## THE 1914 KANSAS WHEAT CROP IN BRIEF.

Hard winter wheat is a specialty in Kansas agriculture, a crop which makes Kansas lead the world in milling quality, and a crop in which Kansas leads the United States in quantity.

In acreage planted this season Kansas exceeds her own records with 8,580,000 acres. The average yield throughout the United States is 15.2 bushels per acre.

An estimate on the Kansas crop is from 132,000,000 to 180,000,000 bushels.

To move this crop will require 120,000 box cars each holding 1,333 bushels. Put into one train, these cars would reach from Hutchinson to Columbus, Ohio, about 952 miles.

This wheat stored in one place would take 2,400 trains of 50 cars each to move it.

This crop would require 160 bins each 100 feet wide, 100 feet long and 100 feet high.

One bushel of wheat making 40 pounds of flour, this crop would make 6,400,000,000 pounds.

This amount of flour could be baked into 11,000,000,000 loaves of bread.

All of the bakeries in Hutchinson working at full capacity would take 603 years to bake up this one year's crop in Kansas.

If made up into loaves of bread and sold for a nickel a loaf, this crop might be cashed for \$550,000,000.00.

If the 18,000 people living in Hutchinson were to eat this whole crop, each consuming one-half a loaf per day, there would be required 1,028,400 days, or 2817 years.

Figuring each loaf at 16 ounces, this pile of bread would weigh 11,000,000,000 pounds, or 5,500,000 tons.

Assuming that the Rorabaugh-Wiley building, if hollow, would hold 11,000,000 loaves, the total amount of bread from this crop would fill 100 Rorabaugh-Wiley buildings.

These total loaves stacked one on another would tower 104,160 miles high.

The loaves of bread from this one Kansas crop placed side by side would belt the earth 28 times.—Hutchinson Gazette.

### OFFICIAL COUNTY PAPER

### FOR COUNTY CLERK.

Elsewhere in this issue will be found the announcement of Mr. I. W. Yenser, of Holington, who is seeking the Democratic nomination for county clerk of this county, and an announcement which is most pleasing to his many warm friends in Barton county, and especially in the northern part, where he has a very wide acquaintance and where he is regarded most highly by the people who have known him and had business dealings with him for many years.

Mr. Yenser is a native of the state of Pennsylvania, and is proud of the fact that he is a Pennsylvania Dutchman. He has been a resident of Holington and Barton county for the past fifteen years. For many years he was employed by the firm of Morrison Bros., in Holington, but about five years ago embarked in the clothing business for himself in that city, disposing of the business a couple of months ago. Practically every man, woman and child in the north half of the county knows Irvin Yenser, and not a single one of them but what are his warm supporters and friends. He is a gentleman in every respect, a trained and competent accountant and business man and no man could be found in Barton county who is better qualified to look after the duties and perform the work of the office in a more satisfactory or business-like manner. He has been one of the loyal and hard working Democrats of the county for many years, and has striven hard for the success of the entire ticket ever since he has been a voter of the county, and he is entitled to the support of the voters of the county at the August primary and at the regular election.

### AVERAGED MORE THAN ONE RURAL ROUTE EACH MONTH.

The United States Postoffice Department has recently given out a statement of the rural routes established in Kansas, by districts, and it has been discovered that Congressman George A. Neeley of the Seventh district, holds the banner. Since the 29th of January, 1912, 26 routes have been established in the Seventh district, and there are five pending that will undoubtedly go through.

Following is the list of routes established since the above date: One each at Bloom, Burdett, Cimarron, Coldwater, Crisfield, Duquoin, Hanson, Hardtner, Isabel, Kendall, Larned, McCracken, Merienthal, Mulhville, Raymond, Sharon, Spearville and Waldron. Two have been established at Minneola, Protection, Wilmore and Wright.

The five routes pending, and which will undoubtedly be established, are at Cimarron, Dodge City, Elkhart and Kingston. Taking this as a total, Congressman Neeley has succeeded in averaging a little more than one route each month that he has been in Congress.

New Folders for Graduation Photos priced very reasonable.  
DIRKS' STUDIO.

Mrs. Frances Lowe came in from Lawrence, Kansas, the first of the week for a visit here with her parents, Mr. and Mrs. E. C. Cole.

### NEELEY COULDN'T COME.

It was a great disappointment to the people of Pawnee Rock, as well as this whole community that Congressman Neeley was unable to be present and make a talk at the big gathering and celebration this week, but the sting of the disappointment was taken away by the fact that all realized that in staying in Washington and attending to business Mr. Neeley was attending strictly to the duties for which he was elected and in so doing he was conferring a greater favor upon the people of this section than he would have had he shirked this responsibility in order to come out to make a speech. It would have been an excellent opportunity for Mr. Neeley to have met with the people of this section, and would have afforded him an opportunity to have still further fixed his political fences in this part of the state in regard to his candidacy for the nomination for United States Senator, but Mr. Neeley is not of that calibre, and he realizes that the people elected him to work for them in Washington and that is where he is going to stay as long as there is any work to do, regardless of what the outcome of his present candidacy may be. It speaks well for the congressman from the Big Seventh that he takes this view of the situation and realizes the responsibilities which have been entrusted to his keeping, and shows that he can be safely trusted to conscientiously perform the larger duties which would come to him through the position of United States Senator, and he is deserving of the most enthusiastic and loyal support of the members of his party all over this district, and we believe that this support will be granted him.

### FOR COUNTY SUPERINTENDENT.

I hereby announce myself as a candidate for the Democratic nomination for Superintendent of Public Instruction of Barton county, subject to the will of the voters of the county as expressed at the August primaries.  
MATTIE L. FRUIT.

### BUSHNELL-CASSADAY.

Mr. Will Bushnell and Miss Edna Cassaday, both of this city, were united in marriage by Probate Judge Hall at his office Saturday evening, in the presence of the parents of the groom. Mr. Bushnell is a son of Mr. and Mrs. Walter Bushnell, and for some time has been in the employ of the Palace Meat Market. He is an industrious and energetic young man who is very highly regarded by his acquaintances and has a host of friends. His bride is one of the most popular young ladies of the city. She has for some years past made her home with her grand-parents, Mr. and Mrs. H. S. Converse, and is well and most favored of friends.

With the many other friends of Mr. and Mrs. Bushnell, the Democrat joins in wishing the estimable young couple a long and happy wedded life.
