EXCHANGE LOCAL NEWS.

-Township assessors are hard at work. -Sunday last was a pleasant day for healthy walks.

-Tramps are becoming unusually plenty hereabouts. -Bowling sold a tract of land to Edward M. Hays, of Beulah Co., Pa., this week.

-The draymen have been hauling goods from the depot steadily all this week.

-The new faces on the street every day tell the story of a vast influx of persons from the East.

-Geo. A. Bowls has had four or five teams out this week showing land buyers over the county.

-Mr. Charles Carpenter, of Prairie City, Kansas, bought land nine miles north-east of Iola, of Mr. Bowls, this week.

-Mrs. Mary Warner purchased the house lately sold by Mr. Wing, in the northeast part of town, of that gentleman, this week. She will move into it at once.

-The county obtained judgment against the Humboldt Loan Association this week to the amount of \$811.25. The amount was due as taxes on personal property.

-The work of preparing the ground and setting out trees has commenced in earnest. Every enterprising citizen should thus beautify his premises, and add to the value thereof.

-Mr. James McCann and Mr. Henry McGrann, both of Pittsburg, Pa., have recently purchased of Mr. Geo. A. Bowls, land lying adjacent to Mr. Helm's stock farm, on Rock Creek.

-A white man was arrested last week charged with adultery with a negro woman. He gave bond for his appearance, and the preliminary examination will be held on the 25th inst.

-A large delegation of land buyers came in on the train Wednesday evening. There were two families in the party, who have stopped at this place. Their names we did not learn.

-Messrs. Levi and Richard Walker, lately from Columbia City, Ind., were in town last week and purchased of Geo. A. Bowls, a tract of land about eight miles northwest of Iola. They are both married and intend making their homes here.

-Mr. R. Cook brought to town the lung of a diseased hog, and had Dr. Fulton examine them, whereupon the latter gentleman says that it is a sure case of pneumonia. The symptoms are exactly the same as in pneumonia cases among human beings, and that there is little doubt as to the nature of the disease.

-Is it a matter of necessity that keeps some people in the aisle talking to their friends, and thus preventing the egress of those who desire to go home? Some of those who attend church would like to go home when the benediction is pronounced, and are only detained by the thoughtless selfishness of those who monopolize the aisles. If you must talk to your dear friends wait until you get outside, where you will discommode nobody.

-The depot at this place was broken into last Friday night, and a number of trunks opened, and part of their contents taken. The thieves effected an entrance by breaking out a pane of glass from one of the west windows, and then withdrawing the spring fastening so that the lower sash could be raised. We have been unable to ascertain the amount or value of the property taken, but understand that it consisted principally of men's clothing and jewelry. The burglary is supposed to have been committed by tramps, and a lot of cast off clothing was found on Saturday at the stock yards, where they had evidently changed suits. They were tracked to Deer Creek after which no further traces could be found.

-Mr. Tite, accompanied by his family, consisting of a wife and four sons, arrived at Iola last week from Monroeville, Ohio. They have rented a house in town upon which they take possession of the farm they have purchased. Mr. Bowls informs us that Mr. T. has bought the farm owned by Uncle Jimmy Faulkner, south of town, consisting of 160 acres. Mr. Tite and two of his sons, were out last fall, and were highly pleased with the country, and as a natural sequence, could not resist the temptation presented to them. They come from a locality already well represented in this county, and we trust will never regret the change they have made. Mr. Tite is now owner of a fine farm, well situated, and he will be a valuable acquisition to this community.

ACCIDENTALLY KILLED. Our people will regret very much to learn that a sad accident happened to the family of Mr. Hedges, who left here last Saturday, for Salina. On Sunday afternoon, his son Draper, a lad of about 14 years, was taking a gun out of the wagon when the hammer struck on one of the wheels, and the gun loaded with heavy shot, was discharged. The load struck the boy on the left breast, making a fearful wound, from the effects of which he died on the afternoon of the Tuesday following. The accident occurred near the residence of Esq. Bearse, in Coffey county, and the boy received the medical attendance of Dr. Quigg, of LeRoy, and Dr. Snyder, of Neosho Falls, who did all that could be done to relieve his sufferings and preserve his life. Mr. Hedges and family had resided here for some time, and Draper was well known and much respected here by his companions and acquaintances, who were deeply shocked by the news of his untimely death.

Crossmann & Co., of Humboldt advertise money to loan, instead of Crossman, Watts & Co. It was the printer's mistake. -That is a nice job of work being done on the south side of Madison avenue from Washington avenue east. How much will it cost? -Stevenson has a new brand of cigars which cost a quarter apiece. Call and see them, for they are what their name signifies, "New Sell." -From the appearance of egg crates at the grocery stores we judge that the chickens are doing their part towards getting ready for Easter. -Wall paper, 2,000 rolls of the newest patterns and latest styles, which must be sold. Call at the corner drug store, and see Stevenson. -Alex. Brown requests us to say that his house was insured in the Continental Fire Insurance Company of New York, and that the agent last week settled the loss to his entire satisfaction. -It's a bad habit to be late at church, and by-the-way, Rev. Mr. Clark in his sermon last Sunday, at the Presbyterian church, gave the congregation a good recommendation in that particular. -Lehmann is still receiving car load lots. By purchasing almost daily he is enabled to keep up with the demands of his customers. Call and price his goods before purchasing elsewhere; it will pay. -The funeral services of Allie Long, of Humboldt, were held at the Presbyterian church in Humboldt, last Sunday. She was the oldest daughter of Peter and Amanda Long. Several attended the funeral ceremonies from this place. -D. P. Green and John Paxson have been drawn as grand jurors for the April term of the United States District Court which will be held at Topeka commencing the 6th of next month. W. T. McElroy was drawn to serve on the petit jury at the same time. -J. D. Anderson recovered a judgment in the District Court this week for \$200 against D. O. Lucas. It was an "after-bet" of the celebrated assault and battery cases, so much talked of a few weeks since.

PERSONAL MENTION.

-Mr. Munger returned to Girard this week. -Lafe. McCauley is quite sick this week. -Rick. Case is up from Fredonia on a visit this week. -Miss Jessie Buchanan has returned from her visit to Iowa. -We noticed our old friend, G. De Witt, on the streets last Saturday. -Mr. and Mrs. James Faulkner are expected home from Texas to-day. -Rev. Mr. Kline has been returned to this pastorate for the coming year. -Mr. E. N. Yates has gone to Chicago to lay in a big stock of spring goods. -Rev. S. G. Clark removed his family to Baxter Springs the fore part of the present week. -Chas. Richards went up to Ottawa Tuesday, where he will take charge of Prof. Sofge's farm. -Mr. Burns moved into the brick building at the south end of Washington avenue, last week. -Mr. L. D. Bingham, author of "Kansas as it is," is in town arranging for the sale of his book. -Jas. Burns and "Jack" Cain are intending to start out on a trip through southwestern Kansas, soon. -Mr. T. L. Elliott, merchant prince at Geneva, was in town Wednesday. Mr. E. runs a first-class stock of goods at Geneva, and has built up a good trade. -Cliff. Butterfield started to Missouri last Thursday. He will make an extended trip through the southwestern part of that State and portions of Arkansas. -Jas. A. McHenry, County Attorney, and Z. Park, County Superintendent, of Wilson County, were in town on business this week, and made THE REGISTER a very pleasant call. -Mr. B. F. Pancoast has been employed by the M. K. & T. Railroad to take stereoscopic views of the depots on that road from Junction City to Dennison. He started this week. -Mr. C. Rollin Camp, proprietor of Camp's Emigrant Guide, at Fort Scott, made us a pleasant call last Thursday. He is writing up the towns and country contiguous to the L. L. & G. Railroad. -Hon. J. L. Dennison, a leading attorney of Osage Mission, was attending court this week, and called on THE REGISTER. He represents business at the Mission as good, and thinks the prospects of their east and west, narrow-gauge railroad first rate. The engineer corps is now locating the route, and active work on the line from Girard to Osage Mission, will commence this month. -Court commenced on Monday, Judge Talcott presiding. The list of cases disposed of will be found in another column. Among the attorneys from abroad present during the week, we noticed Hon. J. L. Dennison, of Osage Mission; J. A. McHenry, of Fredonia; J. B. F. Cates, of Kansas City; W. L. Keplinger, Col. Thornton, E. A. Barber, Geo. A. Amos, and W. H. Slaves, of Humboldt. Messrs. J. C. Murray, W. H. Richards, J. K. Boyd, Judge Bell and Col. Smith, representing home talent. -We have been requested to call the attention of farmers to the importance of planting sugar cane early, and giving it good cultivation. There will be means of manufacturing it into molasses, and it will save the purchase of thousands of gallons of syrup from abroad. The molasses manufactured here last fall was of superior quality, and its use has become general. It is a paying crop. -We received a communication from Liberty, this week, which we should have been glad to publish, had we known the author. It was new and well written—in fact just such an article as we delight to receive, but the writer failed to inform us as to his real name. Need it again be said that communications will not be published without the real name of the writer is attached? Not necessarily for publication, but as a guarantee of good faith. -The largest floricultural establishment in the United States is probably owned by James Vick, Rochester, N. Y. His reputation is national, and his integrity unquestioned. When seeds are received from him they are good. He also publishes several floral magazines and catalogues, which are worth ten times their cost to those who care for flowers and plants. Send for his illustrated catalogue (only 3 cents for postage) and see what a variety he offers; or better still, subscribe for his Illustrated Magazine, \$1.25 per year, or 5 copies for \$5.00. It is the best floral magazine in the world—so we think. Address, James Vick, Rochester, N. Y. -Rev. S. G. Clark preached his last sermon at the Presbyterian church in this place, Sunday morning last. In opening his discourse, he said that he did not like to preach "farewell" sermons, and should not do so. His theme, "Benevolence," was aptly handled—and as he could not now be charged with selfish motives—without gloves. In closing he paid the church several handsome compliments, and ones that will be thoroughly appreciated. Rev. Mr. Clark is an earnest, positive, Christian minister—one who does not hesitate to tell the truth, however unpalatable it may be; who does not cavil with convictions, but once satisfied as to his duty, fearlessly and earnestly strikes solid blows for the best interests of the church and Christianity. He will carry with him to his new field of labor, the best wishes of the entire congregation and the outside community as well.

IN THE GOOD OLD TIMES

When nobody was in a hurry and every one found plenty of time to eat, and there was little or no occasion for dyspepsia. But in these days of excitement the stomach gets so little care that indigestion has become universal, and with it a train of dyspeptic symptoms, such as headache, neuralgia, nervousness, palpitation of the heart, wakefulness, sour stomach, constiveness, liver complaint, coated tongue, low spirits and a general feeling of exhaustion. Parker's Ginger Tonic, by the extraordinary aid it gives the digestive functions, cleans the stomach to supply abundant nutriment to the blood, and thus by infusing new life into every organ and fibre of the body, effectually cures dyspepsia, diarrhoea and all bowel disorders and restores health and strength to the worn out frame. The aged, the feeble, and the convalescent will find its reviving powers unequalled, and the best tonic they can use, as it permits the full enjoyment of a bottle of food, and strengthens the nerves and overcomes the depressing feelings and the weakening chills, that makes them so miserable. It is pleasant in taste, never intoxicates, nor creates any desire for stimulants, and is therefore a strong safeguard against intemperance, and more than a substitute for wines and bitters. Buy from your druggist, R. B. Stevenson, a 1.00 bottle or a sample bottle at 15 cents and test its extraordinary virtues.

A CENTLE HINT.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting from this cause. A bottle of Rowley's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village in this continent. Sample bottles for trial, 10c; regular size, 75c. For sale by Dr. John W. Scott, Iola, Kansas.
