THE MEDICAL TRUST.

The Advertising club in "resolving" against the excessive advance in rates played true to form, as the medical rates are about all they can attack under their rules and regulations. Now the Rotary club could not, for their organization is supported by most of the business of their respective membership and not that of the consumer or community.

I claim that the medical trust are the fairest and most honest profiteers we have had, and now that they have returned to normal rates again, they cannot be considered in the profiteering class, unless it is such suggestions as charge far more for their services than the cost of a trip to Rochester plus charges at that end.

The chairman of the H. C. L. investigation in the legislature has stated several times in the press that profiteering was and is rampant in this state, and we know all organizations have had their origin and headquarters in Butte. A member of the board visiting here last Sunday stated through the press of this city that he could not understand where the big interests bought all their high powered cars when they claimed they were doing business without profit, in fact, went behind in their business in 1918, due to the fact that they felt it their duty to work for public welfare.

The Advertising club in their printed invitation to the luncheon mentioned took occasion to lambast the Bulletin and the new life recently injected into the Silver Bow Trades and Labor assembly. Being closely associated with the Advertising club and other business men's organizations, I can truthfully say that it is the efforts put forth by these two agencies that has caused the Advertising club to wake up and take notice that the laboring people of this community do not intend to be imposed upon indefinitely and that even under a high wage scale they came out of this war with an empty pocket, due to the profiteering prices then and now in effect.

mit to being starved by the profiteers on the one hand, and enslaved by the dividend demons on the other hand.

Secretary of War Baker has been wired by the Soldiers', Sailors' and Workers' council asking, in effect, whether United States troops have been authorized to enforce the mandates of Wall street junkers, who control Butte and its industries.

Two gigantic mass meetings of striking miners and citizens who believe in democracy were held last night. One at the I. W. W. hall on North Wyoming street and one at the Metal Mine Workers' union hall at Idaho and Galena streets.

Probably 7,000 people wished to attend, but many got only as far as the doors to the halls. Each hall holds something more than 1,000 people. These are the only halls obtainable on account of the rule of the A. C. M., and the "Black Flag," both of which oppose free speech, a free press and democracy.

None of the many forceful speakers were radical. They merely recited the facts; and every truth of how the industrial pirates were endeavoring to rule Butte like the kaiser once ruled Germany was unanimously condemned.

The blacksmiths met at 4 o'clock yesterday and elected seven delegates to the Soldiers', Sailors and Workers' council, and ordered all men to stay off the job where wages were cut. The electrical workers met at 2 o'clock yesterday, increased their delegates to the Soldiers', Sailors' and Workers' council from three to five, and instructed all men to stay off all jobs where wages were cut.

The street car men made one trip this morning, and then decided to join their fellow workers in protest against the impending famine conditions sought to be imposed by the profit-mad masters.

A "gunman," with the usual insolence of his breed, and ideas of immunity to all authority, received a bayonet jab from one of the soldiers doing guard duty before he showed his star of "immunity."

SEVENTEEN ARRESTED ON GAMBLING CHARGE

Officers Raid Rooms at 28 1/2 East Park; Couple Arrested for Disturbance

Shortly after 4 o'clock yesterday morning on the complaint of Andrew Antich, Detectives Larkin, Wesson, Casey and Fraser, assisted by Officer Koskela, raided an alleged gambling room at 28 1/2 East Park street, and took into custody the following men: Andrew Milich, John Milich, Andrew Putica, John Cernigale, Nick Loch, Lee Gorich, Joe Marangle, John Povolic, M. O. Basick, Pete Miller, Mike Eves, John Megjuroras, Steve Popovich, Nick Klo, Bob Rilovich, Murko Dobrich and Nick Matt. They appeared in police court this morning on a gambling charge.

Mr. and Mrs. Green were arrested yesterday morning charged with a disturbance at the Koeke hotel. They were released on bonds and a few hours later were returned to the station on the same charge. They explained the cause of their troubles to Judge P. J. Whitty this morning.

Saturday night and early Sunday morning were unusually quiet and only a few drunks and vagrants were arrested.

NOTICE

SERBIANS - CROATS - SLAVONIANS STAY OFF THE JOB At a meeting of your fellow countrymen this morning a resolution was passed asking you to stay away from the mines while the strike is on. The ones who worked during the 1917 trouble got no appreciation for it, and were laid off just as quick as anybody else. Another meeting will be held tomorrow. In the meantime stay off the job. The war is over and it is up to you to look after your own interests. George L. C. -Adv.

U. S. SENATE DEFEATS WOMEN SUFFRAGE

(Special United Press Wire.) Washington, Feb. 10.—The senate defeated woman suffrage this afternoon.

This is the fourth time the senate has turned down the resolution submitting the suffrage amendment to the states. The vote stood 55 to 29. The vote proved a bitter disappointment to the suffragists, who had counted upon President Wilson and Democratic leaders to swing the southern democrats into line. Not one of the senators whom the suffragists pinned their hopes to voted for the resolution. The vote was 55 for suffrage and 29 against, but as the ayes did not have the necessary two-thirds of the vote cast, they were defeated.

The vote last October was 53 for and 31 against. Thirty-one republicans voted for the measure and 10 against it. Twenty-four democrats voted in the affirmative and 19 in the negative.

RED FLAG BILL UP THIS WEEK

Measure of McCormick of Missoula to Press at Once Because of the desire of Black Flag of Pirates.

Helena, Feb. 10.—A bill prohibiting exhibition of the red flag probably will be enacted into a law this week, McCormick of Missoula, author of the measure, announced last night. It will become effective immediately, thus enabling the black flag of the industrial pirates to reign supreme.

Terms of the measure have been made more drastic by senate amendments. A joint conference committee will discuss the bill today and it is possible that it will pass Wednesday or Thursday.

None of the members of the joint committee appointed to investigate chaotic conditions in Butte, has returned to Helena. They have been instructed to conduct a thorough inquiry and make a complete report to the legislature.

The A. C. M. is on the job.

ALLIES WILL WITHDRAW FROM RUSSIA 'TIS SAID

(Special United Press Wire.) Paris, Feb. 10.—The associated powers are expected within a few days to proclaim formally the principle of non-intervention in Russia, either militarily or politically. It is learned from a reliable source, it is possible to state further in this connection that they will withdraw as rapidly as possible the troops now in Russian territory.

Paris, Feb. 10.—While the constitution of the league of nations has been provisionally completed, the committee which reported the draft will continue in session, considering possible amendments and additions before submitting it in the general peace conference this week, it is asserted.

with the others was insulted in the black flag rag published on Broadway in this morning's issue.

Several lawyers talked against this motion and it was finally discovered that an effort was being made to talk the "radicals" out of the hall so the alleged trench dodgers would have a majority. At one time, after two hours of lawyer opposition, it was feared that the alleged trench dodgers would succeed in their designs as several of the "radicals" started to leave the meeting. They were called back by others who had realized what the lawyers, etc., were up to and finally the thing came to a vote.

It was announced that the vote stood 69 to 39 in favor of democracy. The vote was then challenged by one soldier who rose and said that his name had not been called when the vote was being taken by roll call. It then developed that 10 others had not been allowed to vote. The entire 11 then voted "yes." The vote counting then became somewhat confused and a final announcement was that the vote stood 72 to 27 in favor of the strikers.

M. Kerr Beadle, a local lawyer, who was a member of the Spanish-American war veterans, but who was not in the late war, put a motion during the discussion which was to appoint a committee of seven to interview the local craft unions and see how they felt about supporting the miners and report back next Sunday—a week later. Beadle's motion included a motion to adjourn. His motion lost. Beadle voted "no" on the original motion, but when the vote showed that lovers of democracy had won the day Beadle asked to change his vote to "yes."

Several lawyers and Dr. McCarthy in talking on the motion stated that they were not in favor of the wage cut unless the cost of living was cut. It probably never occurred to them that the cost of living might be cut and then the wages cut; and that the A. C. M. controls both the wages and the cost of living.

In an interview after the meeting adjourned with one of the soldiers, he said: "That fellow Cutts has the power of the kaiser and is running the whole league, but this time we fooled him. We are not going to withdraw from the league, as the junkers think, but are going to stay with it, attend every meeting, and keep up the fight for democracy as taught to us by the stay-at-homes."

"The dirty, lying Butte Miner is opposed to democracy and Uncle Sam ought to take some action regarding that sheet. The black flag is certainly a good name for those capitalist papers. They have pulled all the men off the hill by calling them dirty names and the men are going to stay off until they get a living wage." Men in uniform, with honorable discharges in their pockets, with character marked as "excellent," were insulted by a spruce forest captain, who tried by various rules not recognized by any code, to thwart the will of the majority. And the morning "Whiner" comes out this morning and further insults the returned soldiers who had the manhood to fight the kaiser, and are now fighting kaiserism in Butte.

RECOGNITION PROVIDED FOR CZECHO-SLOVAKS

Washington, Feb. 10.—At the request of President Wilson, provision was made in the diplomatic and consular bill by the senate appropriations committee, for ministers to the new Czecho-Slovak nation and the new government of Poland. Secretary Lansing informed the committee that the president had given instructions by cable that provisions be made for the ministers.

Kansas City, Mo., Feb. 10.—More than 100 marksmen from 12 states have entered for the fifteenth annual midwinter tournament given under the auspices of the American Trapshooting association, which opened here this morning.

MAYOR MALONEY HAS STATEMENT

Reiterates He Will Take What Steps He Can to Reduce Working Force of City Employees.

Mayor W. H. Maloney reiterated last night his previous statement that he will today, for reasons of economy, dispense, for the time being at least with all members of the various city departments over which he and the city council have jurisdiction save for the heads of departments. He says that the city council by its action through resolution at a meeting a week ago Saturday had voted him the right to take such steps as he deemed advisable and that he intended to curtail the city employees until such a time as it would be possible for them to receive pay for their services.

Determination of the city administration to make Butte a city without policemen, firemen or departmental employees, caused astonishment last night to all who heard of the action, in view of the fact that business men and bankers are cashing salary warrants of firemen and as the firemen apparently are satisfied with their pay, are getting it, and do not wish to leave their posts, it is deemed strange that they should be thrown out of their stations.

"I have nothing to add to my statement of Saturday," said the mayor last night, "and simply repeat that after noon today I intend to act in accordance with the resolution adopted by the city council in relation to laying off certain city employees. Nothing has occurred to change my intention and the various departments have been notified to this extent, or rather, I have given instructions that they be so notified."

If the mayor's order is obeyed, it will mean the reduction of the police and fire forces, the street department and other city department help, aside from office heads required to attend to matters of routine. The mayor was emphatic in his statement that he intended to stick to the course he had outlined.

It was reported last night that there was to have been a meeting of the firemen to consider the situation, but as the rules of their organization call for a notice of 24 hours, no meeting was held, as far as can be learned.

SIXTY-FIVE WOMEN ARRESTED AT CAPITAL

Washington, Feb. 10.—Sixty-five members of the national woman's party were arrested last night by civil and military police after they had burned President Wilson in effigy in front of the White House as a protest against the threatened defeat of the equal suffrage resolution in the senate today. Several thousand persons watched the demonstration, but there was little disorder.

When taken to police stations, the women, who represented 16 states refused to furnish bonds for their release and were placed in the house of detention to await trial.

SPOKANE SOLDIERS WON'T AID JUNKERS

Spokane, Feb. 9.—The provost guard which has been patrolling down town streets of this city for the last three days at the request of the civil authorities and to enforce regulations governing wearing of the army uniform by soldiers and discharged soldiers, was withdrawn tonight, except for half a dozen men. Lieutenant Magill said it was improbable that it would be replaced.
