MARTIAL LAW PROCLAIMED IN IRELAND

QUESTIONS OF PEACE NEAR SOLUTION
IS STATEMENT ISSUED BY PRES. WILSON

Questions of Italy Regarding Adriatic
to Receive Precedence Over Other
Questions. German Plenipotentiaries
Invited to Meet at Versailles April 25

Paris, April 15.—A statement by President Wilson in behalf of the council of four, says that the questions of peace are so near a complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles on April 25.

The president hopes that the questions of Italy, especially relating to the Adriatic, will be brought to a speedy agreement. The Adriatic question will receive precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be got out of the way and at the same time other settlements will be completely formulated.

The text of President Wilson's statement follows:

In view of the fact that the questions which must be settled in the peace with Germany have been brought so near a complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference about them have decided to advise that the German plenipotentiaries be invited to meet the representatives of the allied and associated belligerent nations at Versailles on April 25.

This does not mean that any other questions connected with the general settlement will be interrupted or that their consideration, which long has been under way, will be retarded. On the contrary, it is expected that rapid progress will now be made with these questions so that they may also presently be expected to be ready for final settlement.

It is hoped that the questions most directly affecting Italy, especially the Adriatic question, can now be brought to a speedy agreement. The Adriatic question will be given precedence over questions progressed by continental study.

The settlements that belong especially to the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation. It is realized that through this process must be followed all the questions of the present great settlement are parts of a single whole.

Washington, April 15.—The general view among the less extreme opponents of the league is that the amendment will probably pave the way to the senate's acceptance unless some new obstacles present themselves. The question which a number of the 39 senators who signed Lodge's "round robin" against the league still wish answered include: Are Germany and the other central powers to be in the league? Will the bolshevik government of Russia be recognized to the extent that it will let Russia into the league? If decisions on grave international questions must be unanimous, is binding what occurs when one nation or more holds out and "hangs jury" would this disrupt the league and lead to war? Are purely domestic questions really excluded from the consideration of the league? It was pointed out that one nation might object to the domestic policy of another with respect, for instance, to immigration, and to get it before the league might create a situation, as such situations often have been created, threatening the world peace.

GENERAL HINES
INCREASES
WAGES

69,000 Employees of American Railway Express Co.
Advanced \$25 a Month.
Other Employed Included

Washington, April 15.—Wage increases averaging about \$15 a month for approximately 9,000 employees of the American Railway Express company, were announced last night by Director General Hines. The increase represents an advance of \$25 a month above the wage scale in effect Jan. 1, 1918.

The director general also raised the wages of 12,000 sleeping and parlor car employees \$25 a month above the basic minimum in effect Jan. 1, 1918. Since approximately half of this sum was awarded by the general wage increase of last year, the net addition of this order will be the remainder, or about \$12.50 per month.

Wages of 10,000 dining car employees were advanced \$25 above the basic monthly minimum in effect Jan. 1, 1918.

This will yield approximately \$8 a month additional to each employee, since two-thirds of this \$25 increase was taken up in the general wage advance last year.

These minor wage orders for railroad employees were included in the estimate of \$67,500,000 in increases announced in connection with the wage order affecting the four trainmen's and engineers' brotherhoods several days ago. Future applications for higher price pay will be considered in the light of peace time conditions. The wage orders are to become effective at once.

KOREANS ALSO ASK
AFTER INDEPENDENCE

(Special United Press Wire.)
Tokyo, April 15.—Street demonstrations throughout Korea are developing into violent riots, the war office announced. Six additional battalions of Japanese troops have been sent to Korea to assist in handling the situation. Troops are being sent to Fusan and Gensan. Four hundred gendarmes are being rushed to these points from Osaka. Hundreds of communities throughout Korea are affected by Koreans with bolshevik tendencies who are taking advantage of the chaotic condition resulting from the move for Korean independence.

VIOLATION OF EXISTING
NEUTRALITY IS CHARGED

(Special United Press Wire.)
El Paso, April 15.—Twelve alleged followers of General Angeles were placed on trial in the United States district court here today, charged with having set on foot a military expedition to Mexico in violation of the existing neutrality laws. A quantity of arms, ammunition and military stores were confiscated at the time the arrests were made. Six others were arrested at the time, but subsequently released.

CATERPILLAR TRACTOR
ASSIGNED TO FAR NORTH

(Special United Press Wire.)
Washington, April 15.—The caterpillar tractor will start soon for its "farthest north" adventure. Secretary Redfield announced today that four tractors would be shipped to the Peabody islands for use over the sands, where an automobile cannot go, in hauling fossil seal bones to the coast to be shipped to the United States to be made into fertilizer. A deposit of bones one and a half miles long and one-half mile wide has been discovered.

Victory Fleet Arrives
in New York Harbor

(Special United Press Wire.)
New York, April 15.—More than 100 ships of America's "Victory fleet" steamed proudly into New York harbor yesterday beneath a great escort of air and seaplanes, bringing 20,000 officers and men to the first home shore leave many have enjoyed in a year. The armada—greatest in point of numbers ever seen in an American port—rode through the din of an enthusiastic welcome in the harbor to anchorages in the Hudson river, and within a few hours Admiral Henry T. Mayo, fleet commander, had released more than 10,000 of the men for 24 hours' shore leave. No parades or official receptions will be held, Admiral Mayo asserting the men of the fleet were "here to review New York and not to have New York review us." The fleet will remain until April 30, when it will be split up and

VISCOUNT
LEAVING
SOON

To Confer With His Government. Doubt Is Expressed As to His Return to Washington.

(Special United Press Wire.)
Washington, April 15.—It is stated authoritatively that Viscount Ishii, Japanese ambassador to the United States, returns to Japan shortly "for a conference with his government." Considerable significance is attached to this action in view of the Japanese situation in Paris where Tokio delegates are threatening to withdraw from the peace conference and in view of the numerous "difficulties" arising lately in the relations between the United States and Japan. Ishii has not been recalled as ambassador it is understood, but there is some doubt in diplomatic circles that he will return to Washington. The reports that Japanese gendarmes, interned in American hospitals in Korea, were arresting and removing Korean patients, together with the reported arrest of Rev. Mowry, an American missionary to Korea, intimate that a "serious situation has been born." Difficulties seem to be arising rapidly between the two nations. There has been a strong anti-American propaganda circulated in Japan for some time and the feeling between American and Japanese troops in the Orient is not good. The reported Japanese infringements on American rights in Korea are being carefully investigated by this government. There has been a growing feeling in Japan against the United States for Wilson's refusal to sanction the clause in the league of nations covenant providing for racial equality.

HEAVY FIGHTING
IN STREETS OF
MUNICH

Communists Recapture
Railway Station, Post-office and Telegraph Office. Many Killed.

Berlin, April 15.—The latest news received here is to the effect that the communists in Munich had not yet been routed and that heavy fighting is raging in the streets of Munich between red guards and troops loyal to the government. The central railway station, the postoffice and telegraph office and several other public buildings again are in the hands of the communists, who used heavy machine throwers in their recapture. A number of persons have been killed or wounded. Earlier cables reported that the whole of Bavaria, with the exception of Hof, had been regained by the Hoffman government which provisionally remains at Bamberg. Railway stations and postal, telegraph and other government buildings fell into the hands of the government without resistance. Dr. Leven is said to have fled to Switzerland with two million marks of state money.

GLEEFUL TIDINGS
FOR THE TIPLERS

Paris, April 15.—Lloyd George, leaving for London, said: "Everything is going ahead," and that he is "well pleased with what has been accomplished."

WILL YOU HELP
THIS FAMILY?

Yesterday a lady, the mother of three children, whose husband and father has been unable to find work since the forepart of February came to the Bulletin. The rent for their home is overdue, the father is out of town looking for work. The mother did not have a cent and the three little ones were hungry. The mother has a watch, given her some years ago as a birthday present. It is the only thing of value the family has. She desires to raffle the keepsake in order to buy food and pay the rent until her husband finds work. The Bulletin has advanced her \$5 and will print 100 raffle tickets free of charge. We ask our supporters to come down and purchase them within the next few days and help to relieve the distress of this deserving family. The name and address of the family can be secured at the Bulletin office by anyone who wishes to contribute. The watch is a Ducher-Hampden lady's wrist watch.
