During the storm last Friday night lightning struck Lew Winters' house northeast of this city, and did considerable damage. One side of the house was moved out about a foot, the flue was wrecked, and the cook stove torn all to pieces. Bricks were flying in all directions, and Lew said he thought the end of the world was right at hand.

G. W. Adams of Iola, Kas., District Deputy M. W. A., was in the city Tuesday and Tuesday night. Mr. Adams attended Woodman lodge Tuesday night and made quite an interesting talk on Woodcraft. He also urged a large attendance to the big "log rolling" at Weir City September 14.

Last Friday afternoon Miss Hazel Goodwin entertained a number of her small friends at her home on Cedar street. Delicious refreshments were served and games were played including peanut hunting in which prizes were won by Miss Pearl Mullen and Pauline Collins. Those present were Misses Pearl and Ruby Shailor, Georgie and Pauline Collins, Swannie and Ruth Smith, Pearl Mullen, Mable Rummel and Helen McCammon. Masters Harold Reed, Jno. Frank Noble and George and Edwin Goodwin. Miss Hazel was assisted in entertaining by Mrs. M. H. Eastham and Miss Mattie Collins.

A couple of miners from south of town had an experience last Friday night which they will not soon forget. They came to town and got filled up on some stuff which had been shipped in from Missouri. They were driving a horse which was none too gentle, and the horse ran away. It turned the corner by Justice's store, and ran into a small warehouse, overturning the buggy and throwing the fellows out. One of them was dead to the world for a little while, while the other sustained several bruises. The fellow who was knocked out was thought to be dead, but he came to all right. A tug came unhitched and struck the horse on the legs which frightened it and caused the runaway.
