

Bigger than Ever!

Our trade the past few months has been growing steadily. We are doing more business now than ever before, but we expect to do more.

New and Better Goods

Are arriving every day, but we are getting rid of them as fast as they arrive. People come from a distance of forty miles to take advantage of the bargains we offer. We are at present making

Lower Prices than ever

before and that, together with the large assortment of goods we carry, is the reason our sales are so large.

Anything You Want

in the way of Dress Goods, Trimmings, Boots, Shoes, Overalls, Hosiery, Shirts, Table Linens, Napkins, Stationery, and in fact anything in a complete Dry Goods, Furnishing Goods and Boot and Shoe house, can be found in our store.

THE TARIFF HAS BEEN TAKEN OFF

of all our goods and we are in the lead on the best goods at the lowest prices. If you don't believe it, call in and see.

We Will Not Be Undersold

We make the claim of selling the best goods for the least money and we mean to make our claim good. Children sent to our store will be treated the same as older people. We take advantage of nobody, and bear in mind we will not be undersold. Yours for trade,

BAXTER MINERAL SPRINGS SANITORIUM.

The bath house and springs have been refitted and refurnished throughout, and everything is now in first-class shape. We came to this city because the waters of the springs are the best in the whole country. At our office on Sheridan avenue, we are prepared to treat the afflicted. We endeavor to keep abreast of progressive science. Medical science is far ahead of the usual medical practice and is doing more to-day than ever, not only to preserve life, but to restore and promote perfect health. Our methods of treatment are the latest. We treat all nervous disorders, many diseases of the skin and glandular system with electricity, scientifically applied; all catarrhal and lung affections with compound oxygen, when required, and all blood impurities with purely vegetable compounds. If you are sick and discouraged, consult us. It will cost you nothing to investigate. We want to get acquainted. Although the springs are under our control, make yourself at home there as usual.

Yours for health,
DRS. JONES & JONES.

Christian Sabbath vs. Jewish Sabbath.

Elder W. G. Springer is invited to give a few sermons on this question in Baxter Springs soon after the reunion, commencing on Thursday, September 13th. The Elder is thus called on because he has debated it with more men and wrote more on this question than any person in Kansas.

Dr. Buhl, the Indian doctor, arrived in our city Wednesday. The doctor invites all who are afflicted with pains, rheumatism, cramps, ear-ache, neuralgia, sore throat and all moving pains, to call, and he will cure them free of charge. Consultation free. Diseased eyes will be treated without pain; also dropsy will be removed in two days. Ladies are especially invited to come and the local physicians. Every body cordially invited. All free for the present. Office over Polster's drug store.

I desire the names of all persons having unfurnished rooms to rent; also a few furnished rooms.

TO THE PUBLIC.

The Baxter Springs Normal and Business College will open September 10. The building has been beautifully furnished, an excellent corps of instructors has been selected and everything will be in first-class condition. If you desire to patronize a college this year, it will pay you to investigate this institution. This is a new school, but it is better prepared to do satisfactory work than many institutions that have been established for years. The opinion seems to prevail with some that a college must be established ten or fifteen years before it is capable of doing good work. We propose to prove that this is not necessarily true. It is not a matter of years, but of thorough equipment and competent instructors that determine the character of the work done in educational institutions. We receive no aid from church or state, and it is absolutely necessary that we do good work as we depend wholly upon our patronage for support. We have made the expenses so low that everybody can take advantage of it. It is no longer the question "shall we educate?" Everybody realizes the necessity of education in this day. The question now is "can I afford it?" You can't afford to do without it. If you really want an education you can get it. Read these terms and ask yourself where you can derive a greater benefit for so small an investment:

You can carry any one of the four regular courses—Business, Normal, Scientific and Classical, one term of ten weeks, for \$10; or four terms, one entire year of ten months, for \$35; and if you do not desire to take up any one of the regular courses, you can select your course from the four at the same price. You can board in good private families for \$2.50 per week, or by clubbing you can board for \$2, or you can rent a furnished room or an unfurnished room and furnish it yourself and bring your provisions from home, as many are preparing to do, and live almost as cheap as you can at home.

Parents, consider this matter, and see if it is not about the best thing you can do for your children. If you can't enter the first term, enter the second. New classes are formed at the beginning of each term. Send for a catalogue or call on J. H. BOWMAN, Pres., or C. S. BOWMAN, Bus. Man'gr.

Frank E. Griswold's Uncle Tom's Cabin Company will appear in Baxter Springs Tuesday, September 4, 1894. This company in their own car carry a car load of special scenery and mechanical effects. One of the finest bands on the road will give a street parade at noon. This company has been organized at an actual cost of \$10,000 and should not be confounded with other so-called companies playing this piece. Mr. Griswold was the first and only manager to produce the piece in the South, being actively connected with the play for over 20 years. He has played the piece in all the large cities in America including Cleveland, Indianapolis, Chicago, St. Louis, Detroit and San Francisco. The same company will be seen in the play here. Remember the date.

FRIBLEY-SANDS.

Probably the most fashionable home wedding ever witnessed in this city occurred at the residence of Mr. and Mrs. R. H. Sands on East River street, Wednesday evening, August 29, when their daughter, Leila, was united in marriage to Mr. Charles J. Fribley, by Rev. J. M. Crawford of the First Presbyterian church.

About 8 o'clock the guests began to arrive and by 8:30, the time set for the ceremony, fully 200 were in the house and on the grounds.

Miss Nena Crawford presided at the piano and promptly at 8:30 o'clock began the rendition of a beautiful march from Mendelssohn. The bride and groom, preceded by the pastor and followed by the D. S. D. club, of which the bride is a member, passed through the hall and back parlor into the front parlor, and took their positions under a large star, made of pond lilies and other sweet-scented flowers. Rev. Crawford offered a short prayer and then proceeded with the ceremony, which he performed in his usual impressive manner. During the ceremony the pianist played "Annie Laurie." After the ceremony the guests passed through the parlor and tendered their congratulations to the happy couple, who kept their positions under the star. After several moments spent in well wishing, supper was announced, and such a supper! Long, snowy white tables, were set here and there on the lawn, and they were loaded down with good things. At each plate was a souvenir of the bride's cake wrapped in a Chinese napkin and tied with a ribbon. Fully two hours were spent at the tables. The lawn was tastefully decorated and brilliantly lighted, and presented a most inviting appearance. The house was also decorated from top to bottom with flowers and evergreens.

The bride looked beautiful in a dress of white china silk en traine and carried flowers.

These young people are well known to all of us, having lived here for several years. The bride is the only daughter of R. H. Sands, of the mercantile establishment of John M. Cooper, and is a charming young woman. She is practical in everything, and taken together is just the sort of creature us horrid men love.

The groom is a son of Mr. and Mrs. J. J. Fribley of this city, and is a fine specimen of manhood. He has for almost a year been connected with Isaac Wright's dry goods and clothing house. Charlie has a large circle of friends in this city and vicinity. The NEWS joins their host of friends in wishing Mr. and Mrs. Fribley a long, prosperous and happy wedded life. God bless 'em.

Mr. and Mrs. Fribley will be at home to their friends after September 10th, at their residence on River street.
