

BISBEE ON THE LINE

(Written by C. E. M.)
Pard! Have you heard of Bisbee, in Arizona, on the line?
Bisbee is a copper camp, and the sun it always shines;
Here the miners have been mining forty years and maybe more,
Digging out the copper and the richest kind of ore.

Just wait a second pard; give me a little of your time;
Now don't go to that dirty camp, down in Arizona, on the line.
Listen boys, those things of which I tell you, I have surely seen,
So don't go to that dirty camp, to work, or for the Copper Queen.

Listen to me pal, and a story to you I'll tell;
Don't go to Bisbee or they'll drive you to hell.
Bisbee has her gun thugs and scabs by the score,
But the one thing they haven't got, are miners to break the ore.

We were very well contented in the good old days,
That was before the companies began to drive their slaves,
We had our trials and tribulations, and our pleasures too,
This was before the loyalty leagues and machine gun crews.

The boss drove much harder day after day,
Telling us to dig in as you must make her pay.
We drifted and stoned and we shot down the ore,
We timbered and we mucked until we couldn't stand no more.

They forced the burdens on us, which no human could ever stand;
When we complained they shipped us into the hot and desert sand.
They drove us from our homes, our wives and our babes, too,
With their dirty gun thugs and their machine gun crews.

Bisbee is controlled by the dear old Copper Queen,
The meanest bunch of copper thugs that you have ever seen;
They called us rattlesnakes and traitors in this dear old land,
And shipped us packed in cattle cars onto the burning sand.

They prate about their patriotism and their good deeds for human kind,
But they are a bunch of dirty cutthroats, in Bisbee on the line.
They have a lot of cotton pickers now mucking in their mines,
And they want the old time miners back, as in the good old times.

They may have their scabs from Texas and Alabama, too,
They may have their loyalty leagues and their whole damn crew,
Well, dear old pal, I guess I will go along with you;
We will tramp along together, our mining days are through.

Let's get away from that old alibi stuff,
Save some money for yourself even if you do without some of the stuff you wanted.
Then take good care the money is safe, put it in war savings stamps.

The biggest corporation in the world, the one that last year borrowed more than 25,000,000,000, is back of the war savings stamps.

Choteau, July 9.—Secretary Verma Upman of the Young American's for Uncle Sam War Savings society, has been doing effective work for the national thrift campaign. Every student of the fifth grade belongs to this society. A canvass made by the secretary to find out why the members were saving disclosed a diversity of answers. Most of the members, however, are saving to buy thrift and war savings stamps. The object of others was: Saving to buy a pony, bicycle, get a musical education and to have money when they grow up. Sidney Franklin is president and the membership of the society is 30.

Bigfork, July 9.—Bigfork boasts of a flourishing war savings society under the name of Uncle Sam Society of Economy. "All our members try to save money, food and clothing. One star member bought 14 thrift stamps at one meeting," reports Marie Peterson, the secretary, and Virgil Wells, president.

caused the charges to be filed with the police commission against him.

It is a significant fact that the findings of the trial board convicted Morrissey of having exceeded his powers as an officer and of brutality toward respectable citizens in the polling place in precinct 4-B, and of having insulted soldiers in uniform.

Public Opinion Against Him.
The downfall of Morrissey can be said to have begun when public opinion was aroused against the officer through the death of his wife, the late Katharine Keenan Morrissey, last March. Allegations of brutality toward his wife led to general talk of brutalities he was alleged to have committed upon various other citizens, notoriously upon prisoners who were unfortunate enough to have fallen into his hands.

Although the charges filed with the trial board previous to the recent hearing did not contain allega-

membership. Anna Otor is president and May Jackson, secretary. This was the first war savings society organized in Sheridan county.

Helena, July 9.—Miss May Crich-ton, county chairman of schools in the war savings campaign, is sending each of the summer schools in the county an attractive poster known as the "Winged Victor" by Haskell Coffin. The poster is the figure of a beautiful girl bearing an uplifted palm and a lowered sword. Under the figure we read: "Share in the victory. Save for your country; save for yourself—buy war savings stamps."

Hinsdale, July 9.—"All members

of our war savings society are children of foreign born parents and pioneers in a new land," says the enterprising secretary of the South Bench War Savings society of District 4. "This society was organized in April with six members. Its present membership numbers 17. All are below the age of 14 years. They meet every two weeks and report on current events and buy thrift stamps. The secretary is Alfred Gluse and the president, Milda Koukalo.

Take old Ben Franklin's word for it. He said: "A small leak will sink a big ship." He knew, he is dad of all savers—buy war savings stamps.

A certificate full of blue Franklin war savings stamps makes a good flash and ves its possessor a coat of reliance in the future.

tions of graft from women of the underworld and from other unlawful interests of the city. It is understood, however, that had Morrissey's discharge not been effected, additional charges of an even more serious nature would have been filed.

Could Not Be Found.
Morrissey could not be seen this morning or early this afternoon, but it is stated authoritatively that he will openly enter the employ of the Anaconda Copper Mining company as a "gunman," now that he has lost his official status as chief of the city detectives.

Morrissey's discharge loses to him all rights of priority in the police department provided at any future time he is re-appointed to the police force. He also loses any benefits, it is said, which might have accrued to him through membership in the Police Beneficial association.

The text of the mayor's order is as follows:

July 9, 1919
In the matter of the charges preferred by Catherine Penny, William Seymour, Mrs. William Seymour and Mrs. William Beakey against Edward Morrissey, a member of the Police Department of the City of Butte, Montana.

Mr. J. J. Murphy, Chief of Police, City.

Sir: After reviewing the report of the Police Commission in the above entitled matter of Edward Morrissey, wherein he was found guilty of conduct unbecoming a gentleman and

a police officer, by the three Commissioners on the examining board, and the recommendation by two of the board that Mr. Morrissey be discharged from the police service, and believing this will cause better discipline in the police department of the city, I therefore concur in the recommendation of the trial board and hereby order the dismissal of Mr. Morrissey from the police force.

Respectfully,
W. T. STODDEN, Mayor.

About Advertising

SOME PEOPLE think ADVERTISING IS simply SPENDING MONEY. BUT THE wise man knows IT'S THE surest way to make more. THE ONLY problem is, WHAT MEDIUM to use. CIRCULARS AND hand-bills COST A LOT of money. BUT YOU give them away, SO NOBODY wants them. ON THEIR front porches, NOR IN their morning mail. THE MAN on the street PAYS REAL money FOR HIS newspaper, AND THAT'S why he values it MORE HIGHLY THAN A circular. HE BRINGS his paper home SO THAT every member OF THE family CAN READ and enjoy it BREEZY, up-to-the-minute AND PROFIT by heeding.

FOUR-DAY'S STRIKE ENDS

Solidarity Among Workers Is Shown Over Country in First Protest Strike in Mooney's Behalf.

(Special to The Bulletin.)
Chicago, July 9.—The first Mooney strike here was four times greater than Chicago's biggest strike, when the building trades four years ago stopped work. About 150,000 of the rank and file took part in the protest strike. All machine shops, many metal workers and all clothing workers were out strong. The Hart Schaffner & Marx Chicago shops were tied up, as was the Continental Can company and many others.

A demonstration of nation-wide solidarity has occurred. Mrs. Mooney, who spoke to thousands of workers here, helped the cause in Chicago immensely. She leaves for Duluth Saturday night, goes to Minneapolis on the 15th and goes to Seattle from there.

The thought behind the thought in the war savings campaign is, it is all for you and your benefit.
