KOREAN NATIVES DRIVE OUT JAPS

JAPANESE INVADERS ARE FORCED TO EVACUATE BY SANGUINARY SKIRMISHES

London, Feb. 10.—Korean armies raised in Chinese territory crossed the Korean frontier on Feb. 6 and attacked Japanese garrisons in Korea, according to a Bolshevik official wireless received here. The dispatch states that the Japanese have evacuated northern Korea in the face of the furious attacks by the Korean revolutionists who have taken up arms against the Japanese invaders.

The dispatches state that great masses of the population are rising in support of the armed Korean forces and that the Japanese are being forced to evacuate the remainder of Korean territory held by them. The Bolshevik dispatches, they state, are based on reports received from Omsk.

KOREANS WHIP JAPS.

(Special to the Bulletin.)
Washington, Feb. 10.—Long-suffering Korea has at last taken the bit in her teeth and has started an armed revolt against Japanese domination, according to official dispatches received here yesterday. The reports state that Korean troops armed by the Soviet government of Russia have recently defeated Japanese troops in sanguinary encounters in northern Korea. In one engagement the Japanese lost 300 killed.

The dispatches characterized the fighting as the "beginning of a tremendous affair." It was stated the Koreans moved into the battle region from Kichin, Manchuria.

The official dispatches received here indicate that the population is rising in support of the insurgents. Officials here state that it has been a matter of common knowledge that great numbers of Koreans who had fled to Manchuria to escape Japanese domination in their own country were being organized and were meditating armed action to free their native land of the Japs.

The officials scout the statements that the outbreak was mainly inspired by the Russian Soviet government and declare that the feeling among all Koreans is so intense against the Japanese that a revolt such as the present was to be expected.

The Japanese have three full divisions of troops in Korea, according to advices received here, but these troops are so scattered due to the necessity of preserving order as to preclude any probability of their offering any determined resistance to the insurgents.

ROSANOFF DREAMING.
(Special United Press Wire.)
Tokyo, Feb. 10.—General Rosanoff, the Russian governor general, has officially declared Vladivostok in a state of seige, it was officially announced here.

Earlier dispatches stated that Vladivostok had been taken by the revolutionary troops and that Rosanoff had taken refuge on a Japanese cruiser in the harbor.

SAVES CASH; LOSES LIFE.
Chicago, Feb. 10.—Thomas O'Donnell, 65, a watchman, was killed in a fight with five bandits here. O'Donnell discovered the gang attempting to open the safe in the Wetter Cloth company's office. One robber shot him before he could draw his revolver and the thieves then escaped.

Britain, France and Germany Are In Harmony in Counter-Russ Move

(By the Federated Press.)
Berlin, Feb. 10.—Further evidence of the harmony between England, France and Germany in conducting the counter-revolution in Russia has been seen in recent discussions between Herr Mankewitz of the Deutsche bank and unofficial agents of the French mission. These conferences were to consider the floating of a \$50,000,000,000 ruble loan by the counter-revolutionists of Russia on the railway and mineral wealth of the country.

According to prevalent rumors, Germany is to supply the men, France the officers, and England the bulk of the cash.

The Deutsche bank had considerable French, English and American

Former Crown Prince Wires Wilson Offer to Surrender if Demand for Countrymen is Withdrawn.

(Special United Press Wire.)
Washington, Feb. 10.—President Wilson today received a cable from the former crown prince of Germany offering himself for the allies for trial in place of the 900 Germans demanded.

The cable was transmitted from Weiringen, Holland, where Frederick William is exiled.

Following is the text of the message the crown prince sent to the president:

"The demand for the delivery of Germans of every walk of life is again confronted by my country, sorely tried by four years of war and one year of severe internal struggle with a crisis that is without precedent in the history of the world as affecting the life of a people. That a government can be found in Germany which would carry out the demanded surrender is out of the question. The consequences to Europe of enforcement of the demands by violence would be incalculable hatred and revenge would be made eternal.

"As the former successor to the throne of my German fatherland, I am willing at this fateful hour to stand out for my compatriots and if the allied and associated governments want a victim, let them take me instead of the 900 Germans who have committed no offense other than that of serving their country during the war."

WANTS FUNDS FOR MORE AERIAL MAIL HIGHWAYS

Washington, Feb. 10.—Assistant Postmaster General Praeger presented plans for vastly extending the aerial mail service, to the senate postoffice committee today. He asked for an appropriation of \$3,400,000 for the present and proposed new air routes.

capital deposited in it before the war.

Belief in the collusion has been strengthened by recent revelations made by the Rote Fabne, Communist organ, to the effect that by a German intrigue with the French, General Nessel, Colonel Bernoud's troops were sent back to the Baltic provinces to fight the Red army. The foreign office has disregarded four demands for a statement on this point.

CRUISERS BOMBARD ODESSA

(Special United Press Wire.)

London, Feb. 10.—One British and one French cruiser are bombarding Odessa, a Moscow dispatch received here declared.

Fierce street fighting preceded the capture of the city by the Bolsheviks, the dispatch added.

Battle Over Exhibits Halts Testimony At I. W. W. Trial

Montesano, Wash., Feb. 10.—Introduction of exhibits by the state was continued at the morning session of the trial of the 11 alleged I. W. W. charged with the killing of Warren O. Grimm in Centralia on Armistice day. Indications were that taking of testimony would begin today.

Among the exhibits introduced is a model of that Centralia in which the I. W. W.

headquarters are located and in front of which the Armistice day paraders halted just previous to the fatal rioting. There are also a number of weapons the state alleges are owned by individual defendants.

A controversy arose in court yesterday afternoon over the reputed ownership of a 28-05 rifle, which the state alleged was the property of Eugene Bennett, one of the defendants, and the weapon with which Grimm is said to have been killed.

The defense denied all ownership of the rifle by any of the defendants.

The introduction of evidence followed the placing of Edward C. Dohm, state field engineer, on the stand by the state. Dohm related his qualifications as an expert witness and then gave testimony relative to identification of the correctness of a map he had drawn showing the scene of the shootings and the location of bullet holes in surrounding buildings.

MOUNT LASSEN VOLCANO ONCE MORE GETS ACTIVE

(Special United Press Wire.)
Redding, Cal., Feb. 10.—Mount Lassen has again burst into eruption. This latest is said to be by far the greatest eruption in the last three years. A huge smoke funnel approximately 1,000 feet high was seen shooting into the air at dawn. No earthquake shock has been felt.

LODGE WOMAN BURNED.
San Francisco, Feb. 10.—The charred body of a woman found on the fourth floor of the Berkshire apartments which were destroyed by fire yesterday has been identified as that of Mrs. Mary E. Dohoho, secretary of the Rebekah assembly, I. O. O. F., 69 years of age and a native of Oregon.

SAYS PREMIER IS SUBMISSIVE TO U. S.

Italian Deputy Scores Nitti for Playing Second Fiddle to Secretary of State Lansing.

(Special United Press Wire.)
Rome, Feb. 10.—Deputy Caserio created a sensation in the Italian chamber of deputies when he read a letter purporting to be from Premier Nitti to Secretary Lansing in which Nitti urged American support for Italian aspirations in the Adriatic.

Casario criticized the premier severely, charging him with submissiveness to the United States. Nitti, according to the letter, told Lansing that the Flume situation was creating great unrest throughout Italy and depicted the "internal situation" resulting from the rejection of Italy's demands as "grave and declaring it will eventually prove detrimental to Britain and France.

After Casario's attack Nitti admitted writing to Lansing and asked Casario how the letter came into his possession.

TWENTY-ONE DIE IN BRADBOYNE SINKING

(Special United Press Wire.)
Halifax, N. S., Feb. 10.—Twenty-one persons perished in the sinking of the steamer Bradboyne, according to advices received here. A lieutenant from the steamer Oxonian, attempting to rescue the Bradboyne's crew was swamped with the loss of six members of her crew, and 15 perished when the Bradboyne went below the waves.

The Oxonian wireless that she is remaining with 26 of the Bradboyne's crew.

PARLIAMENT IS SERIOUS IN SESSION

(Special United Press Wire.)
London, Feb. 10.—Parliament re-assembled in a serious mood today, as the new session promises to be of critical nature. A mass of contentious legislation held over from the last session, including Irish home rule, labor and housing questions must be considered immediately, and recent by-elections have proved the present coalition government has lost considerable strength.

SADDLE MILITARY COSTS ONTO INDIANS

Two Hundred Millions for Armed Occupation While Agricultural Improvement Gets \$400,000.

(By the Federated Press.)
London, Feb. 10.—Edwin Montagu, British secretary of state for India, announced in the house of commons that the cost of the British military operations against Afghanistan and all connected operations on the northwest frontier of India amount to \$70,000,000, and that this amount would be borne by the Indian revenues.

The military budget in India for 1920 was originally set at \$206,000,000, but the governor general has the power by special ordinance to appropriate any additional sum which he deems necessary. For improvement of agriculture, the budget is only \$434,500; for irrigation, \$2,000,000, while for education it is \$1,828,328.

MAINTENANCE OF WAY AND SHOP LABORERS PLAN BIG WALKOUT FOR FEBRUARY 17

Detroit, Feb. 10.—"Unless the federal railroad administration grants the wage increase demanded by Saturday, 'the strike of 300,000 members of the Brotherhood of Maintenance of Way Employes and Railway Shop Laborers, called for the morning of February 17, will take place on schedule time, according to Grand President Allen Barker of the organization.

KANSAS WILL PROSECUTE STRIKERS

Governor Allen to Invoke Iniquitous Industrial Court Law if Railroaders Stage Walkout.

(Special United Press Wire.)
Topeka, Kan., Feb. 10.—Maintenance of way employes and shop men of the Kansas railroads who strike in accordance with their union's orders will be prosecuted," Governor Allen of Kansas announced this afternoon.

The Kansas industrial court law, which provides two years' imprisonment and fines up to \$5,000 for union officers or men who strike in violation of the state statute, will be invoked by him in case the threatened nation-wide strike of the railroad employes develops, Governor Allen said.

NEW JERSEY RATIFIES SUFFRAGE AMENDMENT

(Special United Press Wire.)
Trenton, N. J., Feb. 10.—The federal suffrage amendment was ratified by the New Jersey assembly, when the assembly by a 34 to 24 vote, passed the same ratification measure following an all-night session. The senate passed it Monday by 18 to 2. New Jersey is the twenty-ninth state to ratify the federal amendment.

TWENTY-TWO I. W. W. TO GO ON TRIAL THIS WEEK

Sand Point, Idaho, Feb. 10.—Twenty-two alleged I. W. W. will go on trial here some time this week. They are charged with violation of the state criminal syndicalism law.

Defendants were previously tried here, but the jury which heard the case disagreed, being discharged after a deliberation of 23 hours. The jurors voted nine to three for conviction on the last ballot.

Canadian Silver Coins Worth More to Banks as Bullion Than as Cash

"The apparently unexplainable action of the Butte Electric Railway yesterday in refusing to receive Canadian silver coins, when the banks of Butte take the coins at their face value, and announce no intention of changing that practice, has behind it a very simple and substantial reason," remarked a prominent man of Butte today when asked his opinion on the matter.

"Canadian silver coins are worth more than their face value by reason of the present market value of the metal that is in them. There is a large quantity of Canadian silver coins in circulation in the States, particularly in the northern and northwestern part of the United States.

President Barker stated last night that the strike orders had been forwarded to all locals of the organization last night and that at least three days would be required to recall it.

Coincident with the forwarding of the strike orders to the various locals, a committee of 10 members representing the executive board of the railway employes left last night for Washington where they will remain until the strike becomes effective, unless negotiations they may enter into with the railway administration officials bears fruit before that date. The committee is vested with full authority to enter into negotiations with the railroad administration.

President Barker stated that the wage demands of the men average 40 per cent. He said that more than 100,000 of the organization's members receive less than \$7 per day, while an equal number of skilled mechanics, carpenters, masons, painters, receive only 55 cents an hour as contrasted with double that sum received by the same class of labor in the building trades.

Makes Statement.

In a statement explaining the strike call, Barker said: "The railroads soon are to be returned to private ownership and we feel that this wage controversy, which is with the federal railroad administration, should be adjusted before they are released. Our representatives have been in conference with the director general for 10 days. He has not promised anything and we do not believe he is going to do so. We decided to issue the strike call before the railroad administration should have opportunity to pass the burden to the private owners of the lines.

"The public should know that this strike call is not something that has been decided upon precipitately but dates back to last July. Wage demands were presented to the railroad administration at that time and the brotherhood membership authorized a strike to enforce them. We held a strike order in abeyance, however, on President Wilson's request that he be permitted opportunity to bring about reduction in living costs. He asked for a reasonable time, which he fixed at 60 or 90 days. We have waited six months and there has been no reduction in the cost of living."

STRIKE IS CALLED.
(Special United Press Wire.)
Detroit, Feb. 10.—A strike of 300,000 members of the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers has been called for Feb. 17, at a meeting of general chairmen here.

ROBBERS GETS BONDS.
Des Moines, Ia., Feb. 10.—The First National bank at Cambridge, Ia., was robbed of \$2,500 in war savings stamps and liberty bonds and \$100 in cash by early morning robbers.

ROBBERS GETS BONDS.
Des Moines, Ia., Feb. 10.—The First National bank at Cambridge, Ia., was robbed of \$2,500 in war savings stamps and liberty bonds and \$100 in cash by early morning robbers.

"The recent action of the Butte Electric Railway and other firms in refusing the coins is nothing more nor less than an attempt to scare that vast quantity of silver into the banks. The Butte Electric has stated that it must lose from 15 to 25 per cent on the coins, according to yesterday's press reports. That, in view of the fact that the banks take the coins at face value, must be considered a misstatement. It is true that Canadian currency, which includes paper money, drafts and checks, must be discounted from 15 to 25 per cent because of the recent depreciation of British currency; but the silver coins of Canada are really
