METAL TRADES WILL HELP OUT

Butte Council Will Help Get Funds to Defend Publishers of Montana's Only Free Press.

At the regular meeting of the Butte Metal Trades council held last night, the committee that has been looking for suitable quarters in which to establish a Metal Trades clubroom, reported that such places were hard to find in spite of the fact that so many locations were vacated by the closing of the saloons. The committee was instructed to continue their efforts.

The delegate from the boiler-makers reported that one of their members had had considerable trouble getting proper treatment for an injured eye on his hospital contract. This report brought out the fact that there are many complaints of this character about the hospitals and the grievance committee was instructed to take up the general proposition of hospital contracts with the object of securing relief.

On motion, the council endorsed the action of Local No. 456, Blacksmiths, in placing on the unfair list a man working as a blacksmith for the Butte and Main Range Copper company who will not join the union. The grievance committee was instructed to take the matter up with Manager Paul Gow, and failing of an agreement, to have other members of the council cease working for the above company.

The secretary was instructed by motion to draft resolutions demanding of President Wilson, Secretary of Labor Wilson and the congress of the United States suitable legislation to provide for the immediate release of all class war and political prisoners in conformity with precedents established by the rest of the civilized world.

The following delegates were named to act as a committee to work in conjunction with the Nonpartisan league to initiate the recall of any measures passed by this legislature that are considered detrimental to the interests of the workers: Martin Whittol, Sullivan.

A motion was carried resolving the entire council into a defense league having for its object the raising of funds to defray the expense of defending the members of the Bulletin staff, two of whom are delegates to the council, against the unwarranted persecutions now being conducted.

Owing to a small attendance, the election of officers was postponed one week, when it will be brought up as a special order of business.

The council adjourned at 9:30 p. m.

CROWD SCARES OUT CITY COUNCILMEN

A well known citizen of this city made his way last night to the city hall, the home of the Knights of the Garbage Can.

After winding his way in and out the alleys littered with garbage, he at last got to the city hall. The brother Knights were playing a game of freeze-out in the basement, and the proposed meeting failed to materialize. So there was nothing left for the ones who had come out in spite of the snow and garbage in the street, to do but go home and wonder who the winner was in the game in the basement of the city hall.

It consists of a great number of gowns, including gowns for dancing, tea and parties, 48 night-gowns, and petticoats galore. One dancing gown has paneled back and front in soft silver, with gold netting at the sides. Beneath the silver and gold are wide Turkish trousers of oyster satin, fringed around the ankles in gold. The nightgowns are of silk, blue and pink, with white rabbit fur trimmings. Much of the lingerie is trimmed with yellow ribbons.

Gives Theater to City

By HENRY WOOD
(United Press Staff Correspondent.)
Paris, Feb. 10.—(By Mail.)—The Marquis de Polignac has just donated to the city of Rheims, where his champagne establishment is situated, a theater to replace the one destroyed by the Germans.

The contract for the woodwork and interior finishing of the theater has been given by the marquis to one of the largest airplane factories in France, which a few months ago had more airplane contracts to fill for the French war department than it could take care of, but which now has nothing on its hands but its payroll.

It is expected that the contract for the theater fixtures will tide over the factory until the entire plant can be readjusted to the manufacture of peace time products.

Finals Are Played on Local Rink

The finals in the play for the Goodale cup at the rink of the Butte Curling club have been played and won from the team skipped by J. A. McMillan by that captained by Arthur Perham, the score being 11 to 10. On the winning team were Perham, Walter Games, A. L. McMillan and Andrew Leck. On the opposing team were McMillan, W. H. Hassig, Walter Forbes and T. H. Wilson.

In the play for the Leys cup, Match best of seven, 15 to 4 and McGregor beat Frink, 15 to 11. The finals are yet to be played in this event.

COOTIES HAVE A MULLIGAN

The Cootie club, formerly the Ad club, held their weekly mulligan yesterday and enjoyed the eats, but the session proved rather dull, owing to the absence of Jawn Hortense McIntosh, premier clown.

"The cooties opposed various and sundry laws and other things, they also discussed means whereby bolshevik and I. W. W. tendencies could be curbed, and it was agreed that the ownership of homes by the working stiff was the proper anecdote, and if the idea matures, the cooties may bring strong pressure to bear upon the mining companies to raise wages in order that the stiff may own their own homes, maybe."

It is planned to make next week's mulligan a banding, at which time Jawn Hortense McIntosh will explain how he (the last whisper in patriotism) curbed his boundless craving for gore and remained at home to protect the affairs of demented business men.

NICKERSON ADDS A NEW LINE

For some time there has been a decided tendency among men of all classes to break away from ready made clothes, due partly to the constantly increasing prices and partly to the inability to secure a good fit. Men are now able to buy tailor made suits of dependable woollens that really fit properly and the prices are no higher than for the nationally advertised ready made clothes.

Nickerson has taken advantage of this situation and stocked up with woollens and is now prepared to furnish tailor made suits at very reasonable prices.

It looks as though this will prove a profitable addition to the hat business and we bespeak for him a goodly patronage from our readers and boosters.

Vampers and Vampires.
I was at work in my office the other day," said a man who is in charge of employing the help at a shoe manufacturing company in the city, "when a rather pretty girl of the brunette type, came simpering in. I was at a loss to account for her attitude, since I saw nothing mirch provoking either in the young lady, or myself or in the general situation."
"I seen in the newspaper you are looking for a vampire," she said coyly.
"Why, yes, we advertised for campers. What do you know about vamping?" I asked.
"Well, I ain't no Theda Bara," she replied, "but I gues I could learn. Where do you take the pictures at?"
