# RESTS WITH ITALIAN PARLIAMENT

## PRESIDENT'S ACTION IS FLYING CIRCUS STARTS PROMPTLY AT 1:30 P. M. GENERALLY ENDORSED

### Italian Nation Acting As a Unit in Supporting Their Claims. Flags of Italy, Fiume and Dalmatia Are Exhibited Together. No Attempt Made to Reach the American Embassy by Crowds

(Special United Press Wire.)

Washington, April 26.—The Italian situation is clearing rapidly, according to private advices received at the White House. It is stated that the president's action on Fiume is generally endorsed by the peace conference participants.

(Special United Press Wire.)

Paris, April 26.—Italy has severed her last ties with the peace conference. Up to the final moment it had been hoped that the breach might be healed and Italy retain her position in the conference. This issue now rests with the Italian parliament—and back of that body—forty millions of Italians.

Orlando is expected to address parliament Monday or Tuesday when he will ask for a vote of confidence in his ministry. Upon this verdict will depend Italy's future course. A vote of confidence would empower Orlando to return to Paris and renew the demand for Fiume with the added weight of the alternative of forcible annexation. Or he could even direct the annexation of the port without the formality of going before the peace conference again.

It is learned on good authority that the official statement by Lloyd George on the British position in the controversy and endorsed by Clemenceau is in Orlando's hands. The tone of the statement is carefully guarded, but is consistent with the previously announced British attitude. Americans, French and British are agreed that Italy cannot have Fiume.

(Special United Press Wire.)

Rome, April 26.—The impression is great today that the Italian nation is a unit in supporting the claims upon which its members have taken an irrevocable stand. Demonstrations continued in every city. Every government office is closed. Flags of Italy, Fiume and Dalmatia were exhibited together in the demonstrations. The crowds did not attempt to reach the American embassy, as all speakers pointed out that Wilson must not be confused with the American people, whose friendship Italy is determined to retain. The proprietor of the Wilson cafe was compelled to cover Wilson's name with tarpaulin.

(Special United Press Wire.)

Paris, April 26.—The last of the Italian peace delegation—Foreign Minister Sonnino and former Premier Salandra—left for Rome Friday. A crowd of Italian officials and civilians gave them a great ovation.

(Special United Press Wire.)

Paris, April 26.—Orlando arrived at Rome at 11 o'clock this morning, according to a dispatch received at Italian headquarters here. He was given a great ovation, his automobile proceeding with great difficulty through cheering crowds to the government offices.

(Special United Press Wire.)

Rome, April 26.—A Fiume dispatch said that the news of Wilson's statement caused great consternation there. Thousands were reported to be parading the streets demanding annexation to Italy.

(Special United Press Wire.)

Paris, April 26.—The Paris correspondent of the Nippon Dempo cabled the following to Tokyo: "Japan's case is still open, the final scene is yet to come, but I am able to repeat that our delegation stands firm. Japan may sign a just treaty, but not an unjust one."

## CANNOT COMPETE IN FOREIGN TRADE

(Special United Press Wire.)  
Yokohama, April 26.—"The high cost of American labor makes it impossible for America to compete in foreign trade," declared Sohei Mogi, leading silk exporter, when interviewed upon his return from a trip of inspection throughout the United States. He declared that "American made goods are too expensive."

## THREE UNIONS UNITE.

San Antonio, Tex., April 26.—The three locals of brewery workers, beer bottlers and beer drivers have merged into one organization that will be known as Cereal, Beverage and Soft Drink Workers' union No. 12.

## TICKET NO. 98 WINS WATCH

The watch which was raffled off last Thursday night for the benefit of a destitute family was won by Paul Tate of the Mantle block. The winning number was 98.

The Bulletin wishes to thank its many friends for the interest shown in this case, as the amount raised was far beyond the expectations of the persons making the appeal.

## SHEA MURDERER MAY BE MAN IN JAIL

### Roy Lincoln, Arrested Tuesday, Thought To Be One Who Brutally Killed Aged Miner.

## IDENTIFICATION OF CHILD MAY CAUSE CONVICTION

### Ten-Year-Old Girl Says Prisoner Chased Her from Yard of Cabin on Evening of Revolving Crime.

On the testimony of Eva Kurtzi, a 10-year-old girl, whom he is alleged to have chased away from the vicinity of the cabin at 335 East Park street on the evening of March 28, a man named Roy Lincoln, is in the county jail facing trial on the charge of having murdered John Shea, an aged miner, whose brutally beaten body was found in the cabin in question that evening.

Lincoln, who was arrested last Tuesday by Deputy Sheriff Mike Borle, was positively identified last night by the girl, who returned yesterday afternoon with her mother from Philadelphia, where the family moved three weeks ago. County authorities feel that the identification of the Kurtzi girl, together with other circumstantial evidence they have gathered are sufficient on which to base a formal accusation of murder against Lincoln.

**Murder Revolving.**  
The murder of John Shea is considered by authorities as one of the most revolting in the criminal annals of the city. Shea was well along in years, a steady worker in the mines, and given to offending no one, according to his close acquaintances. He lived all alone in a little cabin at the rear of 335 East Park street.

On the evening of March 28, a close friend of the aged bachelor visited the cabin at 7:30 o'clock, as had been his daily custom, for months. Upon entering the door the friend was thunderstruck when he saw his friend, seated in a chair, holding his badly battered head in his hands with blood streaming from numerous deep gashes. The condition of the room, with chairs and other furniture overturned and the floor and walls spattered with blood gave mute testimony that the old miner had made a game struggle against his unknown assailant. A blood spattered axe lying nearby showed the instrument that had been used in the assault.

## EVERYBODY'S DOIN' IT NOW---WHAT? HOUSE-CLEANING

Press Comment: Time alone can remove the cause of discord in Europe—and elsewhere.

## PREPARING FOR A BOLSHEVIK COUP

### Lenine Holding Secret Conference in Moscow. Has Elaborate Scheme to Advance Proletariat.

(Special United Press Wire.)

Washington, April 26.—The associated powers, recognizing the possibility of a bolshevik coup while the German delegates are at Versailles, prepared for such a development, it is stated in diplomatic quarters. Lenine has been in secret conferences in Moscow for weeks with followers from all over Europe, and, it is understood, has framed an elaborate scheme for advancing the cause of the international proletariat as an incident to the signing of the peace treaty. An attempted general advance of the Russian red armies is possible upon the arrival of the German plenipotentiaries in France, the diplomats hold. The bolshevik forces in the Archangel region are known to be equipped for an offensive. The bolsheviks have been eagerly watching for the peace conference to split. Diplomats expect that Lenine will utilize the Italian situation as well as the Japanese grievance to his own personal advantage.

## CHANGES HER MIND, COMES BACK TO LIFE

(Special United Press Wire.)  
Paris, Tex., April 26.—Relatives of Mrs. R. P. Baker put away their mourning while making arrangements for her funeral. Following a report from Stratford, Okla., that she was dead there, another message came saying that Mrs. Baker "suddenly came to life." Physicians had pronounced her dead but later discovered she was breathing. It is now believed that she will recover.

## WARRANTS UNPOPULAR FOR ELECTION WORK

Although warrants for the pay of judges and clerks of election during the recent primary and general city election have been ready for some time, but few have called at the office of the city clerk for their pay, it is stated. Whether the hesitancy on the part of the judges is due to the belief that the warrants are valueless or because they feel that the defect of the Curtis machine is sufficient reward is unknown, but City Clerk Treacy is desirous of handing them all out before the change of administration. There are also a number of warrants due property owners along Harrison avenue as refunds on sprinkling taxes that are still uncalled for.

## LATEST UNITED PRESS BULLETINS

(Special United Press Wire.)

Paris, April 25.—The "Big Three" met with the members of the supreme economic council at 3:00 o'clock this afternoon. Naval experts attended at 5:00 o'clock to further discuss international rules to govern the Kiel canal.

Paris, April 25.—Italian headquarters announced this afternoon that Orlando had arrived in Italy where he was accorded a great demonstration. It was also announced that Italian troops were guarding the American embassy in Rome.

Trieste, April 26.—The Jugo-Slav government has called three additional classes to the colors, according to telegraph dispatch.

London, April 25.—It is reported that Orlando will offer his resignation to King Emmanuel. If not accepted the premier will convene parliament Monday or Tuesday.

## ARREST CARMAN AS TEST OF ORDER

### Police Lieutenant Jails Conductor Who Refused to Carry Him Free. Fine of \$10 Suspended.

The first actual test of the order of Manager J. R. Wharton of the Butte Electric Railway company prohibiting the carrying of policemen not in uniform, fare free, on Butte street cars, occurred this morning, when Lieut. Mike Dwyer of the police department placed Conductor D. A. McMillan under arrest on a charge of refusing to carry an officer while in the performance of duty unless the regular cash fare was paid. McMillan was found guilty in police court and fined \$10, which fine was suspended.

The arrest of McMillan came as the result of a week of controversy between the city officials and the car company management. In response to an order of the public service commission, it is stated, Manager Wharton ordered that all passengers other than policemen and firemen in uniform be compelled to pay regular car fares. This order effectively stopped members of the plain clothes force of the police department from riding free as in the past. Basing his stand on the order received from the state public service commission, Manager Wharton stood pat, despite threats of the city officials to invoke various sections of the ordinance granting the franchise in relations to alleged failure on the part of the car company to live up to the terms of its permit.

Revoke Old Ordinance.

A section of ordinance No. 825, "establishing and found to require street car companies operating in Butte to carry all officers fare free while in the discharge of their duties. This morning shortly after 7:30 o'clock, Lieutenant Dwyer boarded an Englewood car bound for the Northern Pacific depot to intercept...

## EXHIBITION WILL TAKE PLACE RAIN OR SHINE

### Everybody in Butte to Have Opportunity to Witness "Wartime Aerial Tactics" of the World's Famous Aviators. Two-Minute Service Promised the Public

## AIRPLANE "JITNEYS" IN KANSAS CITY

Kansas City, April 26.—The Central Aircraft Corporation announced the inauguration of airplane "jitneys" here this week.

Rates for passengers were quoted at \$10 and upward for any distance within 150 miles of the city, dependent upon weather conditions.

Lieut. James H. Smith, former instructor at Richard, Tex., will pilot a Curtiss two-passenger machine as a starter for the company.

## GERMANY'S PLANS BEING PUT IN SHAPE

### Professor Scheucking, Member of German Peace Commission, Starts for Versailles Monday.

## GERMAN NEWSPAPERS ENDORSE WILSON STAND

### No Effort Is Made to Conceal Their Satisfaction. Egotism of Italy and Peace Delegates to Blame.

(Special United Press Wire.)

Berlin, April 26.—Professor Scheucking, a member of the German peace commission, scheduled to leave Monday for Versailles, has outlined Germany's plans for a league of nations. They are being rapidly shaped for presentation at the peace conference. He said: "Wilson's plan, which the Paris conference adopted, is unsatisfactory because it is a league of diplomats or governments rather than a league of peoples. Our league would be a parliament composed of representatives elected by the people, one for each million of the population, no nation to be allowed more than 10. Wilson's league makes five big powers the dictators of world affairs which we would abolish, since small nations and neutrals would not submit to domination. We propose a standing council serving as delegates who would have far more extensive powers than Wilson proposed, which would abolish war by force. There would be no national armaments."

(Special United Press Wire.)

Berlin, April 26.—Newspapers, commenting upon Italy's reported withdrawal from the peace conference, make no effort to conceal their satisfaction with the turn of events. "Not only is Italian egotism to blame, but the egotistic spirit inspiring all the peace delegates," said the Berliner Tageblatt. Vorwaerts (socialist) openly endorses Wilson's stand.

## SALES OF VICTORY NOTES ARE LAGGING

(Special United Press Wire.)  
Washington, April 26.—The sales of Victory notes are lagging, the subscriptions averaging only \$110,000,000 a day. If the minimum goal of \$1,500,000,000 is reached by May 10 an average of \$500,000,000 must be obtained daily, except Sundays.

Irrespective of whether Old Sol shines tomorrow or whether Mr. J. Phivius drenches the landscape with rain, the exhibition of wartime aerial tactics will be staged tomorrow afternoon at Marr park by the "flying circus." Announcement of this fact was made this afternoon at the Victory loan headquarters, where it was stated that the circus will perform tomorrow no matter what the state of the weather.

All Butte and for that matter a considerable part of western Montana is agog over the opening of the Victory loan campaign here tomorrow. Nearly 100 of the most famous army aviators and aero mechanics of the Lafayette escadrille and other noted allied fighting organizations will demonstrate methods of fighting in the clouds as an aid to the loan campaign.

According to prearranged plans the aviators and their mechanics will be in Butte early tomorrow in preparation for the thrilling flights. Two-Minute Service.

Cars will leave Park and Main street every two minutes for the aviation field at the end of the Englewood car line. The special service will start at 11 o'clock tomorrow morning and will continue until after all the crowds have been handed at the conclusion of the meet. Telegraphic advices from Major Spatz received last night announced that the actual flying exhibition will consume only one hour and will start promptly at 1:30 o'clock.

Because of the necessity of disassembling the planes and getting ready to leave for the next stop promptly on schedule, there will be no delay and the first machine will take the air on the dot of 1:30 o'clock. Preceding the flying brief addresses will be made by several of the visiting aviators and by J. Bruce Kremer.

In connection with the flying circus exhibition, adventuresome young men of Butte and vicinity tomorrow will be given an opportunity of assisting in the aviation service of the United States Army. A telegram received by The Bulletin this morning from Lieut.-Col. A. J. Hanlon, announces that he will accompany the aviators to Butte in order to accept enlistments of applicants for the air service. Colonel Hanlon stated that he will be at the army recruiting office in the courthouse from 9:30 o'clock tomorrow morning until the departure of the circus. He states that there are exceptional opportunities for advancement for enlisted men in his branch of the service. Initial pay ranges from \$30 per month to \$125 per month clear, with food, clothing, quarters and medical attendance thrown in, wages considerably higher than the average being obtained by workmen throughout the country. In addition, he wired, all but one-third of the enlisted men in the air service are given non-commissioned ratings with higher pay and there are exceptional chances for such men to learn to become flyers or expert mechanics with commissions.

Many Visitors Arriving.  
From the fact that Anaconda was stricken from the list of cities to be visited by the circus, each train arriving in Butte today was crowded with visitors and indications are that a record crowd numbering many thousands will watch the airman soar above the city from various vantage points about the city and environs.

All places of business in Butte usually kept open on Sunday will be closed tomorrow, during the flying exhibition. Even the drug stores will have locked doors.

Congress May Call Extra Session.  
Los Angeles, April 26.—Congress may call itself into extra session if Wilson does not act within the next few weeks, Senator Poindexter declared as he was leaving tonight for Washington.

(Special United Press Wire.)
