ALL NOW READY FOR BIG LOAN DRIVE

Site Selected for "Flying Circus" and Plans Complete for Big Drive Starting Monday.

Arrangements for the opening of the Victory loan campaign on Sunday, when the celebrated "flying circus" of army aviators will appear here and demonstrate dare-devil stunts of fighting aviators, were practically completed yesterday afternoon when the various sub-committees in charge of details of the campaign met at the Silver Bow club.

Announcement was made that a tract of ground lying just south of the terminus of the Englewood street car line had been selected by Maj. Kenneth Marr for a landing and starting place for the Victory flying machines and the tract was immediately christened "Marr field."

The board of county commissioners have agreed to place a force of men and teams at work leveling off the aerodrome site and rolling it. The work has been placed under the direction of Lieut. A. E. Eddy, 110 North Washington street, who recently was discharged from the aviation service.

A speakers' stand will be erected on the field, from which Majors Fulard, Parker and Holiday of the British aviation service and J. Bruce Kremer will address the crowds. Immediately following the addresses the flying stunts will start. It is expected that the first machine will leave the ground about 1:30 o'clock and from then on the air will be filled with airplanes simulating combat.

While the "flying circus" will appear on Sunday, the loan campaign proper will not begin until Monday, when every effort will be put under way to put Butte and Silver Bow county over the top with an oversubscription during the three days of the drive.

Booths will be erected in the lobbies of various hotels and in mercantile and other establishments throughout the city. In each of these a corps of women will be on hand to take subscriptions. The Elks lodge has taken a hand in the affair and will stage a number of unique stunts on each of the three days of the drive. Various speakers including a number of the best orators from among the local talent and Lieut. William B. George, Jr., of Billings, will make addresses each day.

ARRAIGN GUERRA FOR MURDER OF MURPHY

Mexican Captured at Laurel Given Until Saturday To Plead.

Formal arraignment of David Guerra, the Mexican section hand, who is alleged to have shot and killed Frank Murphy at Silver Bow, on the night of April 11, was held in Judge Lynch's court, yesterday afternoon. Attorney M. S. Cohen was appointed by the court to take charge of Guerra's defense and the prisoner was given until Saturday to make his plea.

After the killing of Murphy, Guerra disappeared from the Silver Bow section house and, although a determined search was made, he made his getaway as far as Laurel, where he was captured by a night watchman in the railroad yards.

Those who survived the preliminaries are Misses Ora Greer, Anita Morris, Elizabeth Walker and Messrs. William Walker, Archie McMillan and Harry Reynolds. The alternates are Clara Hoar and Roger Deeny.

George Mordridge always gets into condition quickly and this year was no exception for the veteran southpaw. He was the first of the Yankee boxmen to throw any curves.

In Cadore, Pfeffer, Grimes, Marquard, Marnaux and Cheney, the Robins have a pitching staff that compares with any in the major leagues.

Jack Dempsey is following in the footsteps of John L. Sullivan, who became the most popular pugilist the ring ever saw by touring the country, meeting all comers and agreeing to stop them in four rounds. Sullivan is supposed to have knocked out over 50 men during his famous tour. Dempsey has not stopped as many as Sullivan, as yet, but he is bowling them over at a rate that threatens the old time warrior's record. During the last few days Dempsey has knocked out half a dozen men and none of them lasted more than a minute before him. It is true that they were not experienced ring men, but they were of the same type that offered themselves as victims for John L.

Old Russell Ford, Inventor of Emery Ball, 36 Today.

Russell Ford, who passed out of active baseball in 1915, will celebrate his 36th birthday tomorrow, as he was born in Manitoba on April 25, 1883. Ford was the inventor of the emery ball, but that didn't help him to stay in the game after he was 33. In 1914 Russ pulled a glorious come-back with the Buffalo Feds, leading the winners of the Federal circuit with 21 victories to his credit, and only six defeats chalked up against him. In the following year Ford slumped and had won only two games for the Buffeds when he was released in July. Later he was recalled and given another chance, but in the latter part of August of that year he again received his unconditional release. Russ's downfall was due to him placed upon the emery ball by the Federal league directors. Ford, who was known as the inventor of this form of delivery, had nothing else to offer, and with the emery ball barred he was all through.

Ford started professional pitching with Cedar Rapids in 1905, and remained in the Iowa city two seasons. Then followed two years with Atlanta, and his work in the Southern league was so good that he was purchased by the New York Americans, but was turned over to Jersey City for further seasoning in 1909. The next year he joined the hurling staff of the Yankees, then managed by George Stallings. Ford was the sensation of the year, winning 26 games while he met but six defeats. His work was largely instrumental in enabling the Yanks to finish in second place. In that year Ford proved himself the greatest recruit that ever broke into the big company. In 1911 Russ had 22 wins against 11 defeats. In 1912 he scored but 13 triumphs as against 21 defeats, and was knocked out of the box repeatedly. Except for his one big year with the Feds when the emery ball saved his bacon, Russ has never redeemed the great promise of his early career in the majors.

Some Ancient History.

It was on this date in 1737 that George Taylor, second pugilistic champion of England, successfully defended his title against Prince Boswell, a giant gypsy. Taylor assumed the title and defied all comers in 1734, after the death of Figg, the first champion. Taylor had no great trouble in whipping Boswell, but he was given a terrible battle by Jack Slack, a Norwich butcher. Slack fought until his body was one mass of blood and bruises, but at length had to succumb. Taylor held the title until 1740, when he was whipped by Tom Faulkner after a desperate bout lasting nearly two hours. Faulkner immediately retired, and Taylor resumed the title, but immediately lost it to Jack Broughton, who in turn was defeated by Jack Slack, the victim of Taylor. The latter sought to establish a pugilistic amphitheater and school as a rival of Broughton's famous Oxford road establishment, but failed in the venture.

SUSPECTED ROBBERS RELEASED FROM JAIL

Men Arrested for Holdup of Henderson Store Gain Liberty.

Peter Saunders, Mark Koinech and Joe Becker, arrested some time ago on suspicion of having been the men who held up the store of Mr. and Mrs. Andrew J. Henderson, 2701 Harvard avenue on the night of March 28, have been released from the county jail, investigations of Sheriff O'Rourke failing to prove any connection between the men and the crime.

During the course of a revolver duel between the holdups and Mr. Henderson, Mrs. Henderson was shot in the head. Her injury, however, was not serious.

The three men were arrested in the vicinity of the Henderson store within a few hours after the attempted holdup. A hat dropped by one of the robbers and which had the name "Joe Becker" inscribed on the band, was believed to prove Becker's connection with the crime. Becker, however, succeeded in proving that he had discarded the hat sometime previous to the holdup.

SOLDIERS WILL SING AT ARMY 'Y' TOMORROW

Ladies of Deaconess' Hospital to Be Guests at Unique Program.

Ladies of the Deaconess' hospital will be guests at the Army and Navy Y. M. C. A. on West Quartz street, tomorrow night, at which a special program including mass singing by returned soldiers and sailors will be given.

Ever increasing numbers of returned soldiers and sailors are registering at the Army and Navy "Y," where unusual free privileges are granted them. Upon signing the register the soldier or sailor is immediately given a "guest ticket," which entitles him to the use of the gymnasium, library, baths and, in cases where the man is "broke," free sleeping quarters. On Monday and Wednesday nights free picture shows are given at which excellent films, some of which are loaned by moving picture houses of Butte, are shown. Boxing and wrestling matches at which unusually good talent participates, are held each Saturday night.

WILL HOLD MAY INQUEST TOMORROW AT 2 P. M.

There will be a long list of witnesses to testify before the coroner's jury in the hearing, tomorrow, Judge Doran will hold the inquest. Dan Holland is still too sick. He has the "flu."

There is considerable interest aroused in town over the outcome of the hearing. Many people suspect that the carelessness which brought on the accident was too gross to be overlooked.

It is rumored that whisky played its usually fatal part. The owner of the heavier car, which sent two human beings into eternity when it struck the small Pierce automobile, has come in for sharp criticism from the quiet people of Butte who do not drink and do not smash into little family automobiles with big touring cars—the ordinary decent folk of the town who do not carry deputy's badges and guns and do not browbeat voters and watchers at election booths.

TO DISCUSS AFFILIATION AT BIG SUNDAY MEETING

An open meeting of all mine workers has been called to meet in the Metal Mine Workers' union hall, 101 South Idaho street, at 8 o'clock, next Sunday night. At the meeting a general discussion of the project which has been advanced for the affiliation of the local miners with the International Union of Mine, Mill and Smelter workers will be had.

A special invitation has been extended to the delegates of the Silver Bow Trades council, who voted to organize the miners of Butte into the Moyer organization at the last meeting of the council. In addition all workers who are interested are urged to be present.

EXECUTIVE COMMITTEE OF FIFTEEN MEET

At a well attended meeting of the executive committee of 15, representing the three councils, called for last night, only two matters of interest were handled.

The sub-committee appointed to audit the accounts of Secretary Daly, pertaining to the Whitehall organization project, found everything O. K. and, on motion, the report was accepted and recommendation made to the Silver Bow council to pay all outstanding indebtedness and thus write fints to one of the few mistakes of Butte labor.

The other question was one of jurisdiction between the Boilermakers and Ironworkers. Both parties were ordered to make their claims before a special meeting of the committee Saturday, April 26, at 7:30 p. m., in Carpenters' hall.
