The affairs of the city of Butte are in a deplorable condition. For many years—with one exception—Butte has been cursed with administrations intent only on plunder, content to “pass the buck” to posterity.

The various city governments have served the autocracy of Silver Bow county well. They have kept the machine intact at the expense of the people until today, in Butte, thousands of citizens have determined that never again shall a man on whom rests the slightest suspicion of connection with or sympathy for the ruthless interests that have almost ruined Butte be mayor of this city.

I am a candidate for the office of mayor. I believe I can administer the office better than most of the men who have held it, and of one thing I am certain.

It is that the seat of the city government will, if I am elected, be restored to the city hall.

It will not be located in any other building.

I desire to be the servant, not the master, of the people and I want the advice and co-operation of every honest, decent person in the city of Butte.

We wish to make Butte a city for whose government we do not need to apologize, a city that is governed for the people who live in it and not for and by any special interest.

I have been accused of being somewhat radical, and it is probable that I am, but it takes some strength of character to be a radical these days, and that same strength of character that has been developed in a fight for what I believe is right, will be used, if I am elected, in giving the people of this city a clean, honest, efficient and just administration of the city's affairs.

Those affairs are in such shape that none but fools would be optimistic. The task of putting the city on its feet is a difficult one, but I will do the very best I can. One cannot do more.
W. F. DUNN.
