APPRECIATED.

EDITOR NEWS: Through the medium of your paper we desire to express our sincere gratitude of our hearts to those of our friends who so kindly and generously presented us with a handsome Majestic range. It is beautiful, useful, and valuable, and in using it and looking upon it we shall always kindly remember our Baxter Springs friends. But our thanks goes out no less for its intrinsic value, than for the spirit that prompted the generous donation. Again we can only say from the depths of our hearts, you, our friends, accept our thanks.

MR. AND MRS. L. W. FOSTER.

Mrs. T. Meyerding has bought Shelby Johnson's bakery and restaurant and will continue the business at the old stand. She will also continue business at the Star bakery and restaurant, first door south of the postoffice. By having secured control of the Johnson bakery she has a monopoly of the bread business, but assures us that she will give good service. In fact she now feels more than ever able to keep the bakery business in good shape.

The Independence papers claim that the Carthage-Galena electric line is to be built through to Coffeyville and Independence. If so, Chetopa will be right in the path, and we may yet have an electric railway.—Chetopa Democrat. We have heard some talk about this lengthy extension of the electric railway, but don't put much faith in it. We don't believe the road will be built any farther west than Baxter, but we do think when it is built to Baxter it will be headed north.

A Hard Tussle.

The Populists and Republicans are going to have a hard tussle for supremacy in the election of Governor in Kansas this fall. But if you will glance over the prices Baldwin is making on all kinds of merchandise it will not take you long to decide that Baldwin makes the low prices and there is where your cash dollars will go the farthest. It's cold enough for blankets; you can get them, full 10-quarter, at 45c to \$1.50 per pair at Baldwin's. You can't afford to lose your temper putting up that old stove pipe when you can get new steel pipe at 10c a joint and elbows at 10c each. Feed your children sugar. It's healthy for them. Baldwin will sell you 16 pounds for one dollar. Brown's Tar Soap will heal your chapped hands; only 5c a bar at Baldwin's. Pepsin Baking Powder, sold everywhere at 25c a pound, Baldwin guarantees equal to Price's, Royal or any other, or money refunded, at 15c a pound. Souder's extracts are known to be the very best, and Baldwin will sell them to you at half price. Ladies' fall and winter hats at half price at Baldwin's. Don't buy till you see them. You can paint your old buggy and make it look as good as new and have a finish that will make a mirage bluish. Baldwin will sell you the paint for only \$1. Baldwin has a thousand other bargains for your cash dollars.

IT IS NOT A DIPLOMA MILL.

A decision that set at naught what William Smith of Kirksville considered clever detective work was that given in the court of appeals yesterday, upholding the American School of Osteopathy in the Keith & Perry building. The case was a tussle between rival schools of osteopathy, in which the Kansas City institution won out. Smith, who afterwards became involved in the Dunning body selling scandals at Chicago, came to Kansas City in the summer of 1897 and proceeded to lay low for the Kansas City school. With a borrowed doctor's diploma and the assumed name of G. H. B. Stewart, Smith succeeded in getting a diploma in osteopathy. Then the Kirksville man filled the papers with his exploits and gave it cold that he secured the sheepskin by the payment of a certain price, without a moment's study and without even an examination. Through Attorney General Crow suit was begun to forfeit the charter of the National school.

On trial Smith, alias Stewart, confessed he had been given an examination, in which he proved perfect, by the Kansas City institution, and his diploma was then issued. This was so different from the story that caused Attorney General Crow to bring suit that the court of appeals held yesterday there was no reason whatever for revoking the National school's charter. E. D. Barber of the Kansas City school said this morning:

"The result of the trial proves Smith's work was a put up job by the American School of Osteopathy of Kirksville. Smith, who represented it, admitted on trial that he lied in claiming he secured a diploma from us without passing a searching examination. The court has given a decision in our favor, proving our school not a 'diploma mill.'"—Kansas City Star.

No county recorder was elected in Jasper county, Mo., at the election last week. Malang, Republican, and Steady, Fusionist, each received the same number of votes and there will be a special election to settle the recordership.

Fred L. Erwin, son of Capt. and Mrs. Hugh Erwin of Keelville, has returned from California and Colorado, where he has been employed for some time. He is accompanied by his wife and both of them are enjoying fine health.

Chas. W. Daniels left Saturday morning for Hot Springs, Arkansas, to take treatment for rheumatism, from which he has been suffering greatly for some time. Mr. Daniels took treatment at Hot Springs some time ago, and received considerable benefit, and it is to be hoped he will return home cured this time.

Although the latest and best game law has been on the statute book but two years, probably not one of a dozen men who are fond of hunting remember that water fowl are the only species of game birds that may be killed, trapped or ensnared lawfully. The act especially prohibits the act of killing or taking at any time of any partridge, quail, pheasant, oriole, prairie chicken, grouse, meadow lark, red bird, mocking bird or blue bird, except on one's own property. It is unlawful for any person or corporation to buy or sell such birds, except song birds, and possession is prima facie evidence of guilt. The punishment is \$25 fine for every offense, cost and \$10 attorney fees. Birds of any kind may be taken or killed if for the sole purpose of preservation for scientific purposes. The erroneous impression has gone out that one may take or kill any of the prohibited birds by permission of the owner of the property. On this subject the language of the statute is: "Provided, that no provisions in this act shall apply or interfere with persons who may have in their possession or raise for sale any birds as pets, or may at any time catch, kill or entrap any of the birds mentioned in this section on his or her premises, controlled by such person for his or her own use."—Galena Times.

A Queer (?) Medicine.

There is a medicine whose proprietors do not claim to have discovered some hitherto unknown ingredient, or that it is a cure-all. This honest medicine only claims to cure certain diseases, and that its ingredients are recognized by the most skilled physicians as being the best for kidney and bladder diseases. It is Foley's Kidney Cure A. R. Kane.

If you want the very nicest sale bill that can be printed, and at reasonable prices, too, come to this office. We don't lay down to anybody on fine job printing, and especially sale bills.
