## Storm Prophet Hicks' Paper.

Many persons know of Rev. Irl R. Hicks, the noted storm prophet, but are not so well acquainted with the fact that his monthly paper, Word and Works, is one of the most attractive and instructive journals in America and is doing more to educate the people in science than any other. It not only contains Rev. Hicks' monthly forecasts, complete and unabridged, but also articles from his pen on astronomy and planetary meteorology, finely illustrated. There is a sermon or religious article in each issue, a "Home, Sweet Home" department, edited by a lady, a "Youth and Beauty" department for boys and girls, "Queries" for those who want hard nuts cracked, and many other good things. All this for the low price of \$1 per year. All subscribers who pay a year's subscription in advance before Feb. 1, 1894, will receive free as a premium Rev. Irl R. Hicks' almanac for 1894. This book alone is worth the price of subscription. Send six cents for sample copy of the paper or send \$1 for a year's subscription to Word and Works Publishing Company, St. Louis, Mo.

How long can one young man on \$100 a month, with expenditures of \$150, keep it up before he begins to use the cash in the money drawer?

If it costs an unmarried man all he makes to live, how much will it cost to marry and raise a family?

If a cow gives two gallons of milk a day worth 8 cents a quart, how deep is the cistern in the cow lot?

If two candidates in a county having a voting population of 8,395, receive 5,000 and 5,500 votes respectively, how long will it require to purify politics, the county having an area of 325 square miles?

If a landlady charges \$3 a week for board, or \$30 a month, and the boarder skips one day before the month is up, how much does she lose?

Joplin Herald: Deputy Sheriff Bullington, of Cherokee county, Kansas, disgraced himself publicly Thursday by getting drunk. He came to Joplin on official business and began proceedings by stating that the Joplin officers had no nerve. He then went to a saloon to fortify his own nerve with a few horns of that elixir which cannot be secured in Kansas, but Bullington is not a "stayer" and his nerve and the whiskey soon had him down. He went up to Judge Craycroft's office and when he started to leave the drunken beast fell head foremost down stairs and rolled across the pavement to the curb. He was taken home in a buggy. He is a disgrace to the dignity of Cherokee county and his resignation should be asked.

When on a visit to Iowa, Mr. K. Dalton, of Luray, Russell county, Kansas, called at the laboratory of Chamberlain & Co., Des Moines, to show them his six year old boy, whose life had been saved by Chamberlain's Cough Remedy, it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the remedy. For sale by McFadden & Price.

## COMPLIMENTS, REMINISCENCES, ETC.

The following is from J. F. McDowell, a former Cherokee county newspaper man, and at one time a resident of Baxter, but who is now associate editor of the Kansas Commoner, a Populist paper published at Wichita:

WICHITA, KANSAS, Nov. 23, 1893.

EDS. BAXTER SPRINGS NEWS:—I cannot resist the temptation to not only thank you for the mammoth copy of the NEWS of the 18th inst. received today, but also commend you for your enterprise, the neatness of print and "make up" and the very interesting matter from pages 1 to 16.

Really, boys, the people of Baxter Springs, and you, too, may well feel proud of the NEWS, and I assure you I have read your "jumbo" sheet with more than ordinary interest.

As I read the local items and ads. familiar names and faces come to mind, and incidents and memories are recalled that had been forgotten.

Baxter Springs has a peculiar history. Some one ought to write its history and entitle it "The Rise and Fall, and Rise of Baxter Springs." You might assign the duty to Charlie Daniels if he could be induced to branch off a little—not give himself wholly to religious and temperance subjects.

Of course John M. Cooper took a page adv. in your paper. Baxter without John M. Cooper would be like Hamlet with Hamlet left out.

And then there's John Opperman, another old Baxter stand-by. What in the world would the farmers in that vicinity do if John should quit manufacturing "gears" and hickory bark should play out?

Billy Hornor, another old-timer, who was there before the cowboy and "beer jerky" made Baxter famous, remained through the "fall," and is still a-campin' with her on the "rise."

I see my old friend, Captain Kennedy, is still peggin' away. I wonder if he is as fool a Republican as he was some years ago.

Bob McGregor, I suppose, when not attending lodge meetings and helping to run reunions, incidentally gives his attention to the paint business, but I'm told that since 1890 Bob don't carry "red paint" in stock.

It seems only a few years ago when John Polster was a kid, but now evidently an enterprising and prosperous merchant, with great faith in printer's ink.

If all the good people of Baxter who want to go to heaven were called on to stand up, George Gregg would sit still. Baxter is good enough for George. He has stood by Baxter and Baxter has stood by him—when he ran for treasurer.

I see George Polster still holds "the corner" down, and in my imagination I can see Ten Glenn and Billy Justice picking their teeth after a limberger feast.

I wonder if Bull Widrum, or Bill Woodrum is still cuttin' meat and sassin' everybody that comes along as of yore? Will Bill Woodrum and Just English continue to cut steaks and chops when they get to heaven?

Mrs. Stark, too, still pins her faith to Baxter.

Among the old stand-bys I notice Henry Ohlen and his estimable frau are still feeding the hungry.

I see many names new to me among your business people, and I learn that ex-Baxterites, like myself, who have not seen your town for years, would hardly know the place—so greatly has it improved and changed.

I have watched you people in the years since the rehabilitation of the place—if I may use that term—admired your enterprise, commended your energy and praised your pluck, but at the risk of having you say, "Hear that old crank again!"

I will say that you people have expended enough of effort, displayed sufficient enterprise and spent enough money in advertising to have built a town of 25,000 people, and that the only reason why you have not that number is because of the insufficient money volume of the country.

Methinks I hear you say, "Cranky as ever!"

With kind regards to old friends I remain Yours truly,  
 J. F. MCDOWELL.
