OFFICIAL PAPER OF ALLEN COUNTY

WHAT THE Omaha police are trying to fathom is a solution to the familiar saying "as the Crowe flies."

Hutchinson News: This century will have twenty-five presidential campaigns. Mr. Bryan will probably not live to be a candidate in all of them.

Lawrence World: Mankind will not be regenerated until a man can pass a cranberry barrel and not steal. Cranberry barrels are really the temptation that cannot be withstood.

THE new Governor of Nebraska has broken the record by sending in a message to the Legislature containing only a thousand words, less than an ordinary newspaper column.

A SAN FRANCISCO paper makes much ado about a man living without a stomach in that town. There are thousands of Americans who would be glad of the opportunity, having found living with a cantankerous stomach a very trying ordeal.

IT is related that a Philadelphia youth addicted to high collars and high balls, sat down on his front steps intoxicated and was found the next morning choked by his own collar.

A NEW daily paper is announced for Peoria, to be published in seven different languages. While this fact may cause some confusion at times, every newspaper man will envy the editor's chance to fully express his opinion of certain things.

THE certainty that not enough members of the Legislature are pledged to either Baker or Burton to secure the election of one of them has brought some mighty good names as Senatorial possibilities.

A RESOLUTION directing the census committee to inquire into the alleged restriction of the right of suffrage in the southern States was defeated in the House Wednesday by the narrow margin of two votes.

W. A. White: The Letters have just given a grand ball in Washington. Old man Letter is an Americanized German. He started as a \$5 a week clerk in a country store.

THE Emporia Gazette publishes a rousing editorial upon the danger of Emporia becoming a wicked city when she shall have grown into a great metropolis on account of the new railroad to which the county has just voted bonds.

LIGHT FROM LUZON

The following letter was sent to The Outlook with a note stating that its author was Lieut. Col. James Parker, United States Army, a graduate of West Point and Rutgers College, and

Should Know THE Secret of

Nervous Women

Orangeine

There is a world of comfort and cure in these little powders. Thousands of women the world over testify to their accuracy for "tired nerves."

"Orangeine" is a necessity next to food and clothes, writes Mrs. Edna Dodger, Houston, Texas.

Sold by druggists generally in 25 and 50c packages. A trial package will be sent to any address for 2-cent stamp.

ORANGEINE CHEMICAL CO., Chicago, Ill.

a son of Cortlandt Parker, of Newark, N. J. Col. Parker is in command of "an isolated province in southeastern Luzon," with a population of some 50,000.

"In one of the schools I have established here the children, taught two hours daily by a soldier, orally, (for I have no books) have learned in six weeks over 500 English words, and can even sustain a short conversation, their accent being clear and distinct.

Nowadays as I ride about my province I am saluted at every door by little childish voices piping up, "Good morning, Colonel." I stop and speak with them in English.

"Things are gradually progressing here. We have mayors and police in all the towns of the province and schools. I detail a soldier to teach in each school and the children are making great progress.

"Things are gradually progressing here. We have mayors and police in all the towns of the province and schools. I detail a soldier to teach in each school and the children are making great progress.

TICKET SCALPERS IN TROUBLE

Some are in Jail and Chief of Police Kiple is After Others.

The Chicago Inter-Ocean of recent date says: The ticket scalpers are having a lively time of it.

The ticket scalpers are having a lively time of it. B. Newriter was held to the grand jury yesterday by Justice Prindville, on a charge of forgery preferred by Commissioner Donald of the Central passenger association.

"I am very glad the passenger associations are prosecuting these ticket scalpers," said Chief of Police Kiple. "We have had an average of two or three complaints every day since the Grand Army encampment from persons who were sold worthless tickets by scalpers."

YOU should know that FOLEY'S HONEY AND TAR is absolutely the best for all diseases of the throat and lungs. Dealers are authorized to guarantee it to give satisfaction.

1200 MORE RETORTS

Four More Furnaces to be Added to the Nicholson Smelter—It Means

FOUR THOUSAND DOLLARS

A Month Added to the Payroll of Iola's Flourishing Industries

Mr. Nicholson may also put in a Rolling Mill and Acid Works—To Begin at Once

Mr. George E. Nicholson has bought an additional tract of land adjoining his present smelter site and will at once begin the work of adding two more blocks of retorts and building the necessary additional kilns, potteries and other structures that will be needed to operate the new furnaces to their full capacity.

In order to make this extension of his already large plant Mr. Nicholson was obliged to have 200 more feet of land, and he has been negotiating for some time with Mr. John T. Holmes, the owner of the adjoining tract, to secure it.

Mr. Nicholson lost no time, but has already placed his orders for the material needed to construct the new furnaces, and the work will be pushed as rapidly as possible.

When Mr. Nicholson came to Iola he only promised to run a smelter of two blocks. He has gradually and without asking any contributions from anybody, built one block after another until he now has 1800 retorts.

The contemplated expansion will require an addition of 75 men to the already large force, and will increase the payroll from \$9000, its present figure, to \$10,000 a month.

This large extension of his plant naturally imposes the necessity upon Mr. Nicholson of providing a market for his increased product, and he expects to start east Monday night to look up the matter of a rolling mill and acid plant.

And that is the way he grows! This large extension of his plant naturally imposes the necessity upon Mr. Nicholson of providing a market for his increased product, and he expects to start east Monday night to look up the matter of a rolling mill and acid plant.

And that is the way he grows! This large extension of his plant naturally imposes the necessity upon Mr. Nicholson of providing a market for his increased product, and he expects to start east Monday night to look up the matter of a rolling mill and acid plant.

SMITH---LANDIS

Well Known Young Iola People Surprise their Friends by Quietly and Privately Marrying

At 3 o'clock Sunday afternoon Mr. Frank B. Smith and Miss Bessie L. Landis were united in marriage at the home of Mr. Harry Robinson, Rev. Powell, of the Episcopal church, officiating.

The young people kept their purpose well guarded and the news of their marriage was a complete surprise to their many friends.

Mr. Smith came here from Pittsburgh, Pa., about two years ago, and has filled with entire satisfaction to his employers a responsible position in the laboratory of the Lanyon Zinc Company.

So the friends of Mr. and Mrs. F. B. Smith feel disposed to forgive them without stipulating terms of surrender and extend as hearty congratulations and as warm good wishes as if they had been invited to witness the ceremony and join in the benediction.
