RUBY PASCOE LEAPS FROM SPEEDING CAR; DIES FROM INJURIES

Miss Ruby Pascoe, a daughter of Mrs. Annie Pascoe of 608 West Galena street, died this morning about 3:00 o'clock as a result of a reckless leap from a moving automobile. She and Professor Lewis Keller of the high school had been out driving south of town. They were on their return about 1:00 o'clock, when Miss Pascoe said that she wanted to drop in again at the "Bungalow." Professor Keller suggested that it would be best to get right back to town and turned into Harrison avenue in pursuance of that idea, without a thought that

Miss Pascoe had voiced more than a passing whim when she had said that she wanted to stop again at the Bungalow.

Miss Pascoe, urged by what impulse can now never be known, leaped suddenly from the machine. It was going at a good speed. When the car had been brought to a stop, Mr. Keller went back and picked the girl up. He says that she showed a wound on her forehead which was bleeding slightly, and that she seemed dazed.

He asked her what she did it for, and she replied, "I don't know." Thinking that she was only slightly hurt and would soon be all right again, and wishing to avoid publicity for her sake more than his own, Mr. Keller did not take the injured girl up town at once to the hospital, nor did he take her into any of the roadhouses, where he thought notoriety would be brought upon them, possibly by reason of the unusual circumstances attending the accident. He drove across, instead, to the place on South Montana not far below the Timber Butte mill, which used to be known as Morris Rose's place. Mr. Keller says that he had been well acquainted with the proprietor and expected to be able to get the girl treated properly without incurring the risk of embarrassing her and her family by letting the affair become public.

After considerable attention had been given Miss Pascoe at this place, her condition seemed to be growing worse. After vain attempts to get several different doctors over the phone, and thinking that the girl might be injured by the trip up town, Mr. Keller then drove up to Murray's hospital and tried to get a doctor, and finding none there, he went to the police station to get both an officer and a doctor.

He could get neither the one or the other at the police station. He thinks he drove back to Morris Rose's place to see if Miss Pascoe had been getting worse or better. He picked up a policeman on the way and took him along.

For Mr. Keller became very anxious.

The shooting came as a result of Wilkes' finding a small boy chained in a room in Ray's home. The boy, Wilkes' finding a small boy chained in a room in Ray's home. Wilkes argued that the boy be released, and, following a controversy, he was shot twice.

He pointed out that 24 of the 40 nations which would be members of the league, would adhere to the Roman Catholic church, and said the Vatican would be able to control their votes in the league, on political and economic questions. MANY UNIONS ARE ELECTING DELEGATES

The Silver Bow Trades and Labor council and the Metal Trades council of Butte have elected their delegates to the One Big Union convention. These bodies being the central organizations of the American federated unions in this city goes to show how popular and successful the move for the One Big Union has become.

Last night the Workmen's union elected delegates, following the bakers who elected their representatives on Thursday night. The Workmen's union adopted the demands of the Metal Mines Workers of America, Butte local.

All the workers who are directly connected and the unions that are striving to form the One Big Union in this state are overjoyed with a report that came in yesterday to the effect that the vote of the unions in Canada for the One Big Union was over 90 per cent in favor. The slogan of the One Big Union convention seems to be "United we stand, divided we fall; and injury to one is injury to all."

MILES CITY TO HOLD ANNUAL ROUNDUP

Thousands of Dollars in Prizes Are Ready for the Buckaroos. Will Last Three Days.

(Special to The Bulletin.) Miles City, June 21.—Preparations are being speeded up to take care of the large number of riders who are expected here to attend the great roundup to be held on July 3, 4, 5. The Miles City Roundup has become nationally known as a faithful delineation of the last great west; it is attended annually by the best riders and ropers from all over the cattle countries, from those sections of the west where the Ford has not as yet displaced the "brone."

Close to Miles City is the great Powder River range and the hard riding punchers from this section are going to try and carry off the major portion of the thousands of dollars in prizes that have been hung up for the buckaroos. At the roundup, the old west again comes to life in a manner that makes it hard to believe it has passed away before the railroad and the automobile and the tractor.
