UNION STOPS OFFICERS' PAY

Seattle Striking Boiler Makers' Officers Will Conduct Strike Gratis. Smaller Unions Joining Strike.

Seattle, Feb. 5.—The charge that the strike has been engineered by union officials in their own interests is convincingly refuted by the action of the biggest union in the city, Boiler Makers' local No. 104, which stopped the pay of all its salaried officers when the strike was called.

All Aberdeen unions, including the shipwrights, are now out, according to A. P. Mulligan, who returned from a visit to that town.

An enthusiastic meeting of over 2,000 Aberdeen metal tradesmen was addressed Saturday evening by Mulligan and James A. Taylor. The latter is at present in Olympia.

The general strike has received the endorsement of the waiters' union, the members of which will join the cooks in the walkout. The boot and shoe workers' union has also voted to join the movement.

Advertise that room for rent in the want columns of the Bulletin.

TO CELEBRATE LIQUOR'S DEATH

Temperance Organizations and Churches Unite on Arrangements for Jollification in Near Future.

Tentative plans for the holding of a mass celebration on the advent of state and national prohibition were laid last evening at a meeting held in the Good Templars hall, attended by representatives of all the temperance organizations of the city and many of the churches.

Arrangements were considered for the holding of a mass meeting at which addresses would be delivered by outside speakers, a musical program would be presented and a jollification fest indulged in. The date was not decided upon.

P. H. Sarter was elected general chairman. Mrs. E. G. Clinch was named secretary. Several committees were appointed, among which were those on arrangements, finance, press and publicity, program and the obtaining of a suitable hall.

A second meeting will be held Friday evening at the Good Templars hall.

BABY PERISHES IN HOUSE FIRE

Four Months Old Baby Suffocated Before Mother Could Reach Her. Father of Child in France.

Virginia Louise Sultzer, 4-months-old daughter of Sergt. and Mrs. Paul O. Sultzer, was suffocated yesterday afternoon during a fire at the home of her grandparents, Mr. and Mrs. Harry C. Sultzer, 631 West Quartz street. According to Fire Chief Fred Martin, flames were started by some clothing being blown against a stove in the room where the child was sleeping and before the fire was noticed by the mother and grandmother, the only occupants of the house, the little one had perished.

The father of the child, Sergeant Sultzer, now is with the A. E. F. in France. He was married about a year and a half ago in Washington, and after entering the service his wife came to Butte to live with his parents. The grandfather of the infant, Harry Sultzer, is an esteemed member of the editorial department of the Anaconda Standard. Butte friends of the family extend their heartfelt sympathies.

ORDERS LIQUOR BE DESTROYED

State Wins in First Case Against Violators of State Prohibition Law. Other Cases Set for Trial.

Liquor was ordered destroyed by court edict for the first time since the advent of prohibition in Silver Bow county by Judge J. J. Lynch yesterday, when he passed sentence of destruction on a quantity taken from the Club saloon, conducted by James Flaherty at 27 West Granite street.

Though Flaherty was not present in court, the application of Deputy County Attorney Frank Riley that the destruction order be granted was complied with and, as a consequence, the following assortment will cease to exist: One bottle of liquor garnet, one bottle of malachite, five pints of New Style, four empty pint bottles, three empty decenter, three whisky gasses and one bottle of chartreux.

Four hearings were set on orders to show cause why liquor seized should not be destroyed. The case against Jesse R. Huddleston, alleged to have been one of the proprietors of the Silver Dollar saloon, was dismissed on his taking the witness stand and swearing that at the first of the year he had disposed of his interest in the business to his partner, Frank A. Kean.

Mr. Kean told the court he had bought the liquors seized on the understanding that none of them were alcoholic, and believed he would be within the law in offering them for sale.

Judge Lynch declared his opinion that the liquors appeared to be of a fermented or malt nature and therefore prescribed by the act. He declared the law was somewhat vague as to what proof was required in liquor cases. He believed an amendment was necessary setting out the manner of service and requiring a showing that liquor seized was of an intoxicating or fermented nature. He ordered a continuation of the case until next Tuesday.

The case of John Theis, 114 North Main street, was continued until next Thursday. The case against Jerry and Patrick Mullins was continued for a week. The case of Alex Gasaloff was set for Feb. 7.

NELLIE SULLIVAN WINS FIRST ROUND

Judge Says Person Possessing Right of Suffrage and Qualified, Though a Woman, May Hold Office.

Judge J. V. Dwyer yesterday denied the application of Ludwig Rose that he declare Mrs. Sullivan unqualified to hold the office of county auditor on the ground that she is a woman.

It was held by the court that any person entitled to the right of suffrage and possessing the necessary qualifications can hold the office of county auditor or any other.

Arguments began at 10 o'clock yesterday morning and continued until noon. Mrs. Sullivan was represented by County Attorney Joseph R. Jackson, Deputy N. A. Rotering and Attorney E. F. O'Flynn. The contention of Rose was upheld by Attorney James H. Baldwin.

Following the decision of the court, counsel for the contestant obtained 10 days in which to settle a bill of exceptions.

It will consist of a program and refreshments. This will be a joint event and it is hoped that the fathers and sons of both communities will manifest an appreciation of it. BOOTLEGGING POOR HERE SO HE PREPARED TO GO

D. F. Avery Caught at Station After Checking Trunk.

Butte is a poor field for bootleggers in the opinion of D. F. Avery, formerly of Salt Lake, who was arrested at the local station yesterday after he had checked a trunk filled with liquor for Portland, Ore. Federal officers made the arrest and a search of his room resulting in the finding of two cases of prohibition liquor.

Avery was arraigned before E. M. Van Etten, United States commissioner yesterday and his hearing set for Feb. 12. According to local federal officers, Avery stated he intended to plead guilty to violation of the Reed amendment when he appears for preliminary hearing. to meet as a general strike committee and finalize the plans for the most epoch-making industrial struggle that the country has ever known.

Situation Discussed.

From 8 a. m. till 9 p. m. Sunday in the Labor temple, delegates from 110 unions discussed the whole situation and laid their plans. All decisions were made with one voice and a remarkable unanimity was demonstrated throughout the meeting. The time for the general strike was set for 10 a. m. tomorrow. Arrangements were made to feed the strikers and the public. A committee was appointed to urge upon other Puget sound towns the advisability of protesting a solid front by calling a general strike for the same day.

Tremendous cheering greeted the treble announcement that by a big majority the street car men had voted to quit, that the longshoremen's union had decided to strike in spite of its international officers, and that, for the first time in its history, the typographical union had joined in the general strike movement.

Efforts will be made to extend the general strike throughout the state, if that course becomes necessary, it was announced.

DEPUTIES RAID PRIVATE HOME

"Suspected" That Proprietor of Popular Moxom Cafe Might "Bootleg" Whiskey. Exceed Power.

Whether the city police officers intend to make a practice of raiding private homes, where it is known rather large stocks of liquor are on hand is not known, but judging from their actions yesterday in raiding the home of S. H. Simeon at 102 North Hamilton street, those who have laid in a supply for the "rainy days" had better secret it in a safe place.

The officers yesterday ransacked Mr. Simeon's home and seized several bottles of beer and a small quantity of whisky and took it with them. Simeon is the proprietor of the Moxom cafe at 29 West Broadway. Police officers recently searched the Moxom cafe for liquor but failed to find any.

Simeon asserts the beer was for his own use, that it was purchased before the prohibition act became effective and that the officers exceeded their authority in forcing their way into his home.

So, if you have liquor in your home, be careful. The "cops" may enter your private rooms any day and take it, even though the law does not permit them to do so.
