TURKS REPULSED.

Mooslem Forces Attack the Greeks and Suffer a Heavy Loss.

FIERCE BATTLE EXPECTED TO-DAY.

The Greek Princes Receive an Ovation from the Army—Russian Terms in the Direction of Mediation Rejected by Greece.

ATHENS, May 6.—In what promised to be a decisive battle near Velostino and Pharsalos yesterday the Greeks succeeded in repulsing the Turks, with heavy losses on both sides.

Simultaneously with the attack at Velostino the Turks attacked the Greek outposts at Tartar, near Pharsalos. It is said that both attacks have been repulsed by the Greeks.

There is great rejoicing over the receipt of the official telegram from Pharsalos saying that the Turks have been repulsed and that the Greeks hold their positions after a three-hours' fight.

THE tariff bill was reported to the senate on the 5th by the finance committee and Senator Aldrich (R. I.) announced that he would call it up on the 18th.

Why McCormick Changed from the Left to the Right Hand Harvester.

It has been said that the convenience of one age become the necessities of the next; but no ordinarily sane man will contend that the necessities of one age should become the inconveniences of the next.

Illustration, and the tuck should therefore be toward the heads, so that it will not pull out.

The hand binding harvester with men to do the binding is out of date, and so is the left hand machine which has been superseded by the McCormick Right Hand Open Elevator, the success of which makes it seem highly probable that there will be no progressive manufacturer building left hand machines in three years.

The application of roller bearings to grain cutting machinery was made by J. G. Perry in 1860, after his patent, No. 85,584, for an improved reaper, showed and described various ways of using roller and ball bearings in harvesters.
