THE W. C. T. U. CONVENTION.

The Cherokee County Woman's Christian Temperance Union held its annual convention in this city July 18 in the M. E. church. About fifty delegates were present from the unions of Weir City, Columbus, Crestline, Lowell, Vark and Baxter Springs. The Y's of Lowell were represented by an excellent choir under the leadership of Miss Hattie Sharp and assisted by several gentlemen, honorary members.

The convention was called to order at 9:30 a. m. by Miss Rose Haworth. The opening Bible service, conducted by Mrs. Hoover of Columbus, being a scripture reading and prayer, gathered our hearts together in humble, happy worship and acknowledgment of Christ our leader in this precious work for humanity. The convention then proceeded at once to work. The program was fully carried out, with the exception of the president's address, which was omitted to give place to a brief address from Mrs. Battles, of Stella, Neb., on her special subject, "Health and Heredity." Mrs. Battles made an earnest appeal to mothers to exercise greater care in the rearing of their daughters and sons, and we only wish the fathers could have been present and heard the same.

The following county officers were then elected for 1890-91: President, Mrs. Sarah Morgan of Lowell; corresponding secretary, Mrs. Alfarretta Mitchell of Vark; treasurer, Miss Ruth Mitchell of Vark. Superintendents of departments: Work among foreigners, Eliza Melloss of Weir City; work among colored, Mattie Jones of Tehama; young women's work, Miss Lizzie Beatty of Weir; juvenile work, Mrs. Jennie Davis of Weir; health and heredity, Mrs. M. E. Janney of Crestline; scientific temperance instruction, Mrs. Sidney Hathaway of Baxter Springs; temperance work in Sabbath schools, Mrs. Emma Slaughter of Columbus; literature, Miss Rose Haworth of Vark; influencing the press, Miss Haworth; our Messenger and Union Signal, Mrs. H. E. Davis of Crestline; relation of temperance to labor, Miss Rose Haworth of Vark; non-alcoholic medication, Mrs. Alma Fribley of Baxter Springs; evangelistic work, Mrs. Nellie J. Pugh of Weir; flower mission work, Miss Maude E. Smith of Galena; prison work, Mrs. Sarah Hoover of Columbus; work among railroad employes, Mrs. Maggie Garretson of Weir; work among soldiers, Miss Julia A. Wilson of Baxter; social purity, Mrs. Mary Mitchell of Vark; county fairs, Mrs. Emma Slaughter of Columbus; petition work, Mrs. Ruth Cox of Lowell; legislative and franchise work, Mrs. J. D. Pendleton of Weir; peace, Mrs. S. H. Morgan of Lowell; music, Miss Hattie Sharp of Lowell; Sabbath observance, Mrs. S. H. Kenworthy of Crestline.

The committee on resolutions, consisting of Mrs. Hoover of Columbus and Miss Ruth Mitchell of Vark, reported the following, which was duly adopted:

The Woman's Christian Temperance Union, in convention assembled, recognizing the leadership of the great Creator of our bodies and Father of our spirits, in whom we live and move and have our being, and without whom we can do nothing, desire to offer the profound gratitude of our hearts for the success which has attended our efforts in this our work for God and home and every land, therefore,

Resolved, That we hereby pledge renewed loyalty to our Lord Jesus Christ, obedience to His laws, faith in His promises, and greater diligence in seeking to know and do His will.

Resolved, That we will continue all lines of evangelistic and educational work as laid out by the national and state organizations.

Resolved, That realizing the responsibility which will devolve upon American women in the future as citizens of this Republic, we will prepare ourselves for an intelligent use of the ballot.

Resolved, That we consider it both a privilege and a duty to do our part to sustain the Union Signal, our national organ, and Our Messenger, our state organ, since these give us more information upon the many phases of our great reform than we can gain from any other periodical; we will therefore redouble our efforts to interest our unions in the circulation of both these excellent papers.

Whereas, It is unlawful for any person or persons to sell, give or furnish any cigar, cigarette or tobacco in any form to any minor under sixteen years of age, therefore,

Resolved, That we importune mothers and teachers of public schools and all good citizens to see that this law is enforced; also

Resolved, That we protest against all uses of the representation of the faces and forms of women as trademarks and advertisements of tobacco and liquors.

Resolved, That we advise local unions to hold Demorest medal contests as being highly educational.

Resolved, That the Temperance Hospital is worthy of our cordial assistance and we greatly value the demonstration therein given of the success of non-alcoholic medicines in the treatment of disease.

Resolved, That we rejoice in the efforts which are being made in many states by individuals and the public press for the enforcement of the Sunday laws, and we pledge our hearty co-operation in the work of educating public sentiment along this line.

Resolved, That as a christian organization we deplore the position taken by Christian America in regard to the introduction of rum into heathen Africa, and pray that this sin and stigma may be speedily removed.

Resolved, That this convention expresses sincere thanks to the W. C. T. U. of Baxter Springs for the cordial welcome given us and the hospitable entertainment; to the pastors who honored us with their presence; to the trustees of the M. E. church for the use of their beautiful house of worship; to the editors who have so generously donated space in their columns for our program, and to all who have contributed to our comfort, thus enlarging our opportunities for usefulness as a Woman's Christian Temperance Union.

All the unions in the county were represented and reports from all were encouraging and stimulating. We cannot but feel that a faithful attendance upon these county conventions, which are held every three months, would result in great benefit to our ladies individually, both in the intellectual and the spiritual stimulus afforded, and that work all along the lines would thus be easily carried on with redoubled power.

The delegates were entertained by the Baxter union at Mrs. C. Polster's, who served a fine dinner in her usual first class style.

The report from Mrs. Morgan in regard to her special work, "scientific temperance instruction in schools," was among the items of great interest in the convention. To our great regret Miss Rose Haworth was obliged to resign her position as county superintendent on account of impaired health. Miss Haworth has done valuable work for our county society for some years. As a faithful, efficient, wise and acceptable superintendent she cannot be surpassed. While we deeply sympathize with her in her inability to serve us longer, yet we rejoice that we have among us a lady possessing such high qualifications for the work as Mrs. S. H. Morgan, our new president. Her long experience as president of a union in Indianapolis, added to personal traits which win the love and confidence of those associated with her, combine to make us extend to her a hearty welcome as our new president. We sincerely hope that our ladies will endeavor to assist her in all ways that they can. Long may she live to lead us on to greater victories in the cause of temperance and christianity than we have ever hoped for.

In the evening Mrs. Battles gave a public address. The Baxter union furnished the music, a double choir from the Methodist and Presbyterian churches being in attendance. The rendering of our white ribbon song was beautiful and effective. Miss Ruth Mitchell gave a recitation which was listened to with deep interest.

After a collection amounting to \$4.36 the convention adjourned.

Your attention is called to the following facts and figures: A barn that will cost \$100 will hold 50 tons of baled hay. Fifty tons of hay put in the barn in July will bring the next April \$2 per ton more than the same hay would if stacked on the ground. Thus you have your barn paid for the first year and have as much money for your hay as you would have without the barn. The larger the barn the better this rule will work, as the capacity will increase faster than the cost.
