

THE CITY IN BRIEF

Rev. John Garretson departed Mon. afternoon for the Fall meeting of Neosho Presbytery which began Mon. night in the Presbyterian church at Chanute. He expects to return Wednesday.

A meeting of the session of the First Presbyterian church is announced for Wednesday night at 8 o'clock, and a meeting of the entire congregation is announced for Thursday night. All members of the parish are requested to be present.

Mrs. T. L. Meyers is in Nowata, Okla., with her husband, who is developing an oil lease there.

The Daily Citizen received a letter Mon. morning from Mr. and Mrs. J. W. Grantham who are in the East. The card was dated at Washington, D. C. They say they are having a dandy time and are witnessing many interesting things in Washington; also that they expect to be home by the 11th or the 12th at the latest.

DIARRHOEA IN CHILDREN
For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appear.

The Loyal Women's Class of the Christian Bible school met at the church last Thursday afternoon. A very interesting business session was held presided over by the teacher, Mrs. Popplewell. The president having moved away the vice president, Mrs. Phillips was declared president and Mrs. Wedell was elected as vice-president. The secretary having resigned, Mrs. Fred Stallsmith was elected as Secretary. One new member was added to the class roll. It was voted to purchase class cards by which to remember the sick or absent members. It was also voted that the class attend in a body to work at the Red Cross rooms on Thursday afternoons. Committees were appointed to manage a social to entertain all the men and women of the church and bible school and their friends.

Mr. and Mrs. Fred Stallsmith had as Sunday guests Mr. and Mrs. J. B. Brown of Quaker Valley and Mr. and Mrs. C. W. Brackman, of Miami, Ok. Miss Helen Humphrey departed Mon. morning for Kansas City where she will attend High School.

(Continued in next week's News)

CHAMBERLAIN'S

COUGH REMEDY

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

W. W. WYATT
JOHN I. COOPER
Directors
To WALTER E. WILSON, Bank Commissioner, TOPEKA, KAN.

MILITARY TRAINING IN THE COLLEGES

Ten Kansas Colleges Will Have Students Army Training Corps Units

Lawrence, Sept. 9.—Ten Kansas colleges, including the state university, will have units of the Students Army Training Corps under command of United States Army officers, Chancellor Frank Strong of the University has announced. Doctor Strong is director, for Kansas, of the National students' war service campaign and has asked the War Department to assign two thousand soldier students to the University this month. The other schools that will have Students Army Training units are:

Kansas State Agricultural College, College of Emporia, Fairmount College, Kansas State Normal, Kansas Wesleyan University, Ottawa University, Southwestern College, State Manual Training Normal School, Washburn College.

The Students Army Training Corps may receive all men between 18 and 45 years who are qualified to enter college or university and meet the draft requirements. They will be given full army uniforms and equipment, will be lodged and fed in barracks by the government. They will have all their university or college tuition and fees paid by the government and will receive \$30 a month for each man. They will be exactly in the same status as if they were in an army cantonment or in France, except the government will give them in addition an opportunity to educate themselves at the government's expense and thereby to qualify for officers' training camps, or for technical service such as medicine, chemistry and engineering, or for vocational work such as electricians, mechanics, chauffeurs, etc.

"We are preparing for two thousand men in the Students Army Training Corps at the University," said Capt. B. T. Scher, U. S. Army, retired, who has been detailed to have charge of the University of Kansas unit of the S. A. T. C. on his return from ten months service in France. "These men will be under regular military discipline, will rise at reveille, breakfast in mess halls and then drill from 7:30 o'clock to 9:30 o'clock each morning except Sunday. From 10:00 o'clock in the morning to 4:00 o'clock in the afternoon the men will attend classes and laboratory work in the University. After that there will be retreat formation, and supper in the mess halls. The hours from 5:30 o'clock to 7:30 o'clock the men will have for athletics, motion picture shows or any wholesome recreation they may desire. At 7:30 o'clock they must be in barracks and from then until 9:30 o'clock they will be under supervised study requirements. Lights will go off at 9:30 o'clock and every man must be in bed then. They will have Saturday afternoon and night and Sunday night off duty, except to answer roll calls. Saturday and Sunday nights they may be up until 11:00 o'clock, but they must be in barracks by that time. They will have to undress and go to bed in the dark, however, if they come in after 9:30 o'clock on Saturday or Sunday nights. The life will be made as interesting and wholesome as possible and will be under regular military discipline."

Registration for students within the draft will be September 16 and 17 at the University. Captain Scher suggests that all such students bring as few civilian clothes with them as practicable. They will have to send such clothing home or otherwise dispose of it after being issued uniforms.

Members of Student Army Training Corps will have the following five opportunities:

1. To become technical experts, physicians, surgeons, chemists and engineers.
2. To enter officers' training schools.
3. To enter non-commissioned officers' training schools.
4. To enter vocational training section of the Students Army Training Corps with a view of qualifying and being assigned to the service as electricians and various kinds of mechanical workers.
5. To enter regular cantonments as privates but with the advantage of having had the military training and the opportunities for the other four possibilities.

Members of the Students Army Training Corps at the University may select their studies from the following list, the War Department requires:

The School of Medicine, the School of Engineering, the English, French, German, mathematics, physics, chemistry, biology, meteorology, astronomy, sanitation, hygiene, descriptive geometry, mechanical drawing, free-hand drawing, surveying, economics, accounting, American history, modern European history, international law, military law, government.

The University will be conducted as in former years for all other students, both men and women. So far as is known now there will be no change in the courses of study given from previous years. All women and students

Hardware and Miners' Supplies

SOUTH STREET, ON FRISCO TRACK. BAXTER SPRINGS, KANSAS

entering the University but not qualified for the Students Army Training Corps will register September 30 and October 1. Regular school work will begin October 2.

DE SKEETAH

By J. M. Smither

De skeetah sho yo' what yo' is,
Wi' dat sharp bill o' his'n.
Yep, dat fly an' full o' bis,
He do a heap o' sir'n.

He stix aroun' behavin' fine,
Till daylight fades away,
An' den he say he's cozin' o' mine,
An' got a debt to pay.

An' I wouldn't gi' a tinkers hoot,
Fo' all the rest ah kin,
Till Dinah fetch dat "skeeter scoot,"
An' run dat skeeter blind.

But talk about yo' skeetahs, say!
Go down to Arkansas,
An' yo' ken find 'em eb'ry day,
Dat bite and claw and gnaw.

One day a fa'mah turned his cow,
Out in de woods to graze,
An' den he goes a field to plow,
De co'n an' oats to raise.

An' when de milkin' time wuz come,
No cow showed up dat night,
So Mr. Fa'mah took a roam,
An' pshaw! he saw a sight.

Out in de woods, upon a limb,
A feelin' mighty proud,
A skeetah thah, a bling-blong-blum,
De bell wa' ringin' loud.

Dat skeetah had don' eat de cow,
An, wi' a greedy laff,
Wa' settin' thah, dat fa'mah vow,
Ah, ringin' up de caff.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of dizziness.
