We learn that Dr. Fulton, of Uniontown, has moved to Kansas City to engage in the practice of his profession. The Baumgardner boys have nearly completed their new house on Western street. It cleanses clothes with less than half the amount of labor necessary with other kinds. Roderick & Lawrence have ordered a lot of the best Anthracite coal which will be on hand in a few days. Over twenty different styles and qualities wool flannels just received at B. T. Rodman's, and selling at popular prices.

A. C. Bogle asks us today that since the return of J. H. Fisher, he is no longer acting as deputy county attorney. Mrs. M. G. Barth has the thanks of this office for a bushel of handsome apples. She is a good friend to the printer. Mr. Fisher, of the Pennsylvania Central Hotel, wants 400 pounds of honey, for which he will pay the highest market price. He wants it left in the frames. The Humboldt saloons have promised "never to do it again" if the county attorney and Bogle will only let up on them. They will all close October 1st. Geneva friends tell us that Charlie Knowlton will hardly speak to common folks now. It is only a boy, but following three girls, he thinks it quite an item. The District Clerk wishes to remind attorneys that if they want to get in their cases in time to make up the issues for the coming term, they must be in by the 27th. Our thanks are due Rev. A. B. Tomlinson, of Council Grove, for full report of the proceedings of the Neosho Valley Baptist Association, which will be found in another place. L. H. Brubaker & Co. are selling "Silver Leaf" flour for \$3.00 per hundred and "Success" flour for \$2.50 per hundred. Both brands are giving entire satisfaction. Try a sack. The canning factory is putting up hundreds of bushels of tomatoes. Our grocers and citizens who have sampled them say that they are much better than the average canned goods. Mr. L. C. Munger brought us, last Saturday, some very fine specimens of seedling pecan, grown on his farm west of the river. One of them measures nine inches in circumference. Lauck & Clark have received a new back-ground and other accessories this week that will enable them to make better pictures than ever. Be sure to call on them at Apple's gallery. The lengthening nights remind us that it is about time the literary and social societies should begin to show signs of activity. We have a good reputation in this respect and let us not lose it. We are asked to say to the voters of Elm township, that by order of the Justice of the Peace and the township trustee, all elections in that township will be held hereafter at Elm Dale school house. Mr. Goodhue, of the firm of Goodhue & Evans, started to Martin's Ferry, Mo., Wednesday, to bring out his wife and family. He has secured the house on Madison avenue, formerly owned by Mrs. Brewster. Chas. Otten is building a new brick "back-house." He says it is his expectation to move away the little frame building in which he now does business, in the spring and erect a large brick store in its place. The K. C. L. & S. K. Ry. company are about to put on eight new engines, four for passenger traffic, the engines now engaged in pulling the passenger trains, being too light to meet the demands of increased travel. Mrs. Jas. Simpson has just received a large and elegant line of millinery goods, to which she invites the attention of the ladies. She has all the latest full styles and will guarantee satisfaction to those dealing with her. A number of farmers have been inquiring of our insurance agents lately, if there was any company that would insure them against injury while at the top of a foot step ladder letting down cars of corn by means of a rope and pulley. Miss Mary Morey, having closed her term of music lessons, returned to her home in Garnett last Wednesday. During her stay in Iola she has won the respect of all who knew her, and by her departure we lose one of our best musicians. Northrup & Co. say they have so many goods now that they have to advertise one department at a time. This week they have something to say about their dress goods department, that the ladies will find to their interest to read carefully. Comrades of McCook Post who desire to attend the camp-fire at Fort Scott Monday night, are requested to meet at the court house Saturday night, where all necessary arrangements will be made. All the money in the world is of no value to you unless you have health and strength. Dr. Jackson's famous Root and Herb Cordial will make you healthy, strong and vigorous, purify and enrich your blood. Sold by Goodhue & Evans. It will be Iola's turn to have the next soldiers' reunion, and we rather guess she can "come to law." The trees in our park aren't very big, but there is plenty of room between them to set tables, and our band stand will hold as much eloquence as anybody's. Mr. L. D. Rich, of Girard, son of Henry Rich, of Elm township, made us a call Monday. He says he has recently seen men in Crawford county, who had passed through Allen on account of the league troubles, and that only, and who would otherwise have made us valuable and substantial citizens. Lee Rucker has got his kitchen fitted out again, and is once more in shape for the fall and winter campaign. It is elegantly arranged and he is now prepared to furnish hot lunches on short order and in good style. He also intends to keep a supply of oysters constantly on hand, which he will prepare to order. F. W. Bartlett, a former resident of this county, was married at Kansas City, Tuesday morning, to Miss Fran-cella Lewis, the ceremony taking place at the residence of the bride's parents in that city. They were here Thursday, visiting relatives, and will shortly leave for Florida, where they will reside.—Humboldt Union. We acknowledge with thanks an invitation to attend the meeting of the "Emporia Trotting and Running Association" at Emporia September 25, 26, 27 and 28. Our time has been so entirely occupied in taking up subscriptions to the REGISTER that we have not had time to get our thoroughbred "sees" into good training, so will hardly be able to accept the invitation. S. A. Brown, the great lumber man of Chicago, has been in town this week, accompanied by Mr. Willard Brewer, of Emporia, who has now charge of S. A. Brown & Co's. entire business in the state of Kansas. Mr. Brown while here bought up a car load of fine horses to ship to Chicago. Among them was Dr. Gilliland's large bay for which he paid \$200, W. A. Cowan's \$150, J. J. Casmore's \$150, McClelland's large draught horse \$150 each.

The world renowned, standard, screw fastened boots and shoes—all styles. Nothing like it for Misses' and youth's school shoes. For sale at J. F. Colborn's. We respectfully call the attention of some of the postmasters of this county to the fact that the postmaster-general has lately made a ruling that postmasters who failed to notify publishers when subscribers removed or failed to take papers from the postoffice, will be held responsible for the subscriptions. From the number of bright country boys and girls who are coming to Iola to school, although it costs them their tuition and board, and the number of bright Iola boys and girls who are staying from school, although it costs them nothing, we judge that the excellent facilities now afforded for education here, are appreciated better abroad than at home. Capt. W. H. Clinehy, of New York City, arrived here Thursday. We are always glad to have him come, for the reason that he brings a shower of rain just when it is needed. If the land question was settled the Captain would at once commence to improve his large tract of land in the eastern part of the county. A number of his friends in New York are ready to come here and buy farms as soon as the question is decided.—Humboldt Union. Hardly a week passes but we receive a complimentary word for our country correspondents. Within two months we have been asked by half a dozen editors of county papers in different parts of the State, how we managed to have such full and regular correspondence. We can only explain by saying that our friends are very kind. We cannot make each of them rich, as we would like to do, but they may be assured that we fully appreciate their efforts in our behalf. Othick & Smith have made arrangements for making abstracts of the Anderson county records, and George Smith went up to Hannibal Tuesday to begin the work. He will be assisted by Miss May Morey, and will probably locate a permanent office there. We are sorry to see Smith go, but "business is business." And then he may possibly come down once in a while to spend Sunday with us. B. F. Othick will remain in charge of the office and is now prepared to furnish abstracts on any property desired. Mrs. Condit, of Chicago, a sister of Mrs. Collins, is in the city, coming as a guest of the Early-Collins wedding. She is a woman of varied and remarkable history, and an exceedingly interesting conversationalist. She is a sister of Judge Buckler, one of the great lawyers of Indiana, and well known in legal circles throughout the country. She has been for years past prosecuting a suit involving the title to valuable real estate in Chicago, almost rivaling the famous litigation of Mrs. Clark Gaines; and like the latter she has recently gained her point. She has purchased real estate quite extensively in Kansas, and will probably make some investments here. She writes very interesting accounts of the growing west to eastern papers. FOR TRADE. Four-horse power corn sheller. A. W. BECK. NOTICE. The Allen County Teachers' Association will meet at Humboldt, Saturday, October 13, 1883, at 10 a. m. A. S. OLIN, President. ANXIE M. KEYSER, Secy. OSAGE PRIMARY. The Republican voters of Osage township are requested to meet at their usual voting place, Thursday, Sept. 27 at 2 o'clock p. m. to elect 3 delegates to the county convention. J. C. BEATTY, C. C. THE LADIES' READING CLUB. After its last meeting, held at Dr. W. D. Scott's on Wednesday afternoon, the Ladies Reading Club prepared a tea to which "its" husbands were invited. Not happening unfortunately, to be included in the list, we could not be present, but from all accounts a most enjoyable evening was spent, the husbands seeing to it that their wives, the club is composed as follows: Mrs. H. L. Henderson, Mrs. J. W. Scott, Mrs. M. L. Brewster, Mrs. Frank Root, Mrs. R. Fulton, Mrs. E. S. Miller, Mrs. R. H. Knight, Mrs. J. H. Vanuys, Mrs. Wm. Davis, Mrs. J. H. Richards, Mrs. Dr. Henderson, Mrs. J. T. Lakin, Mrs. E. Mounser and Mrs. W. D. Scott. NEW-CUMMINGS. Through the kindness of Rev. E. K. Lyon, a circulating clergyman, and by a bountiful supply of cake, we are informed of the marriage on Tuesday last, at the residence of the bride's mother at Carlyle, of Mr. John H. New and Miss Rachel Cummings. The wedding was very quiet, only the immediate family of the bride and groom being present. Mrs. New is a sister of our friend W. A. Cummings and has been one of the most popular young ladies in Carlyle neighborhood. We have never met Mr. New but he is spoken of as a young man of many estimable qualities. The happy couple started soon after the ceremony, for a visit of some length among friends and relatives in northern and central Indiana. EARLY-COLLINS. "Married at the residence of the bride's mother, in Iola on Wednesday the 19th inst., by the Rev. S. S. Weatherly, Mr. P. D. Early, of Harper, and Miss Carrie B. Collins." The above notice was handed to us yesterday morning and briefly announced the union of one of our brightest and most estimable young ladies, with a gentleman who is in every way worthy of his bride. The ceremony was performed by lamp light in the darkened parlors of the bride's mother, at 1:30 p. m. in the presence of about fifty of the friends of the parties, Mr. J. M. Smyth and Miss Ella Burke acting as groomsmen and bridesmaids. After congratulations had been offered an elegant dinner was served, and an elaborate array of presents made to the bride and groom. Through the kindness of Miss Ella Burke, we were loaned a complete list of the gifts with the names of the donors, but due to our regret, we find our columns too crowded to admit it. Mr. and Mrs. Early started yesterday for their future home in Harper, where "Pete" is proprietor of a "run line."

Question Drawer: Please let everyone bring lesson quarterly and Gospel Hymns. Mrs. M. N. BEATTY, Secretary. TAX PAYER'S MEETING. At the meeting of the Union last Saturday in Iola, it was moved by Mr. Travis, and carried unanimously, that the attorney be instructed to select and prepare four test cases, and push them to the highest tribunal in the shortest possible time. There is no mistaking the tax payers' position on this question. They want it settled once for all speedily, and propose that everything that energy and money can do to bring about that end shall be done. In this connection, and as showing the great importance of the matter to the county, several instances have very lately come to our notice of substantial stock men refusing to locate in the county solely on account of this turmoil and uncertainty. They are the very class of men we need—extensive and liberal grain buyers, who would give our farmers a good and ready market. Surely if the efforts of the tax payers' Union shall result in hastening the settlement of these questions, it will be of incalculable benefit to the county. THE LITTLE DUCHESS. We were glad to see a crowded house out to greet Mattie Williams last Monday night, and we are also glad to say that few, if any, went away disappointed. The play, we understand, was written by Mr. Williams himself and while it was by no means original or of a very high literary grade, it was full of dramatic situations and kept up the interest from beginning to end. And it was well played. The "Little Duchess" was very nearly perfect, while John Ainsworth and Peter Robbins were extremely well played. Sir Leslie Gordon was probably the least satisfactory character in the cast. He showed his villainy altogether too plainly. A man that had the wit to concoct and the nerve to execute such deep laid schemes, would not betray himself by looking so constantly ill-at-ease and apprehensive, that a child could notice it. Taken all in all, however, not forgetting the music—the performance was the most satisfactory one that has been presented to an Iola audience for a long time. Mattie Williams will always be sure of a crowd in Iola. ATTEND THE PRIMARIES. It is only a few days now until the primaries for the election of delegates to the Republican county convention, will be held in the various townships, and we wish to urge upon all Republicans the duty of attending them. The primary is the initial point of all elections. As the primary goes, so goes the convention and the nominees of the convention will be elected without a shadow of doubt, if they are the right men. The way to get right men nominated is to elect right men at the primaries and this will be done if every Republican turns out and votes his honest sentiments. Political slysters and demagogues always depend on the indifference of voters at the primaries for the success of their jobs, and the only way to defeat them is for every man to be on hand with his mind made up to vote according to his own judgment. The people have the election in their own hands at the primaries, but after that, it is virtually taken away from them. The only way then, is to take hold of it while there is yet time and give it the right start. If this is done we may confidently expect an honest, harmonious convention and a satisfactory ticket, and that is what we must have. THE NEOSHO VALLEY BAPTIST ASSOCIATION. Closed a very pleasant annual meeting with the First Baptist church at Iola Sunday the 17th. The series of meetings began on Thursday, and were well attended by the delegates from the various churches comprising the association. Ministerial, church and Sunday school work, Home and Foreign missions, and indeed the various objects of interest to the denomination were discussed. Reports from the various churches show an increase both in numbers and material prosperity. The following officers were elected: A. F. Brady, of Burlington, was chosen Moderator; Elder A. B. Tomlinson, of Council Grove, was chosen Clerk and G. Chase, of Iola, Treasurer. The annual sermon was preached by Elder A. B. Tomlinson. Sermons were also preached by Elders Brady Anderson, of Rockford, Illinois, and I. F. Davis, of Fort Scott. Prof. L. M. Ward, president of the Ottawa University, preached a sermon on Education, and gave some interesting facts concerning the university which showed that institution to be a flourishing

condition and worthy of the patronage of its friends. On Sunday Elder Brady preached a sermon on "Home Missions," at eleven o'clock in the Baptist church. At 8 o'clock a Children's meeting was held, in which Elders Brady, Tomlinson, Miller, Weatherly, Ward, Melton and Webb participated. In the evening a platform meeting was held, in the interest of Foreign Missions, on which occasion several ministers addressed the congregation, including the pastors of the Presbyterian and M. E. churches. During the Association liberal collections were taken for the Ottawa University, Home, and Foreign Missions. Upon invitation of their pastors A. B. Tomlinson preached in the Presbyterian church, and A. A. Petty in the M. E. church Sunday at 11 o'clock a. m. The delegates to the Association have great reason to be grateful to their friends in Iola who gave them such pleasant homes during their stay among them. A. B. TOMLINSON, Clerk of the Association. HEADS. The lecture by Rev. Mr. Brady, at the Baptist church Monday evening was well attended and is very highly spoken of by those who heard it. The subject was "Heads" of which the speaker thought there were six kinds viz: Figure-heads, Dead-heads, Sore-heads, Big-heads, Soft-heads, Level-heads. He gave the prominent characteristics of each, illustrating in a very happy manner, by incidents from his own experience and observation. The lecture throughout was an interesting combination of humor, wit, and good hard sense and held the closest attention of the audience. Mr. Brady is an Irishman by birth, was educated for the Catholic priesthood, but became a Protestant and is now pastor of the Baptist church at Burlington. He has promised to visit us again sometime during the winter, when we hope to see him welcomed with a full house. G. A. R. CAMP-FIRE AT HUMBOLDT. By the good grace of McCook Post, of this city, we were permitted to participate in the festivities of the campfire at Humboldt Tuesday night, and when we say that a glorious good time was had, we echo the sentiment of every one who was there. Chanute, Neosho Falls, Iola, and other neighboring posts were well represented, there being an aggregate of over 1,000 people on the grounds. McCook Post under Capt. Sawyer, led in point of numbers as usual, over seventy members of the post, besides invited guests, being present. Humboldt takes the cake on her park. Nothing could have been pleasanter than the cosy grove brightly illuminated and dotted with campfires, the neat band-stand, and last but not least, the long tables fairly groaning, not only with baked beans, but with all the delicacies and good things of life—not so very suggestive, we thought, of the din of battle, or the homely fare of the camp. "This," said one of the speakers, "is the work of fairer hands and kinder hearts." The "loving preparation" of the ladies of Humboldt was certainly appreciated to the full. The Chanute and Iola bands were present, and kept the interims lively. The formal exercises were opened by prayer by Rev. Goodnight, and a neat and appropriate address of welcome by Hon. E. A. Barber. This was responded to in a thrilling speech by Comrade McBride, of Neosho Falls. McBride has the element of a true orator. He made "the boys" fairly yell with delight. He will be sure of a warm welcome hereafter whenever he appears before a G. A. R. audience. After supper, for which ample and admirable preparations had been made, and which was served to all decently and in order, Mr. Stillwell was called for loudly, and responded in a half hour's speech that entirely won his audience. It was a talk that goes to a soldier's heart—hits him "right where he lives," so to speak. Col. G. P. Smith closed the exercises with a short and impressive speech. We are glad to note the fraternal feeling manifested by the neighboring, and, in a sense, rival towns represented, and particularly between Iola and Humboldt. We have always deprecated the lack of cordiality between the towns, and we hail with pleasure the amity and good feeling indicated by this and other gatherings. In concluding, we would like to see McCook Post get up a reunion before the weather becomes too cold, and return the compliment to our neighbors. WHY DO YOU COMPLAIN SO?—If you are feeling bad, take Dr. Jackson's Root and Herb Cordial. It will invigorate, strengthen, vitalize and enrich your blood and give you new life.
