that they own in that locality.

a new house before long. Beeler Bros.
have the contract. They also have
the contract for J. P. Gallon's
new residence in Great Bend. John
expects to move there next fall.

Some of the business places were
closed on Washington's birthday.
Cashier of the bank, Geo Starr took
advantage of the day and went to
Great Bend.

A. Horn, from central Iowa,
stepped off here last week as he was
on his way home from Texas. He
had been informed that land could be
bought in this wheat belt for \$35 per
acre. Mr. Horn soon found his in-
formation was based on falsehoods.
He thought we had a fine country
and was pleased with it.

Mrs. L. Seeber, of Great Bend
spent several days with relatives in
this locality last week.

Joe Koriel and sister, Anna Koriel
was up near Rush Center last Tues-
day visiting their brother-in-law, Ol
Crow.

Joe Brada, the grain buyer, of
Dundee, and family, visited E. W.
Tullis last week.

F. C. Seeber has rented his farm
to Mr. Confar. He came here from
Iowa.

A. V. Strong and wife were pas-
sengers to Great Bend last Thurs-
day.

The Epworth League social was
well attended last Friday night. An
elegant supper was served. They
cleared about \$22. After supper a very
fine musical program together with a
number of recitations were rendered.

The members of the Methodist
church have been repairing the M. E.
parsonage recently. It greatly im-
proves the looks of things.

C. L. Archer shipped a car load of
cattle from this station to Kansas
City last Tuesday.

John Andree sold his fine large
span of mules the other day. They
brought him the sum of \$565.

O. C. Bain is operating a photo
graph gallery in our burg. He seems
to be doing good work and getting
plenty to do. His gallery is over
the Hays store.

T. B. Quimby, who had an opera-
tion performed at the Great Bend

improved.

work in their line of business this
spring.

Dr. Jones, the druggist, received
his final papers of release from the

City Marshall Grunewalt expects
with favorable weather to have the
cement floors in his new garage com-
pleted in two weeks.

Scott's Emulsion

is a wonderful food-medi-
cine for all ages of man-
kind. It will make the
delicate, sickly baby strong
and well—will give the
pale, anemic girl rosy
cheeks and rich, red blood.
It will put flesh on the
bones of the tired, over-
worked, thin man, and
will keep the aged man
or woman in condition to
resist colds or pneumonia
in the winter.

We are glad to hear the meadow
larks sing again.

Ed Shroeder was in Great Bend
last Monday on business.

May Winget, Ida Wilcut came up
from Great Bend Friday. They
were accompanied by Edith Sellers,
a class mate. Friday afternoon they
visited the schools in this city. They
returned to Great Bend on the train
Monday.

Last Monday the U. S. marshal
from the western district of Kansas
served papers on T. H. Bain, threw
him into bankruptcy and cited him
to appear before Judge Pollock on
the 18th of March. Only three
houses began these proceedings. Mr.
Bain had been trying to pay with
what he had and we think these
proceedings very cruel as it will not
profit the instigators very much.

An exciting stunt was pulled off in
our city one day last week. Some
traveling men came in and began to
look up some way of getting out of
our city. The livery had no auto so
they saw L. V. Parker and contract-
ed with him to go to Great Bend.
At this juncture F. C. Seeber came
into town he saw the traveling
salesmen and under bid the livery
business here by a dollar and a half.
He bundled the men in the auto and
started for Great Bend reflecting a
backward smile of victory as the
little red auto became a streak of
dust in the distance.

Uncle Walt Mason, the poet phil-
osopher gives us many good things,
as follows: We are making laws with
lots of noise, to keep from our pre-
cious boys. The curfew bell booms
out at eight and warns the lads to
pull their freight for home and bed
and balmy sleep, while wary cops
their virgils keep. The cheap toy
pistol's down and out; we won't have
things like that about; and boys
who'd hear the pistol's toot must sit
and watch their parents shoot.
The cigarette at last is canned; the
children of this happy land can buy
such coffin-nails no more, which
sometimes makes the darling sore.
Each year new laws and statutes
brings, to shield them from corrupt-
ing things. It's strange that we
should overlook the screaming blood-
and-thunderbook, the wild and woolly,
red hot yarn, that Johnnie reads be-
hind the barn. The tales of Baudila,
who have slain a cord of men, and
robbed a train; of thieves who break
away from jail with punk detectives
on their trail; of long haired scouls
and men of wrath who nothing fear
except a bath. Such yarns as these
our Johnnie reads; they brace him up
for bloody deeds; and when he
can he takes the trail and ends
his bright career in jail. So, while
we're swathing evil things and putting
little boys on wings, let's swat the
book that leaves a stain upon the
reader's soul and brain.

March's arrival was extremely
lamb-like, but the weather prognosti-
cators say that its exit will be like
unto the most vicious lions.

While a few say the wheat is
damaged, in talking to a number of
farmers, the large majority of them
are optimistic and think that no
damage has been done as yet.
