's institution as national organizer and lecturer.

J. F. Tilton received word this week of the death of his brother, William Tilton, which occurred at the Soldiers' Home at Marshalltown, Iowa. Mr. Tilton at one time lived in this county.

The G. A. R. post of this city has ordered a fine large flag to be presented to the Elks lodge. It is expected to throw the same to the breeze from the flag pole of the building on Washington's birthday.

Information was received here this week that Marietta, the eight year old daughter of Mr. and Mrs. W. E. Younklin of Nickerson, formerly of Galatia, had died as a result of an illness of measles and pneumonia. Several others of the family were also ill. The many friends of the Younklin in this county will bear this with sorrow and extend to the bereaved their sympathy.

Attorney Prose was over from Hoisington Monday.

James B. Mote of this city has gone to Hutchinson for the purpose of enlisting in Uncle Sam's army. He expects to join the coast artillery.

We are in receipt of a postal from our old friend Lute Aber, in which he informs us that he is located at San Diego, feeling fine, and that he was married on the 27th, to Miss Emma Millfont, of New York. Mr. Aber's many friends will join us in extending congratulations.

Public Sale.
Joe Walters, jr., will hold a public sale on the Walters farm near Seward on Thursday, Feb. 24th. He has a fine bunch of stock, also implements, etc., which he is disposing of. This will be a big sale, and you may find something to your advantage to go there. The sale will start at 10 a. m. Free lunch at noon.

Rabbits Worth Money.
At their meeting last Monday the Board of County Commissioners decided to pay a bounty on rabbit scalps of three cents per scalp. If a gent is careful in his shooting he can in this way get his money back for shells and at the same time have some rare good sport, beside doing a good work in helping to rid the country of the pests.

"Farm Pastures" Day
High priced meat will call for more stock and more stock will call for more and better pastures. Therefore the three hundred farmers' institutes of Kansas are invited to meet for a conference on this subject on Saturday afternoon, February 19, at 2 o'clock. The subject may well be outlined about as follows:

1. Need of a longer pasture season.
2. Best grasses for early pasture.
3. Best summer pasture.
4. Best pasture for early fall.
5. Experiences with the clovers for pasture.
6. Experiences in pasturing alfalfa.
7. Experiences with mixing legumes and orchard grass or Bromus internis.
8. Experience with orchard grass alone.
9. Does it pay to manure any or all pastures in winter?

[a] Prairie pasture, orchard grass, mixed pasture.

10. Should a farmer plan a pasture field on a regular rotation system

11. Experiences of pasturing several kinds of stock on the same pasture at the same time.

12. Does it help a pasture field to supplement it or relieve it for a few weeks in August?

13. Is it advisable to maintain two or more pasture fields?

[a] For different kinds of stock.
[b] In order to rest one occasionally.

14. Opinion as to the best pastures for the given community.

[a] Single pasture.
[b] Mixed pastures.
[c] What mixtures.

No doubt many other questions will occur to the institute officers and members that should be brought out. These monthly meetings are for the freest possible conference, the leaders only being expected to open the discussions. The benefit to come from these conferences cannot be estimated. This is a question equally pertinent for Doniphan and Greeley counties. Every farmer or farm owner is welcome to these meetings. The farmers' institute is not a secret organization. The time February 19 - 9 to 4 p. m.

WORTHY OF CONFIDENCE.

Backed by One of Our Most Reputable Concerns

We pay for all the medicine used during the trial if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obliged to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery which is odorless, colorless and tasteless; very pronounced, gentle and pleasant in action, and particularly agreeable in every way. This ingredient does not cause diarrhoea, nausea, flatulence, griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at once. These remedies for sale by Hooper Drug Co.

Trustee Murdock of Homestead township was down Monday on business with the county commissioners concerning a new road to be opened which will permit wagon traffic east out of Hoisington along the railroad

track, instead of over the steep hill by the old Baker farm. Gus Selle was in Hoisington last Friday on business. Prof. Hull and Prof. Eddy visited in Hoisington Sunday afternoon.

A New Business!

Not a new Firm, but an old Firm with New Lines

We are now handling a full line of Farming Implements, consisting of

Columbia and Batendorf Wagons, Camp and 20th Century Manure Spreaders, Oliver Plows, Peoria Drills, Oliver Lis'ers, International Gasoline Engines, Studebaker Buggies, Extra Wagon Boxes, the Pit-less Scales. (standard ball-bearing and perfect—if not your money back).

We also have the Famous Reo, Hudson, Kissel and Ford Autos.

And earnestly request all our farmer friends to call and inspect same. Our lines are as good as is manufactured and our prices will be the lowest possible. A call will convince you that

We Have The Goods

And are going to do business
