

HOME, FARM AND GARDEN.

HORSES hate solitude, and are made savage by being kept alone. TOOTHACHE.—To cure toothache, take of chloroform, spirits of camphor, laudanum, of each one drachm. Apply on a little cotton wool. SOUTHERN FRIED HOMINY.—Warm some boiled hominy left over from the day before; add to it a tumbler of cream or rich milk, a piece of butter, two hot beaten eggs and a little flour; fry in well butter.

THE New York Spirit of the Times says there is no cure for a confirmed wind gall. Blistering and rest would, no doubt, reduce the size of the wind gall temporarily; but a long journey or a few fast drives invariably bring them back again as large as ever. PRESERVING SACKS.—In Germany sacks are admirably preserved by steeping them in a solution of tannin for twenty-four hours and instantly drying them; two pounds of tan is allowed to steep in twelve quarts of boiling water for one hour, and is then filtered.

A CORRESPONDENT of the Massachusetts Ploughman gives the following remedy for choked cows: One pint of milk, half a pint of soft soap simmered together. Give the cow half the quantity. Hold the cow's head up and rub the throat. Then let the head go down suddenly. If that does not relieve, give the other half. I have never known a case where the second dose has been required. THE Iowa Madisionian, gives another reason why farmers should keep a few bees: "And then you want a few hives of Italian bees to fertilize your red clover and make it yield seed (for clover will not produce seed where there are no humble bees or Italians,) and gather up the fragments in the shape of honey, and take the sweets from the fruit blossoms, the buckwheat, the smartweed, the linn and the golden rod."

TOMATO SOUP.—Take a shin-bone, have it broken, and put in a soup-kettle with five quarts of cold water; allow it to boil steadily, and skim. In an hour put in two dozen good-sized tomatoes; do not skin them; boil until your soup is reduced to one-half; take a potato-masher and crush the tomatoes; pass through a strainer; return to kettle, and remove beef before serving; season with salt and pepper. This is a plain country tomato soup. COLORING PICKLES AND SWEETS GREEN.—The following green coloring extract is said to be destitute of any poisonous properties: Dissolve five grains of saffron in one-fourth ounce of distilled water, and in another dish dissolve four grains indigo carmine in one-half ounce distilled water. After mixing thoroughly let stand twenty-four hours, then put together, and the result will be a green solution capable of coloring four or five pounds of sugar.

APPLE CHEESE.—Peel and quarter a quantity of apples, stew them with a little water, a good deal of sugar, the thin rind of a lemon and a few cloves, or a stick of cinnamon. When quite done pass them through a hair sieve; and to one quart of the puree thus obtained add half a packet of gelatine, dissolved in water; mix well, pour into a mold, and when set, turn it out and serve with a custard poured about it. It is well to remember that the puree must be thoroughly well sweetened and flavored to carry off the insipidity of gelatine. MANGE in calves, says the New York Times, is caused by a mite burrowing in the skin. The cure is reached by dressing the part with an ointment composed of four ounces of lard, one ounce of sulphur and one drachm of creosote, well mixed together. Rub this into the skin every morning, and give each calf one teaspoonful of sulphur daily for two weeks. By giving this quantity of sulphur for a week, twice or thrice in the year, this disease is prevented. The sulphur is absorbed into the blood and passes through the skin in the perspiration, and in this manner reaches and destroys the parasitic mites, if present there, or secures such a condition of the skin as to repel them if they attack the skin.

CUT FLOWERS.—The main feature in arranging cut flowers is to show each flower separately and not a quantity crowded together, forming a mass of petals, but that each flower may be seen reposing quietly among the green, giving to each bloom an individual character. A few colors in a bouquet have a much prettier effect than a mixture of many colors. Red, white and buff go well together with green between. A few rose buds with their own leaves, and a little green smilax, make a bouquet more handsome than one composed of many kinds of inferior flowers. In all floral arrangements, whether for vases, bouquets or designs, it is better to put in the green first, and gradually working them up to the required brightness, always remembering that the collection had better lack a flower than have one too many, the object being to form a graceful, refreshing and suggestive picture.

THE highest monument in Great Britain, and possibly in Europe, is that erected by his tenantry to the first Duke of Sutherland, on the summit of Ben Vraggie, Sutherlandshire, 1,400 feet above the sea. The pedestal is 105 feet high; the statue, from a model by Sir Francis Chantrey, thirty. It is a conspicuous landmark on both sides of Moray Firth.

THE census enumerator of Nevada County, Cal., came across two ladies who were twins. One of them placed her age at twenty-eight years and the other at twenty-two years. Cause—one was married and one was single.

Ludlow Street, a very unsavory quarter of New York, is inhabited chiefly, if not wholly, by Poles. They are the cat-meat purveyors of the city, hunting the streets at night to capture cats for sausage. Three of them especially devote themselves to getting, feeding, and breeding cats for the table. The cats captured are carefully examined. Those in good plight are at once killed. The others are fattened. When kept in a yard, the walls are smeared with something so obnoxious to the feline nature that no cat will pass it. A recent visitor to a Ludlow Street yard says: "It presented a most amusing spectacle. About 100 cats of all sizes, colors and ages, were sleeping, eating, quarreling and caterwauling; all grades being represented, from the handsome Angora and Maltese to the homely backyard Tom. When considered fit for eating the cats are sold to small butchers who make a specialty of cat sausage. The delicacy has a ready sale, which is ever increasing. Those who indulge in it declare cat meat superior to any rabbit."

—The trouble with the early peach is that nature seems to have neglected to put any flesh between the pit and the down.

[Reading (Pa.) Times & Dispatch.] A remarkable cure effected in a stubborn case is thus recorded by our Berneville correspondent, to whom the invalid made the statement, which he gives as follows: Mrs. Jacob Sunday, of Jefferson Township, was, for several years, a severe sufferer, and under the treatment of good physicians. She grew worse, and was confined to the house for three months, unable to walk, and hardly able to sit or lie. Several weeks ago she resolved to try the Hamburg Drops. Very shortly after she had taken a dose of the remedy, she experienced relief, and was able to walk across the room. She continued to take the medicine and recently declared herself entirely cured, and is able to attend to her daily work as well as when seventeen years of age.

—A gentleman at one of the hotels spilt some milk on his coat, and wondered if it would leave a grease spot. "Grease spot?" queried a fellow boarder just opposite, "grease spot? Well, I should say no. Rather look for chalk marks when it dries up." The quality of the milk served at that hotel justifies us in agreeing with him.—Keokuk Constitution.

Without a question Buffalo, N. Y., can boast of the largest and most complete private Sanitarium in the world. The Invalids' Hotel was founded by Dr. E. V. Pierce, who has represented his district as State Senator and in Congress, and is known throughout the United States as the originator of Dr. Pierce's Family Medicines, and who has also become widely celebrated in the treatment of chronic diseases. The erection of this mammoth home for invalids was made necessary by the large number of afflicted who flocked to Buffalo from all parts of the United States to consult Dr. Pierce and the eminent medical gentlemen associated with him as the faculty of this celebrated institution. The establishment is said to have cost nearly a half million of dollars, and is furnished with every appliance and facility for the care of chronic ailments. A correspondingly large branch institution is located in London, England. The whole concern is owned and operated by the World's Dispensary Medical Association, of which the original Dr. Pierce is President—his brother, an uncle, and other eminent medical gentlemen taking part in the treatment of cases. In treating cases they are not at all confined to the narrow limits of prescribing the justly-celebrated remedies, Dr. Pierce's Golden Medical Discovery, Pleasant Purgative Pellets, or any other set remedies, however good, but have resort to the whole range of the Materia Medica, as well as to Turkish and other baths, Swedish movements and other approved remedies and methods of cure.

Enthusiastic in its Favor. All householders who have ever used the CHARTER OAK STOVE are enthusiastic in its favor, and say that for all purposes of cooking and baking this stove can not be equalled. The large fires and heavy castings, exposed to the fire, make the CHARTER OAK especially adapted to our soft coal, which is destructive to cast-iron. The Reservoir is pronounced perfect in its arrangement and operation, heating water just right.

NATIONAL YEAST always makes good bread.

[Louisville (Ky.) Commercial.] Steamboat Life and its Progress. In a recent interesting article upon the palmy days of steamboat life on the Mississippi, in which special mention is made of Captain Chas. N. Corri, of Louisville, and the statement of his cure after years of suffering with Rheumatism by St. Jacobs Oil, our exchange says: Such endorsements, coming from our own people, leave no doubt that the emphatic claims made in the interest of St. Jacobs Oil are fully justified.

THE Bone and Muscle-producing Malt, the Nerve-quieting Hop, the superb Malarial antidote Calceya, and other precious ingredients, combined without fermentation, are the ingredients of "Malt Bitters," prepared by the Malt Bitters Company, Boston.

Several Good Things. If you want good digestion, If you want good health, If you want good baking, If you want a good stove, If you want the cheapest stove, If you want a good square meal, Buy a CHARTER OAK STOVE.

Quality Maintained. The Rochester, N. Y., Express says: "So far as the standard of quality of goods is concerned, parties can rest assured the same will be maintained up to the present high character. As a remedy for the speedy cure of Bright's Disease, Diabetes, and all complaints of the Kidneys and Liver, no article of any kind or character can equal it (Warner's Safe Kidney and Liver Care.)"

Advantage of Heavy Plates. The soft bituminous coal used in the West is so destructive on all cast-iron that the heavy plates in the CHARTER OAK COOK STOVE will be appreciated by housekeepers as well as dealers. This advantage, with excellent draft, quick and uniform baking, make the CHARTER OAK the most desirable stove in the market.

The sales of the Frazer Axle Grease are increasing every day, because it is as good as represented.

WILHOFF'S Fever and Ague Tonic, the old reliable remedy, now sells at one dollar.

Would not be without Redding's Russia Salve, is the verdict of all who use it.

TARRANT'S SELTZER APERIENT. Thousands visit the Mineral Springs, here and abroad, and spend thousands of dollars in search for health, when a few cents of Tarrant's Seltzer Aperient would accomplish the same results, at the cost of a few cents. Each bottle contains from thirty to forty glasses of Sparkling Seltzer, which makes it positively the cheapest, as well as the most efficacious mineral water extant.

SOLD BY ALL DRUGGISTS. ASTHMA! Jonas Whitcomb's Remedy.

The late Jonas Whitcomb, of Boston, visited Europe a few years since for the benefit of his health, which was impaired by frequent attacks of Spasmodic Asthma. While under the treatment of an eminent German physician, who became interested in his case, his asthma disappeared; he procured the recipe which had done so much for him. Within the past few years this Remedy has been used in thousands of the worst cases with astonishing and uniform success. It contains no poisonous or injurious properties whatever.

Extract from the "Life of Washington Irving," by his nephew, Pierre M. Irving, Vol. IV, p. 272. "The doctor prescribed, as an experiment,—what had been suggested by Dr. (O. W.) Holmes on his late visit,—Jonas Whitcomb's Remedy for Asthma, a teaspoonful in a wine-glass of water, to be taken every four hours. A good night was the result."

"I have derived very great benefit from 'Jonas Whitcomb's Asthma Remedy.' G. F. OSBORN, President Neptune Insurance Co., Boston, Mass. "My mother had suffered eight years from the hardest asthma. The recurrence of this three months' agony every year must soon wear her out. 'Jonas Whitcomb's Asthma Remedy' arrested the terrible disease, and has kept it off for the whole season, to the great joy of the family."—Dr. J. E. ROY, Chicago Agent of the American Home Missionary Society, to the N. Y. Independent.

Published in the "Concordia Gazette," May 1871. TO THE SUFFERERS BY ASTHMA, BRONCHITIS, Etc.—In the interest merely of such persons, without any conference with those who advertise it, I earnestly urge all who suffer by these distressing maladies to use persistently 'Jonas Whitcomb's Remedy for Asthma, Rose Cold, Etc.' T. B. ROBERTSON, Broad Run, Fauquier Co., Va. Jonas Whitcomb's Asthma Remedy is manufactured only by the proprietors, JOSEPH BURNETT & CO., Boston.

KIDNEY DISEASES, CONSTIPATION AND PILES. are quickly and surely cured by the use of KIDNEY-WORT. This new and wonderful remedy which is having such an immense sale in all parts of the country, works on natural principles. It restores strength and tone to the diseased system, and through them cleanses the system of accumulated and poisonous humors. Kidney diseases of thirty years standing have been cured, also Piles, Constipation, Rheumatism, &c., which have distressed the victims for years. We have volumes of testimony of its wonderful curative power. No longer suffer from the disease, which do more harm than good, or drastic pills, but use nature's remedy. KIDNEY-WORT, which will be quickly and surely cured by the use of KIDNEY-WORT. (Will send post paid.) WELLS, RICHARDSON & CO., Proprs., Burlington, Vt.
