Trades and Labor assembly. The Bulletin has been informed that the Employers' association does not approve of the new sick rates and that it will take steps to curb the activities of Butte's M. D.s., although not claiming jurisdiction over the pulse feelers, because they are not classed as wage slaves.

The resolutions follow: Butte, Jan. 15, 1919. To the Silver Bow Trades and Labor Assembly:

It has come to our notice recently through the public press that the Silver Bow County Medical Society has changed the rates of fees to be charged people of this vicinity for professional services, among the increases being the fee of \$50 to be hereafter charged for attending confinement, or childbirth cases; and

Whereas, Owing to this community having suffered recently from the world-wide epidemic of influenza, we are of the opinion that this coterie of workmen, as well as the gentlemen who are frequently employed to cover up a lot of their mistakes, have garnered a rich harvest in the past three months, and it therefore comes with poor grace after such a providential windfall for the medical men in this locality to enter into a combine and conspire to exorbitantly charge and extort additional money from the people who are unfortunate enough to require their services; and

Whereas, We firmly believe that the charge of \$50 for confinement, or childbirth, cases as exorbitant and unjust, and will have a tendency to promote race suicide, and operate against the best interests of society and posterity, and that as a component part of this community we deem it incumbent upon us to try and avert such a condition; therefore be it Resolved, by Butte Stationary Engineers' union No. 83, I. O. of M. A. and S. W., in regular meeting assembled this 15th day of January, 1919, That we request our brother member, Hon. Charles Boulware, to have legally drawn and introduced, and use his influence to have passed and enacted into law by the state legislature now in session at Helena, Mont., a bill that will at least apply to Silver Bow county, embracing the following salient features:

Have the county commissioners empowered and required to employ a competent physician, at a salary of \$200 a month, and such physician empowered with the advice and consent of the county commissioners, to employ competent assistants at a salary not to exceed \$250 per month, as the patronage of the office may require, such salaries to be paid out of the common fund of the county treasury.

Such physician and his assistants shall devote their professional practice entirely to the county office for which employed and paid, and shall answer all calls for confinement cases which come to such office from within the confines of the county, and shall collect the sum of \$15 for each confinement or childbirth case, the rates and fees for other professional services rendered by such physician or his assistants to be determined and fixed by the county commissioners, and all moneys collected for such medical attendance or services rendered, to be turned into the common fund of the county treasury.

The county commissioners shall furnish a suitable office and equipment for such physician and his assistants; and, be it further

Resolved, That a copy of this resolution be spread upon our minutes and that the recording secretary send a copy to our brother, Charles Boulware, state legislature, Helena, Mont.

BUTTE STATIONARY ENGINEERS' UNION, No. 83. Adopted by the Silver Bow Trades and Labor assembly Jan. 21 and copies ordered sent to the officers of the Montana State Federation of Labor at Helena, Representative Charles Boulware, also at Helena, and the daily papers published in Butte.

P. D. ROGERS FACES CHARGE

Former Deputy Sheriff Accused in Justice Court of Obtaining Money Under False Pretenses.

P. D. Rogers, formerly a deputy sheriff, appeared in Justice Ormsby's court in South Butte yesterday on a charge of obtaining money under false pretenses, but the case was vacated because of a more serious charge said to have been laid against the defendant at Anaconda.

Andrew Katsifas faced a charge of grand larceny. He was accused of stealing a diamond ring valued at \$525 from George Montacis. The case was taken under advisement by the court.

May Williams, colored, was charged with robbery. The particulars of the complaint are that she took a three-stone diamond ring from N. Pomeroy of Great Falls. The case was continued to Jan. 29.

Michael Kane was charged with having committed a second degree assault on Jan. 1. He pleaded that liquor was the cause. The court dismissed the charge at the instance of the complaining witness.

Isaac Smith was accused of threatening to kill a man and was on security to keep the peace. The case was dismissed.

J. H. Taft laid a complaint charging his wife with vagrancy.

LONG DISTANCE CASE IS FINALLY SETTLED

Woodville Man Gets Title to Mining Property Coveted by Another.

A case that has been in litigation for several years, that of C. E. Kinman and Basil Scalabin, both of Woodville, over a mining claim, has been settled in favor of Kinman by the federal land office. Kinman has been a resident of Woodville for the past 35 years. Scalabin is alleged to have tried to secure title to the property under the law relating to land for agricultural purposes.

The property in contention is located in the Butte district, according to a decision of the land office. The case went previously to the secretary of the interior who ruled against both parties, but gave Kinman the right to relocate for mineral, the land office now sustains the claim of Kinman as a bona fide claimant. The property was bonded to a mining company in 1906 as a mining property, for \$65,000, and \$5,000 was paid on the bond. It is bounded on all sides by patented mining claims. The claims personally investigated by land office officials are the Old Glory and Martin Luther. As says, it is claimed, show that Kinman's values run higher than several of the local mines when at the same depth.

WIDER RANGE IN MEAT INDUSTRY

Denver, Jan. 23.—Federal regulation of the livestock and meat packing industry was advocated today by Secretary of Agriculture David F. Houston in an address before the convention of the American National Livestock association in session here.

"I've got beyond the point of arguing about regulation of stockyards. We do not want the distribution of meat, from the time production is planned on the range until the finished product is delivered to the consumer, few in the hands of a few men," he said. "The packers tell us they are more efficient and can do this work better than any one else, but that is what paternalists always have said. For my part, I want less of paternalism and more freedom."

WANT PAY DAY TWICE A MONTH

Harlowton, Jan. 23.—Petitions are being circulated among the railroad employes of Harlowton and other Montana localities asking the Montana legislative assembly to enact a law making their salaries payable semi-monthly. At the present time, under government operation, the men receive their checks every two weeks, but it is feared that should the roads revert to private ownership the old custom of paying once a month will be resumed.

Two years ago the labor organizations sought to induce the legislature to enact a measure providing for semi-monthly pay days, as well as an eight-hour day for the Billings sugar factory, but an active lobby prevented it.

SAYS EICHHORN IS SURROUNDED

London, Jan. 23.—The Berlin police have surrounded the hiding place of former Chief of Police Eichhorn and it is expected he will be taken into custody in the near future, according to a Copenhagen dispatch to the Exchange Telegraph company.

SAD NEWS FOR AUCTIONEERS

Boise, Idaho, Jan. 23.—By unanimous vote the senate of the Idaho legislature yesterday passed a bill which makes it a felony, punishable by imprisonment up to 10 years, to display the red flag.

FUNERAL OF THE LATE JAMES M. FERRITER

Workers to the Number of a Thousand Honor Memory of One Who Always Fought for Them.

The remains of James M. Ferriter were laid at rest in Holy Cross cemetery this morning, after services had been held in Sacred Heart church.

The funeral procession started from the late residence of the deceased, 341 East Broadway. The coffin was carried on the shoulders of friends, and the turnout is said to have been the largest that has attended a funeral in the history of Butte. The funeral arrangements were in charge of the Pearse-Connelly club, of which the deceased was a member. He was also a member of the Metal Mine Workers' union and the I. W. W., and the fact that the members of all these organizations turned out in their hundreds testified to the esteem the workers of Butte had for their departed brother.

The coffin was decorated with floral offerings from the Pearse-Connelly club, the Metal Mine Workers' union and the I. W. W. A noticeable feature of the procession was the wearing of sashes by the members of the Pearse-Connelly club, the colors being green, white and orange, these being the colors of the new Irish republic, the white between the green and orange signifying harmony between the two factions.

ANOTHER TRUE-BLUE WORKER IS BURIED

Harry Cook, one of the best known miners of Butte, was buried this afternoon under the auspices of the Eagles. Mr. Cook was a staunch union man, belonging to both the Metal Mine Workers and the I. W. W., and was always ready to move to better the conditions of the workers. Mr. Cook had worked for 20 years in the shafts of Butte as a contractor. He met his death by a fall of ground at the Colorado mine. A large turnout at the funeral evidenced the esteem in which Mr. Cook was held.

PRESIDENT OF NEW GERMAN REPUBLIC

(Special United Press Wire.) Berlin, Jan. 23.—Berlin newspapers are predicting Herr Naumann, democrat, will be the first president of the new German republic. They also predict that Chancellor Ebert, majority socialist, will remain head of the ministry. (The German democratic party is a combination of the old progressive and liberalists.) The dispatch indicates that a coalition government is probable with the liberal element controlling.

346TH ARTILLERY ARRIVES CAMP LEWIS

(Special United Press Wire.) Spokane, Jan. 23.—The first trainload of the 346th field artillery arrived here at 10 o'clock this morning for an all-day stop on route to Camp Lewis, coming in four sections. A big parade is scheduled. There are two regiments, composed of Washington, Idaho, Oregon, Montana and California men.

SURELY A WOBBLY LEGISLATURE

Salem, Ore., Jan. 23.—A bill designed as an offset for the raise in rates from 25 to 100 per cent put into effect in Oregon yesterday by the Pacific Telephone and Telegraph company was introduced in the house here yesterday. The measure would cause 5 per cent of the telephone company's gross income to revert to the state in taxes.

CONSCIENTIOUS OBJECTORS FREE

113 Political Prisoners Are Released as a Result of Nation-Wide Demands of the Working Class.

Washington, Jan. 23.—The secretary of war has ordered the release of 113 conscientious objectors held at Fort Leavenworth.

The policy of granting farm or other furloughs to such men as were adjudged sincere the secretary said, was adopted so that the country might have the benefit of such labor as they could perform conscientiously.

The signing of the armistice, however, has changed the entire situation," he said, "and the war department has since adopted and announced the policy of returning to civil life at the earliest practicable moment such conscientious objectors as are not serving court-martial sentences."

The secretary's action does not affect the status of those conscientious objectors who, having been examined by the board of inquiry, were alleged to be ineffectual in their objections. Men included in this class are left to serve the sentences which have been imposed upon them.

KRUPP SUPPLIES PARTS OF GUNS

German War Plant Turns Out Repairs for Cannon Rejected by America. Deliver 80 More Guns.

Coblentz, Jan. 23.—The Krupp plant at Essen has begun work for the United States government. The work consists of making parts for 72 incomplete cannon, rejected by the American authorities as part of the war material offered by the Germans under the terms of the armistice.

The German commission which has been in Berlin considering the question of the heavy guns turned down by the American authorities has arrived at Coblentz and reported that 80 cannon have been shipped to the headquarters of the American army of occupation to replace big guns which failed to meet requirements. The delivery of the parts for the 72 cannon and the arrival of the other 80, the delivery of heavy artillery to the Americans will have been completed. The American allotment called for 152 heavy guns.

THEATER PEOPLE WIN IN SENATE

(Special United Press Wire.) Washington, Jan. 23.—Theater managers and patrons won their fight against the 20 per cent tax on amusements as proposed in the new tax bill. The conferees rescinded their adoption of the 20 per cent rate, adopting the house rate of 10 per cent.

The action was taken following a storm of protest from all parts of the country. Theater managers warned the conferees that the imposition of the 20 per cent tax would be strongly resented by the theater going public, resulting in a probable diminution instead of an increase revenue.

ATHELETA CLUB NAMES OFFICERS

Officers for the coming year were elected yesterday at a meeting of the Athleta club of the high school, an organization devoted to calisthenics and outdoor recreation among the girl students. Miss Marie Hennigan was elected president; Miss Leah Taylor, vice-president; Miss Rita Jahnreis, secretary, and Miss Alice Davernport, treasurer.

It is the intention of the members to hold two or three frolics during the year, a basket ball tournament, a swimming contest and a banquet.

FRANCE WANTS BLOOD TO RUN

Paris, Jan. 23.—France favors immediate armed intervention by the allies in Poland, according to authoritative unofficial information. The French view is said to be that only military assistance can save Poland from being "crushed by the bolshevik," and that such "assistance" must be given within the next few weeks. It is claimed that the sending of food or munitions to Poland would only serve to strengthen the hands of the bolshevik, since they would ultimately capture the supplies.
