### STOCKHOLDERS MEET.

The regular annual meeting of the Ellinwood Elevator and Supply Company was held in this city Tuesday and considerable business of importance transacted. The past year has been one of the most profitable ones the company has known. The management has taken advantage of the moving of the great wheat crop and has earned a handsome dividend on the investment of the stockholders. The year's business was reported very satisfactory and after the routine business was completed an election of officers was held and the following were chosen for the ensuing year: Martin Musil, president; Peter Apel, vice-president; E. L. Smith, treasurer; K. R. Mohn, secretary.

### NEW COAST TRAINS ON THE SANTA FE.

With change in time card February 7, through service will be inaugurated between Kansas City and San Francisco via Newton, Wichita, Wellington, Waynoka, Clovis and Belen. Through service from New Orleans via Houston also.

Topeka, Jan. 16.—On the Santa Fe time card effective February 7, two new trains, Nos. 21 and 22, will be inaugurated between Kansas City and San Francisco. These trains will be run over the cut-off to Emporia, thence to Newton, south of Wichita, and thence via Wellington, Waynoka, Woodward, Shattuck, Canadian, Amarillo, Clovis, Vaughn, Belen and the Santa Fe Coast Lines to San Francisco.

No. 21 will leave Kansas City at 10:45 a. m., Emporia 2:00 p. m., Newton 3:55 p. m., and Wichita 4:35 p. m. It will arrive in San Francisco at 8 a. m. morning of the fourth day. No. 22 will leave San Francisco at 9 a. m., arriving in Kansas City at 7:35 a. m. morning of the fourth day.

Trains Nos. 113 and 118 will be replaced south and west of Newton by trains 21 and 22.

Train No. 3, the California Limited, will be routed via Lawrence and Topeka instead of over the Emporia cut-off. It will arrive at Topeka at 10:50 a. m., leaving at 10:55 a. m.

Train No. 1 will leave Chicago at 10:30 p. m. instead of 10 p. m., as at present, arriving at Kansas City at 10:30 next morning. It will carry a tourist sleeper from Chicago which will be operated on the new train No. 21 west of Kansas City.

New service will be established from New Orleans over the Gulf Coast Lines of the Frisco to Houston thence via Gulf, Colorado and Santa Fe and Panhandle and Santa Fe railways to Clovis. At this point train from New Orleans and Texas will be consolidated with No. 21 from Kansas City for San Francisco. There will be similar service eastbound.

A tourist car will be operated from Winslow, Ariz., to Grand Canyon in connection with train No. 21. This will obviate the necessity of changing trains at Williams, Ariz., for tourist car passengers who wish to visit the Grand Canyon of Arizona.

"The new train, 21, will give us a schedule of about fifty-seven hours and fifteen minutes from Kansas City to Los Angeles and about seventy-one hours to San Francisco," said J. M. Connell, General Passenger agent of the Santa Fe. "Eastbound schedule of train 22 will provide for about fifty-eight hours from Los Angeles to Kansas City and sixty-eight hours and a half from San Francisco to Kansas City. These new trains, in addition to our other trains via La Junta and Albuquerque will give us exceptionally good facilities for handling passenger traffic to the Panama Expositions at San Francisco and San Diego. There will be some slight changes in our other thru trains and in the branch line trains in order that service may be properly co-ordinated."

### MARKET REPORT.

Kansas City Stock Yards, Jan. 18.—The feature in the cattle market here last week was the fact that 20,000 cattle, 60 per cent of the supply, went into the hands of stocker and feeder buyers. The bulk of these cattle went out at prices 15 to 25 cents below Monday. The comparatively small number of killing cattle remaining sold at 10 to 15 lower first part of the week, but after Wednesday there were signs of returning strength. Receipts today at all points are light, and the market is strong to 15 higher here on killing cattle, run here 14,000 head. Stockers and feeders again make up a large proportion of the run, and sales are steady on the best, others unevenly lower. It required powerful influence to keep cattle back today in Chicago territory, where many feeders are almost forced to sell. Much of the beef produced in the last few weeks has come from low priced cattle, a class that finds the best outlet. Choice steers sold here last week at \$9, but high class steers are selling at \$8.25 to \$8.75, good short fed steers \$7.50 to \$8, and plain steers \$7.25 to \$7.60. Butcher cattle are strong to 10 higher today, following weakness since the first of the year. Cows sell at \$5.50 to \$6.50, a few prime cows up to \$7.25, bulls \$5.75 to \$6.50, veal calves \$8.50 to \$10.50, quarantine cattle in small supply, mostly medium steers at \$6.25 to \$6.90. Stockers sell at \$6.25 to \$7.40, feeders \$7.25 to \$7.75.

Hog receipts were lighter last week, but the market closed 10 to 15 cents below Monday. As a general rule each day's market closed strong, for the day, indicating that killers have a place for hogs at the present range. Receipts today were 6,000 head, market 5 to 15 higher, top \$7, bulk of sales \$6.75 to \$6.95. Order buyers paid the top, and some hogs were locked up because salesmen declined to sell to packers under \$7. Light weights brought within a nickle of the top. The supply here today is less than one half as heavy as on either of the two preceding Mondays, and other markets also have moderate receipts today, so that higher prices later in the week may result.

Sheep buyers had bearish orders late last week, and their best bids on lambs Friday were around \$8, which was 65 cents lower for the week. Ewes and wethers were around \$5.50 to \$6.00, lower—just

very few sheep or lambs were sold at this reduction, salesmen either forwarding the stuff or holding over. Receipts today were held down to 2400 head, and nothing very good was included. Lambs from Ft. Collins and from Monte Vista brought \$8.15 today, but strictly choice lambs would reach \$8.35. Ewes sold at \$5.35, only medium quality. Sales today were 15 to 25 higher than Thursday or Friday. Declines this year are not taken seriously, because the market can be nursed back to strength with ease, as numbers bearing on the market, especially at Kansas City, are the smallest in several years at this time.

Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments.
