

# Your House

It has cost you money to build—your house represents an investment, therefore, it should be protected from the weather with the best paint you can buy, so that your investment will not depreciate, and so that constant repairs will not be necessary.

## Hughes Paint

is an actual money-saver—it resists the elements and protects against rot and decay. Besides the saving there's a heap of satisfaction in living in a house that's well painted. Paint is not an expense—it is protection against wear and tear, saving expense of repair. We can supply Hughes Paints for the outside and inside of your house, as well as for your furniture, walls, woodwork and floors. See us before you buy.

## Lindas Lumber Co.

Phone 42

10th & Main

Great Bend, Kansas

George Everett, of Heizer, was down this week to attend court.

Fred Focht made a business trip to Dodge City the first of the week.

Deputy Assessor Tom Murphy was over from Holington on a business trip Monday.

Father Davern was here from Chas Tuesday for a short visit with his many friends.

Trustee G. F. Koch was up from Comanche township Tuesday to look after business matters here and for a short visit with friends.

Banker Frank Klepper was down from Heizer Tuesday night on a short business trip and to take in the minstrel show and for a little visit with friends.

Miss Nellie Russell has returned to her home in Gove county after a visit of a few weeks with her aunt and uncle, Mr. and Mrs. W. H. Russell, of the south side.

Edwin Tyler of this city, and G. W. Mitchell of Holington, left the first of the week for Lawrence to attend the meeting of the State Grand Lodge of the Knights of Pythias.

G. W. Mitchell was a business visitor from Holington Saturday.

Miss Norma Mering, who has been employed as instructor in the high school at Bella Plaine for the past two years, has finished her school work for the summer and has returned to Great Bend to spend her vacation with home folks.

Howard Steadman came in from Concordia the last of the week for a visit here with his parents, Mr. and Mrs. Bert Steadman and family. Howard was formerly in the employ of the Western Union at this place but has been working as operator for the company at Concordia for some time.

Mr. and Mrs. J. Wesley Brown and family returned Sunday from Florida where they have spent the winter. They report a most enjoyable time during all of their outing, and say that while the old timers in Florida say the past winter was the coldest in years, yet the lowest the thermometer ever reached was 35 degrees above zero. There were some light frosts in the section where they stayed, but little damage was done.

J. Caraco Smith, for many years a resident of this county, living a few miles northwest of town in Burdick township, was in the city the first of the week on his way to look after land interests in the western part of the state. Mr. Smith and family have been living in Manhattan for the past few years.

Fred Nuttleman came out from Kansas City the first of the week to attend to business matters here and for a visit of a few days with relatives and friends. Fred is engaged in the manufacture of electric stoves and other electrical apparatus in Kansas City and reports that business has been very good in their line.

Attorney R. J. McMullen was up from Stafford the first of the week to attend to matters of business here, leaving Wednesday morning for Ellinwood on a business trip. Roy reports crops as being in fine shape in Stafford county—the wheat being extra good and the corn and other spring crops coming on fine in spite of the cool weather. He is of the opinion that the county will this year have the biggest wheat crop in its history.

The Misses Sadie Dale, Mary Swartz, Clara Buckland and Mrs. Alice Crocker, all former Great Benders, who have been teaching in the Hutchinson city schools for the past few years, have all been re-elected to teach the same grades next year, and at increased salaries. It is a good advertisement for the Great Bend schools that the teachers from this place are always in demand in other cities and that they always command the highest salaries in their respective grades.

Sam King, the good natured Pawnee Rock druggist, was in the city Saturday visiting with his many Great Bend friends and taking the postmaster's examination being held in this city. Sam is an applicant for the appointment as postmaster in his city and the chances are excellent that he will land the place, and his appointment would be one which would meet with the approval of a large majority of the patrons of the Pawnee Rock office, inasmuch as a change is to be made. He is competent and accommodating and would look after the business of the office in a way which would leave no room for complaint.

Capt. J. R. Ewing and son, Fred, were in from west of town Monday on a business trip, and while in the city Fred called at the Democrat office to have his subscription date boosted up another notch and to order his ad. for thorough-bred poultry and eggs taken out of the paper as he has now disposed of all of his surplus stock. The Ewing's handle nothing but thorough-bred stuff—horses, cattle, hogs and poultry, and they report their sales business as having been extra good this spring, and Mr. Ewing reports that most of their sales this spring have been for spot cash, very few of their customers asking for time, and he is of the opinion that there is more ready money in the country than most people think.

M. J. Mead of Great Bend, Kansas, was in Dodge City yesterday. He has spent the past three days driving over Southwest Kansas. Mr. Mead owns some good farm lands southwest of Dodge City and expresses himself as being highly pleased with the present condition of the crops. He states that he never saw the wheat in better condition and thinks as many others do that Ford county will produce better than 4,000,000 bushels of wheat this year. While here Mr. Mead was out over the new railroad and was surprised to find the big fields of good wheat, even 100 miles southwest of Dodge City. Mr. Mead declares that good market towns can spring up like mushrooms here and says that Ford county land is good enough for him.—Dodge City Journal.

Tobias B. Urruh was in from Liberty township Saturday on a business trip and visit and called at the Democrat office to have his subscription renewed for another year. Mr. Urruh is one of the big farmers and land owners of the county, owning something like 1200 acres, about all of which is fine river bottom land. He has out a big wheat crop this year and says that about all of it is looking fine and gives promise of a good crop, and he is feeling good over the recent rains. He is one of the progressive farmers of the county, and believes that a close study of farming is as necessary as that of any other business in order to make it a success, and his results along this line have fully justified the belief. He keeps abreast of the times by reading extensively, attending farmers' meetings, the stock shows and agricultural exhibits, and takes advantage of the many good points obtained thereby.

(First Published in the Barton County Democrat May 22, 1914.)  
**PUBLICATION NOTICE.**

In the District Court of Barton County, Kansas.

E. W. Smith, Plaintiff, vs. Mary S. Miller, et al., Defendants.

The State of Kansas, to: Mary S. Miller and — Miller, her husband, whose first or given name is unknown, Rollin S. Briggs, Executor, Mrs. Lome Sherwood and Lome Sherwood, her husband, Mrs. Charles Johnson and Charles Johnson, her husband, if alive, and the unknown heirs, executors, administrators, trustees, devisees or assigns of such of them as may be dead, if any.

You and each of you are hereby notified that you have been sued in the above court in the above entitled action and that unless you appear and answer the petition of the plaintiff filed therein against you on or before the 3rd day of July, 1914, said petition will be taken as true and judgment, the nature of which is stated in said petition, will be rendered against you and each of you in favor of said plaintiff, quieting the title of plaintiff in and to Lots numbered Fourteen (14), Fifteen (15), and Sixteen (16), in Block number Twenty-four (24), in the original town of Pawnee Rock, Barton County, Kansas, decreeing plaintiff's title to be a good, valid and perfect title, and forever barring, restraining and enjoining you and each of you from ever setting up or claiming any right, title, interest or estate in or to said real estate or any part thereof, or any right of possession or occupancy thereto or therein. Judgment will also be rendered against you and in favor of said plaintiff as though you and each of you were alive and in being at the time of the commencement of this action and the rendition of judgment herein, and judgment will be rendered in the alternative against your unknown heirs, executors, administrators, trustees, devisees and assigns, as though each of you were deceased at the time of the commencement of this action.

BANTA & ALLPHIN,  
ATTORNEYS FOR PLAINTIFF.  
S. M. KELLAM,  
Clerk of District Court.

### HAIL WEATHER.

There is a chance of a bad hail any time now. I write reliable insurance that goes into effect immediately. Rate is reasonable—payment is sure. ARTHUR E. TAYLOR. 12-24. a few days with her sister, Mrs. Norman Ashbaugh.

### FOR SALE.

22-horse power Advance Threshing Engine. Practically as good as new; all in good shape and ready to start work any time. M. DAILEY, Great Bend, Kansas.

Otto Lebbin was up from Ellinwood Wednesday meeting with the county commissioners in regard to the assessment on some of his land in the Ellinwood vicinity and visiting with friends.

Mr. and Mrs. Frank Langer and family were in from southwest of town last Friday on a business trip and for a short visit with friends. Mr. Langer reports that the wheat is in better shape out in his section of the country than for several years. He has had three pretty bad failures in succession and is of the opinion that he is due for a change of luck this year.

Miss Eva Stevenson came down from Albert this week for a visit of

# BETTER SHOES

Have you been misled by the allurements held out in many Shoe advertisements?

**The Farmer Who Has A Silo Doesn't Need Worry**

about a short hay crop—a few acres planted to fodder corn will turn the trick. Ask your neighbors who have one and then come in and let us show you the kind of silo stave stock we handle. We believe it is the best made and most durable you can find anywhere for the money.

An Illinois banker after using a Weyerhaeuser Silo writes: "I used to doubt. Now I am prepared to believe about everything I read or hear said in favor of a SILO."

It is not claiming to much to say that a WEYERHAEUSER SILO will be free of cost and yield a profit, or more than pay for itself in one year. They often in one year pay for themselves twice over and more.
