WHITTY HAS NO RIGHT TO DESK SERGEANCY

Metropolitan System Forbids. Last-Minute Appointment of Mayor Maloney Illegal, Say "Bulls."

Has P. J. Whitty, former police magistrate under Maloney, any right to be desk sergeant? Cops of Butte say he has not.

He was appointed to this place by Mayor W. H. Maloney, two days before Maloney's term expired. Mr. Whitty himself resigned his office as police judge, to which he had been elected by the voters, in order to take the appointment of desk sergeant. By giving up two days' pay as police judge he made certain, apparently, of a steady job, and an easy job, in the office of Chief Murphy.

But now it develops that under the rules of the metropolitan system which is supposed to govern appointments and dismissals of police, Mayor Maloney had no right to appoint Whitty to the position of desk sergeant. There were other eligible applicants for appointment to the police force who had priority, under the metropolitan system, over P. J. Whitty. The police magistrate is elected and is not a member of the force, and being police judge in no way gave Whitty any legal priority over other men in claiming appointment to the police force. If he wished a job on the force, he should have filed his application, passed his examination as other cops do, and awaited his turn. The job of desk sergeant is not one of the plums to be handed out to politicians or supporters outside the ranks. It is one of the soft places to which the plain bull beating the force is expected to work up by long and faithful service. Appointment of a man to that job over the heads of eligible men waiting appointment to the force was illegal, say the bulls in harness.

INCOME TAXES DUE JUNE 16.

Although June 15 is the date set by law for the payment of the second installment of the federal income tax, Butte residents will be given one day of grace, until the close of business on June 16, in order to make their payments, according to an announcement by Clinton Moore, collector of internal revenue for the Butte district. The day of grace is permitted because of the fact that June 15, falls on Sunday, a legal holiday.

"LEATHERNECKS" PLAN PARADE PARTICIPATION

Mass Meeting of Returned Marines to Be Held on Monday Evening in Judge Dwyer's Courtroom.

A call for a mass meeting of all returned members of the United States marine corps, including those who were in the service previous to the world war, has been issued with the intention of assuring a good turnout of "leathernecks" in the memorial day parade. The meeting will be held Monday evening at 7:30 o'clock in the courtroom of District Judge Dwyer in the courthouse.

It is estimated that 220 Butte boys served in the marine corps during the war. A number of these are still in the service with the army of occupation or engaged in police duty in various other of the way points over the seven seas, but it is planned to have all who are in Butte or vicinity take part in the exercises May 30.

FUND FOR FREEDOM OF IRELAND IS GROWING

Committee Reports More Than \$8,000 Has Been Subscribed to Date in Butte and More Pledged.

The sum of \$8,017 has been collected and turned in to the committee in charge of the Irish freedom fund, according to reports made at a meeting of the committee held last night at the office of County Treasurer Harrington. In addition to that amount, it was stated, several hundred dollars which have been collected are in the hands of the solicitors, but will be turned into the committee later. Encouraging reports from various other cities in the state where funds are being collected for Irish freedom were received.

Unanimous approval of the plan of sending a delegation of Butte Irishmen to Missoula to participate in the mass meeting to be held there tomorrow night was given. Arrangements have been made for an address in the high school auditorium on tomorrow a week, by the Rev. Dr. James Gratian Myrhan, an Episcopal clergyman of Baltimore, who is familiar with Irish conditions.

EASY PICKINGS FOR "DICKS" DWINDLE

There is much sharp criticism passed among the cops of Butte lately upon the growing stinginess of the gambling joints. Formerly every plainclothes man could drop into any one of the big games once a week and get his \$5 bill. If he failed to show up any week it was held for him, and he could collect \$10 when he came next time. If he neglected to call for four weeks they would slip him a twenty. It was just the regular recognized fee of the private in the ranks. The big chiefs, of course, were better cared for. They always are. Of course, it was a drain upon the honest gentlemen who ran these games—this \$5 per. to each one of some 15 plain clothes sleuths, not to count the big lumps handed over to the chiefs. But just think how much grief those desirable citizens might have suffered at the hands of Butte's official crooks, if the money had not been forthcoming.

And the games were coming money in those days. They had plenty left, even after the thorough shaking down that the Butte police knew so well how to administer.

But it's different now. Times are dull. The mines are practically closed. The administration has changed. A moral revival is thought to be imminent in the town. Even the gamblers are becoming affected. The gambling joints are trying to cut down the share of the police. If a poor cop is not prompt every week in claiming his bit, they are apt to forget about holding it for him. And they are kicking at the amount, say it is too much, in fact, there is growing friction. And the poor, hard-working dicks are sore, of course. Who is not sore, when his income is threatened?

COUNTY OFFICIALS WILL DISCUSS ROADS IN BUTTE

Representatives of Fifteen Counties and Members of State Commission Plan to Meet Here Soon.

Members of the state highway commission and county commissioners of about 15 counties of western and southwestern Montana will meet jointly with the Silver Bow commissioners in Butte in the near future to discuss plans for the establishment of a state highway from the western border of the state to Bozeman.

Preparations will be made by the county commissioners and the various local business organizations for the entertainment of the visiting commissioners.

ACCIDENTALLY SHOT; CONDITION CRITICAL

Ernest Tallon sustained a bullet wound in the head late Friday night while resting on a couch in his home, 64 Missoula avenue. A boy passing through the room was carrying a .22-caliber rifle. When opposite Tallon the weapon was accidentally discharged. The bullet seared the face and penetrated the head for an unknown distance. Tallon was taken to the Murray hospital. Early this morning attendants announced his condition critical.

EMPTY BOTTLES SEIZED AT ALMIRA UNPOPULAR

Judge Determines Ownership of Whisky, But Order for Its Destruction Still Stands in Court.

The decision of Judge Dwyer in the big Lucile Howard whiskey case heard before him last Saturday has been filed in the office of the clerk of court. It states that while three citizens claimed the whiskey nobody seemed to want to remove empty bottles seized by Officer Melia along with the full cases.

The judge grants ownership of 131 cases of whiskey—2,076 full bottles, to Lucile Howard. He gives ownership of two cases—48 full bottles—to Joe Kelley.

But the judge, while generously conceding to those people the ownership of the booze, directs the county attorney to destroy it, and along with it all the empty bottles which nobody wanted.

It is true, a stay of execution of 10 days was granted to Lucile Howard, so that an appeal might be made. The judge's decree may never be fulfilled.

DEFENDANT GETS \$1,200 AWARD IN COURT ACTION

James Kearney, Sued for \$348, Wins Verdict for Larger Sum in His Favor From Garage Company.

As the result of a suit brought by the Montana Auto and Garage company against James Kearney to recover \$348, alleged to be due for repairs, and the subsequent filing of a counter claim by Kearney against the garage company for damages he alleged occurred to his car through defective repairs and the use of the car for "joyriding" by employees of the company, the jury in the case yesterday afternoon returned a verdict in favor of the defendant and awarded him damages in the sum of \$1,200.

In his counter claim Kearney alleged that while he was paying garage rental at the rate of \$12.50 per month for the storage of his automobile, employees of the garage company were wont to use the car at times for joyrides. He further alleged that such use of the car resulted in its practical ruin.
