THE MEETINGS. The union meetings which have been going on at the A. O. U. W. hall for the last five weeks were discontinued last Tuesday evening. The last meeting was one of the largest and most interesting of the entire series. The exercises were confined to short talks by the members and pastors of the different churches. On the motion of the ministers, a vote was passed expressing the thanks of the committee and of the people generally to the A. O. U. W. Lodge, to the management of the opera house and to Mr. Bowlius, for generously in furnishing meeting places free of charge. Also to the musicians who have contributed so much to the pleasure and success of the work by their excellent music. The meetings have certainly been remarkably successful, and those who have had them in charge are very much gratified with their experience. ANNOUNCEMENTS. Quarterly meeting at the M. Robert Smith will deliver a sermon to the old veterans of the late war at the Baptist church, services commencing at 7:30. Comrades rally on the center. Mad Dogs. Several times lately it has been reported that there were rabid dogs in the neighborhood. On Tuesday two little girls, one the daughter of J. A. Stempel and the other of J. W. Carter, were attacked by a dog showing symptoms of rabid. The Carter child was bitten on the hand, inflicting a slight wound. Mr. Stempel's daughter received some scratches but not deep enough to draw blood. One of the dogs sampled H. H. Hayward, but possibly tackled the wrong leg and failed to do any damage. Several dogs were bitten and considerable apprehension is felt. Of course it is very difficult to know certainly when a dog is really mad; but no one wants to take any chances of the horrors of hydrophobia. We can easily spare a few hundred dogs and the slightest suspicion that one has been exposed to the disease is reason enough for putting him out of the way. The city marshal gives notice that after today all dogs found running on the streets without muzzles will be shot. Dog owners can govern themselves accordingly. HIGH SCHOOL NOTES. The punishment for writing notes was carried into effect this week but not for receiving them. ROWE BUD. A Woman's Discovery. Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured.
