I. O. O. F. OBSERVE HUNDRETH BIRTHDAY

Elaborate plans for the observance by Butte Odd Fellows tomorrow of the centenary of the order in America have been completed and members of the order from all parts of the county are arriving to participate in the festivities.

Tomorrow marks the one hundredth anniversary of organization of what has since been accorded official recognition as the first duly credited lodge of the order in America. The first lodge was established at Baltimore, Md., by Thomas Wilkey and several companions on April 26, 1819. The organization took place in the Seven Stars inn, then a favorite rendezvous for congenial souls of the time in the Monumental city and was named Washington lodge No. 1. Since that time the order has spread until there are one or more lodges in practically every city, village and hamlet in the country.

Program Elaborate.

The program for tomorrow's festivities by the Odd Fellows and Rebekahs is as follows:

Exemplification of the first degree at St. George's hall, Centerville, by a picked team from the Silver Bow lodges. The work will begin at 1 o'clock sharp and will be for Odd Fellows only.

At 3 o'clock there will be an entertainment at the high school auditorium which will be for Odd Fellows, Rebekahs and invited guests. The doors of the auditorium will be opened at 2 o'clock for Rebekahs and guests, who will visit until time for the program to begin.

The banquet will be held at the Butte grill from 6 to 8 p. m. and each member of the order and those invited will pay for his plate.

Dance in Evening.

A dance at Columbia gardens will conclude the program, and the invitation which each guest will be provided with will admit the bearer to both the entertainment at the high school auditorium and to the dance at the gardens.

The music at the afternoon entertainment at the high school auditorium will be provided by the Butte male chorus (formerly the Stevens' Glee club), G. V. Stevens is the director and the chorus consists of:

First tenors — H. Prichard, Matt Webster, Alf Poynter, Al Old, W. Tregidga and Sid Bray.

COMMISSIONERS MUST STAND LOSS ON AUTO

Car Purchased Illegally To Be Returned to Motor Company.

Since the decision rendered by District Judge Lamb yesterday, holding that the purchase of an automobile by the county commissioners for the ostensible use of the assessor's office and the county health board was illegal, county officials have been scratching their pates in perplexity as to what to do with the car, which already has been used and is now in the "used car" class. Since the county commissioners are not authorized to pay for the car out of county funds, the only alternative is said to be the return of the car to the company from which it was purchased, and the payment by the commissioners personally of the shrinkage in value sustained by the car.

In commenting upon the situation this morning, Chairman Simonson of the board of commissioners declared his belief that he and his fellow members of the board will have to personally sustain the loss set by the Butte Buick company as the difference between the price of the new car and the present value.

JURY CLEARS SAMUEL CURICH OF HOMICIDE

Verdict Is Returned After Forty-Five Minutes Discussion.

The trial jury in the case of Sam Curich, charged with the murder of Mike Maricovich Oct. 12, occupied only 45 minutes in consideration of the case yesterday afternoon and returned a verdict of acquittal. The speed of the juryman set a new record for local district courts in cases of such serious nature. It also marked the first acquittal by the present jury panel in a homicide case.

Curich's defense was that Maricovich drew a gun and attempted to shoot him and that during the struggle for possession of the weapon it was discharged with fatal results to the owner. The prisoner was defended by Attorneys Tom Walker and Charles S. Wagner. The state's case was handled by County Attorney Jackson and Deputy Rotering.

ST. MARY'S PLAYERS GIVE CLEVER COMEDY

With the high school auditorium crowded with an appreciative audience, an all star cast, composed of members of St. Mary's Dramatic club last night explained "What Happened to Jones." From the opening curtain until the asbestos was rung down after the last of a series of one-acts and curtain calls the amateur thespians kept the audience in a roar of laughter at the tempestuous turmoil of complications of the unfortunate Jones.

The play will be given again this evening, and an even larger crowd than that of last night is expected to attend.

SOLDIERS SELECT TWO NATIONAL DELEGATES

Samuel Adelstein and Dr. P. H. McCarthy were selected last night as delegates from the Army and Navy association to the convention of World War Veterans to be held at St. Louis on May 10. The convention has been called by Lieut. Col. Theodore Roosevelt, temporary chairman of the national association.

A meeting of the executive committee of the state organization will be held Saturday in Helena, at which plans for the participation of the Montana delegation in the national convention will be made.

NEIGHBORS ROW: A WOMAN IS FINED

A suspended fine of \$5 was imposed on Mrs. Parker, 125 East Second street, in police court this morning upon conviction of having created a disturbance. The complaining witness was Nellie Hildebrand, a blind woman. A quarrel over actions of children caused the trouble. It was stated.

BIG RECEPTION

(Continued From Page One.)

noon's meeting of the "big four," which both he and Sonnino attended. An official communique was issued declaring that the conference displayed the strongest desire to reach a satisfactory solution, and expressing the hope that the Italian parliament will aid in the settlement. From an official source it is learned that Orlando gave his word that he was going home to consult parliament which will be convoked immediately. While the Italian situation was at its crisis yesterday the supreme economic council discussed the coal supply in Europe and made plans for overcoming the shortage, especially in Italy. The council removed the fishing restrictions in the Baltic and North seas, to enable Germany to increase her food supply. It also removed restrictions against transporting more than 8,000 tons of coal at one time into Germany and Czechoslovakia via Hamburg. It will be possible hereafter to move 25,000 tons simultaneously.

(Special United Press Wire.)

Paris, April 25.—All leaders met yesterday afternoon in a final effort to induce the Italian delegation to remain in the peace conference. The meeting resulted from an invitation issued by Lloyd George to Wilson, Orlando and Clemenceau. Orlando was accompanied by Foreign Minister Sonnino. This was the first time the Italians had faced Wilson since Monday. Neither the president nor the Italian delegates showed any disposition before starting the conference to recede from their stand.

(Special United Press Wire.)

Paris, April 25.—The prediction is made here in American circles that one of two developments will result from the present situation—either the Italian delegates will not entirely break off with the peace conference, or a new Italian government will be formed from which another delegation will be appointed. It became known that the Americans plan to cut off Italy's food supplies if her representatives definitely withdraw. It is believed that Britain will take the same action regarding coal shipments to Italy. Such action would practically paralyze Italian industry.

(Special United Press Wire.)

Paris, April 25.—Orlando, in reply to Wilson, declared that he "earnestly protests against the offensive supposition that Italians will submit to any will, save their own." He said Wilson's statement was intended to "set the Italian people against their government. It is believed that Britain will take the same action regarding coal shipments to Italy. Such action would practically paralyze Italian industry."

(Special United Press Wire.)

Rome, April 25.—Twenty thousand farm hands are striking in northern Italy, demanding the eight-hour day.

Thorough investigations of the activities during the war of alien enemy citizens who are now seeking United States citizenship are being made throughout the state, according to D. H. Dickson, special agent of the department of justice, who returned yesterday from a trip to the extreme western part of the state. Mr. Dickson said that personal investigations are being made in the case of each applicant of that character.

CALL MEETING OF BASEBALL PLAYERS

DEPUTY CLERK HOLDS UP MATTHEWS' BILL

Refuses to Pay City Health Head for Transcribing Records.

Although transcription of 6,000 records of births and deaths from the city health department files for the use of the county has been made in the form required by law, James D. Burns, chief deputy county clerk, has flatly refused to pay the bill for \$600 presented by City Health Officer Matthews for the work. Burns' action is being taken contrary to the opinions of County Attorney Jackson, County Auditor Sullivan and Assistant City Attorney John T. Andrews.

Under the terms of a law passed at the last session of the legislature the county is required to keep records of births and deaths as well as the city. The law requires that the old records of births and deaths as kept by the city for the last 40 years be transcribed for the county files. Accordingly City Health Officer Matthews employed a force of clerks to do the transcribing. The first installment of 6,000 records were completed and turned over to the county two weeks ago, accompanied by the bill for \$600, the sum set by law.

Deputy Burns, however, objected to the transcriptions because they are not indexed in a manner similar to other county records and refused to pay the bill. Mrs. Sullivan, county auditor, consulted the county attorney's office relative to the matter and was advised that the work had been done in compliance with the terms of the law. Even this has failed to move Deputy Burns, who is still standing pat on his refusal to pay Matthews.

In the meanwhile Dr. Matthews has been paying his clerks out of his own pocket and may be compelled to carry the matter into court in order to budge Burns from his position.

INFORMATION ON THE STRIKE IN IRELAND

The following which has been received from Limerick in leaflet form will probably explain some of the telegraphic dispatches from that city recently published in the New York papers:

Since Wednesday evening, when a considerable number of people were attracted to the neighborhood of the jail by shouting and other noises, many are asking what happened. The following are the facts:

On Saturday, Feb. 1, R. C. Byrne, of Town Wall Cottage, a well-known citizen, was sentenced to 12 months imprisonment with hard labor because a revolver and some ammunition were found in his mother's house. Naturally, he protested against the barbarous sentence. He was backed up by the political prisoners at present in Limerick jail.

At first they resorted to constitutional methods, but, finding these unavailing, they resorted to the more vigorous methods of Wednesday evening. A force of police were sent for. When they reached the prisoners' cells, they deprived the men of their boots, handcuffed them, and, in addition, strapped many of them. In that shocking condition, as far as their friends know, they still are, and the night brings no change from the day.

In the same jail is a man convicted of the manslaughter of a girl, in circumstances of revolting brutality, and sentenced by a judge, lenient to his ilk, to 12 months in the second division. He has nothing to do, and is supplied with every comfort. Men who have never committed a crime, believe that they are entitled at least to the treatment that criminal is receiving. But those responsible for the administration of law in Ireland treat him as a gentleman, and try to degrade the others. But those men, who demonstrated Wednesday evening hold honor dearer than life, and while ready to suffer for their national principles, will never willingly submit to be branded as criminals. In that attitude they naturally expect the vigorous support of the people of Limerick.

It is pertinent to ask, what of our popular magistrates? Are they willing to assist in the administration of "law" which perpetuates such infamies?

If the last spark of humanity, as well as the last spark of patriotism, has not deserted them, they will quickly return the "honors" conferred on them by the foreigner, in return for their oaths of allegiance.

One of the prisoners, Henry Meary, is in a bad state of health, yet is manacled as well as handcuffed. His relations have been sent for as the governor fears he may die.

ATTENTION, BOOSTERS.

Boosters Club No. 5 will have butter, eggs and chickens at Miners' hall 104 S. Idaho street, between 2 and 4 o'clock, Saturday afternoon. Bring egg boxes or sacks.
