### MARKET REVIEW

#### CHICAGO MARKETS.

##### GRAIN AND PROVISIONS.

Chicago, Sept. 4.—Drastic setbacks in the value of corn took place today largely as a result of assertions which received widespread notice that the crest of the high cost of living had been passed and that a considerable drop was in prospect. After an extreme break that, compared with yesterday's finish, reached 8 1/2¢ a bushel in some cases, the market closed nervous, 2¢ to 3 1/2¢ net lower, with September at \$1.67 to \$1.67 1/2 and December at \$1.31 1/4 to \$1.31 1/2. Oats finished 3/8¢ to 3/4¢ down, and provisions unchanged to a loss of \$1.02.

New levels for the season were reached by the December and May deliveries of corn. The new records showed that prices for the two months named had depreciated about 25 per cent during the last few weeks. Lack of support, rather than aggressive selling, was responsible for the intensified weakness today. It was pointed out in this connection that a nearly uninterrupted advance of seven months had preceded the recent decline.

Oats were held relatively steady owing to a moderate demand from cash houses.

Provisions like corn were depressed by current statements from influential sources that foodstuffs were to decline.

Cash.  
Corn—No. 2 mixed, \$1.73@1.77; No. 2 yellow, \$1.72 1/2@1.77.  
Oats—No. 2 white, 70@71 1/4; No. 3 white, 67 1/2@72.

BAR SILVER.  
New York, Sept. 4.—Bar silver, \$1.13 1/2. Mexican dollars, 86¢.

### RAPID DEVELOPMENTS

(Continued From Page One.)

**MEX QUIT WORK.**  
Billings, Sept. 4.—Backing up their demands for an increase of \$1.50 per day, which would give them a scale of \$8 per day, members of the painters, sign-painters and decorators' union, yesterday stopped work. About 50 men are affected. The action followed a similar move of the carpenters, who asked that their wages be increased from \$7 to \$9 per day.

**NEW WAGE SCALE.**  
San Francisco, Sept. 4.—The proposed new wage scale for the 150,000 shipyard workers on the Pacific coast, which increases journeymen from \$6.50 to \$7.04 and apprentices from \$4.16 to \$4.89 a day will be accepted by an overwhelming vote, according to an announcement here today by R. M. Burton, president of the San Francisco Iron Trades council. All but one of the 27 unions affiliated with the council accepted the new offer, Burton announced. The proposed agreement will become operative Oct. 1.

**SHOPMEN VOTE NO.**  
(Special United Press Wire.)  
Washington, Sept. 4.—The railroad shopmen voted overwhelmingly to reject President Wilson's proposal.

**LEGAL NOTICE.**  
**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS.**

Notice is hereby given that the annual meeting of the stockholders of the Montana Silver-Copper Mining company will be held at the Lager hotel, Butte, Mont., on the 11th day of September, 1919, at the hour of 7:30 p. m., for the election of directors to serve for the ensuing year and for the transaction of such other business as may properly come before the meeting.

E. R. TURK,  
Secretary-Treasurer,  
Wallace, Idaho.  
Adv.  
(First publication Aug. 31, 1919.)

for a 1-cent an hour increase, but also voted to leave the strike matter in the hands of their national officers. The railway department of the Federation of Labor announced the vote.

The vote was 227,000 to 25,000 to reject the four-cent increase. It is announced: "There will be no immediate strike," said President Ryan, of the shopmen's union. "We will give the government a reasonable time in which to show results in its attempt to lower living costs."

Oroville, Cal., Sept. 4.—Fifteen hundred men employed by the Cariboo & Platteville plants of the Great Western Power company, have gone on a strike for the eight-hour day.

**THREATENED STRIKE.**  
(Special United Press Wire.)  
Mexico City, Sept. 4.—The entire force of the Mexico City Electric company, operating the street railways, water and light plants, threatens to strike because five of the American employes who have held responsible positions for many years were discharged without reason. British interests own the company.

**DEMAND EIGHT HOURS**  
Paris, France.—Farm laborers are up in arms over the refusal of the French parliament to include them in the recently-enacted eight-hour law. These workers charge that the government listened to the organized farm owners, who insist that an eight-hour day is "impracticable."

The farm laborers are now extending their organization and will apply the shorter work day, regardless of the law. Other demands include a minimum wage, weekly rest day and inspection of labor and hygiene conditions.

"In order to secure sufficient farm labor, the farmer must raise wages to the equivalent of that paid the industrial workers," runs the manifesto of the "Agricultural Workers' Federation." "The application of the eight-hour day to agriculture will not reduce the output, since it presupposes more scientific production and the use of farm machinery."

### CITY COUNCIL

(Continued From Page One.)

months ago.

This generosity with the public money when a discredited police officer makes a demand in striking contrast, according to the comment of persons in the audience last night, in the recent action of the council in refusing to pay the back wages of Officer Nicholas M. Golubin, after the district court had approved his claim and ordered it paid. Nicholas M. Golubin, of course, has never been convicted of a felony or charged with one. His reputation is clean, and his back pay for the time that he had been illegally prevented from working on the force was allowed by the district court.

Now the city council has put itself in the position of approving the expenditure of a large sum of the people's money in order to attempt to beat an honest officer out of the wages granted him by the district court. That is, they have approved of resorting to the supreme court and all the involved and expensive processes of legal machinery in the attempt to defeat the claim of Golubin. And they have made a free gift of \$800 to Philip Prida to aid him in escaping the penitentiary.

**ENGINEERS**  
(Continued from Page One.)

a man named Jones, had scabbied at one of the mines by performing electrician's work was received. Jones entered a formal denial of the charge and a special committee was appointed to investigate the matter and to report at a later meeting.

**REVOLUTION**  
(Continued from Page One.)

to it on the part of the federal government, would be very delightful, if it were not for the fact that the federal government is the only agency which is able to cope with this revolutionary movement."

### TELLS ACTORS TO STICK

New York.—Samuel Untermyer, attorney for striking actors, has notified the strikers that if they consider any settlement that does not include recognition of their organization they are defeated.

"If you now surrender your just right to recognition," he says, "your fight is lost."

Mr. Untermyer is one of America's foremost lawyers. Although he is interested in buildings now used as theaters which have been tied up by the strike, he is serving as counsel for the strikers with the understanding that he shall receive no fee.

A feature of the strike was a parade of actors and actresses, led by a delegation of actors, who have just been discharged from the army. The marchers were confronted by a menacing man, but this did not dampen their enthusiasm. In the line were America's famous players, a delegation of British actors and several hundred chorus girls who have organized and who are now an affiliate of the Actors' Equity association. The strikers carried a list of 36 plays on the boards or in rehearsals that are affected.

**NEWS FROM GERMANY**  
Dantzig, Germany.—The workmen's councils here threatened a general strike if the Scheidemann government delayed signing the peace treaty.

Nuremberg, Germany.—Fear that the immediate and complete socialization of industry would lead to civil war, such as Russia has experienced, was expressed in the debate on socialization at the trade union congress held in this city.

In seeking to democratize production the congress adopted a resolution demanding that in all establishments employing 20 or more work-

ers, workmen's councils, freely chosen, shall be elected to meet with the representatives of the employers and work out a system of production in conformity with democratic principles. This plan is much the same as the one proposed by the government.

**UNDERTAKERS**  
**DEATH NOTICE.**  
Pelleo—The arrangements for the funeral of Hiram Pelleo, age 25 years, have not yet been completed, pending instructions from relatives. Funeral announcement will appear in later papers.
