BRITAIN WOULD DITCH JAPS FOR U. S.

FRENCH FOREIGN OFFICE "TIPS OFF" SECRET PLAN OF ENGLISH GOVERNMENT

(Special United Press Wire.)
Paris, July 9.—England has made overtures to the United States looking toward an Anglo-American alliance which the British government desires as a substitute for the present Anglo-Japanese pact, which expires in 1921, according to officials of the French foreign office.

It is believed that unless the United States is willing to enter such an agreement the Japanese alliance will be renewed with the insertion of a clause specifically stating that England will never go to war against the United States.

Australia and New Zealand are reported as pressing the British government to make an agreement with the United States regarding the Pacific.

PROBE FUND SPENT TO BEAT REED, BELIEVED

(Special United Press Wire.)
St. Louis, July 9.—The backing of those who voted to exclude Senator Reed from the democratic convention will be investigated, Senator Kenyon has plainly intimated. Kenyon, chairman of the committee investigating campaign expenditures, in an open committee hearing, said: "I want to make it plain that certain matters will come up which personally concern Senator Reed. Therefore he will take to heart these proceedings."

The committee is expected to investigate charges that Edward G. Galt, Missouri national committee man, distributed \$3,000 among the 28 delegates to the state democratic convention. The purpose of the alleged fund and its possible bearing on the barring of Senator Reed from the national convention will be probed by the committee.

DEMOCRATIC "POW-WOW" TO OCCUR ON TWENTIETH

Dayton, O., July 9.—The first big "pow-wow" of the democratic campaign will be held here July 20, when the democratic national committee will confer with the party's nominee, James M. Cox. This has been agreed upon by Cox and Chairman Cummings, of the national committee, after an exchange of telegrams and long distance telephone conversations.

Cummings wired from San Francisco that the full committee would meet here, instead of a sub-committee, as originally planned. A definite decision is expected at the conference, as to whether or not Cox will carry out his wishes, and stump the country.

Candidates For Peace Justices and Constables Named by League

At a well-attended meeting of the local branch of the Montana Labor League held last night in Shilling's hall, candidates for the offices left vacant at the preceding meeting were named. The following were made to the labor ticket for Silver Bow county: Justices, Silver Bow township, John Bevan and Louis A. Buckley; constables, Pat Lynch and Pat Lee. Justices, South Butte township, E. E. Carlisle and Anthony McBride; constables, Oliver Lines and William Burke. H. J. Freebourne was selected to fill the vacancy in the legislative

NICK'S SHADE HONORED IN SHANGHAI

Police Take Orders From Consul General Named by Romanoff Czar, Since in Spiritland.

(Special United Press Wire.)
Shanghai, China, July 8.—International police here ousted the crews of three Russian volunteer fleet vessels upon the demand of Consul General Gross, an official of the old Romanoff dynasty of Russia.

Gross contends he has the right to demand police aid in seizing the ships, no other Russian government having been recognized since that of the Romanoff.

Major Johnson, British command of police, acceded to the demands. The sailors refuse to accept the authority of the Romanoff directorate whose headquarters are in Constantinople. They adhere to the Vladivostok provisional government.

SUFFRAGE PLAN KILLED BY LOUISIANA SOLONS

(Special United Press Wire.)
Baton Rouge, La., July 9.—The last hope for Louisiana's ratification of the federal suffrage amendment went glimmering late yesterday when the senate rejected, by a vote of 52-46, an attempt to introduce the ratification measure. The legislature adjourned last night.

ticket made by the withdrawal of the name of Mrs. Catherine Penny, who declined the nomination. Further organization will be perfected at an early meeting and plans will be laid to prevent the stealing of the elections as in past years. It was learned this morning that E. E. Carlisle, endorsed for justice of South Butte township, had already filed for the office on the republican ticket. The labor league having chosen the democratic ticket, Carlisle's endorsement is automatically annulled and a new candidate for democratic nomination to the office will be selected by the labor leaguers.

Bolsheviki Gain Over 200 Miles in Onslaught on Polish Forces

(Special United Press Wire.)
London, July 9.—The Bolsheviki forces are moving forward on a 500-mile front, advancing over 200 miles since the capture of Kieff from the Poles, according to Moscow dispatches. One dispatch received here said "the most decisive moment had arrived."

Premier Grabki of Poland has gone to Spa to seek further allied intervention. This is taken to indicate that the Poles consider their situation desperate. Warsaw advised stated volunteers were being called to the colors. Practically all Polish universities and technical schools are closed, the students having joined the army. The Bolsheviki advance is continuing on the north front. A gain of 240 miles would bring the Russian Red troops to the German border, cutting off Poland from the Baltic states. This would create a corridor enabling the Soviet forces to be joined by German extremists who are believed ready to join the Soviets.

Polish peasants are fleeing in panic before the Bolsheviki advance. Thousands are bivouacked in the woods between Rovno and Kovel.

KRASSIN DECIDES TO RETURN TO LONDON

(Special Cable to Federated Press.)
London, July 9.—M. Krassin and the other delegates from the Russian Soviet government have decided to return to London immediately to continue negotiations for the resumption of trade between England and Russia on the terms offered by the British government.

This was officially announced today by Downing street.

RESISTANCE SMASHED

(Special United Press Wire.)
London, July 9.—Smashing of the Polish resistance along the entire front from the German to the Austrian borders is indicated in dispatches reaching here from many sources.

The Bolsheviki forces carried out a well-planned military maneuver by moving in a pincer formation from Minsk to Rovno.

ROY ALLEY PRAISED AS BENEFACTOR OF LITTLE CHILDREN OF THE MINES

Roy Alley in a new role, the role of the benefactor of humanity, and the giver of nature's beauty and sunshine to little children who had thought the world was made of yellow copper dumps and irrigated with streams of green water, is the theme of a letter from the children of a former Butte miner given to The Bulletin today. The letter is from a family of eight children, the oldest of whom is 14, who left Butte about a month ago to join their father "somewhere in the state of Washington."

The father was blacklisted by the A. C. M. company at the time of the strike and the bloodshed of last April, and immediately left Butte to look for a new location. After finding work at better wages than he received in the sweat-holes of Butte) he found a little home beside a lake, and sent for the wife and kiddies.

The letter was written in Finnish, the nationality of the family, and was translated for us by a local woman who is a member of the I. W. W. Throughout the reading of the communication, the lady's eyes brimmed with joyful enthusiasm as she told of the wonder of the little tots, raised on East Broadway and nursed at the foot of a mine dump, when they reached the little haven of sylvan beauty, with its blue skies

and its placid little lake. Such places had only existed in fairy tales before, but now they have been whisked away on the magic carpet of Alley's blacklist and deposited in the midst of this fairytale. When the father used to come home after a day of skiving in one of the "hot boxes," the letter said, he was tired, cross and irritable, and the sight of his children as they entered the houses, covered with the squalid filth of the dumps in which they had been playing, only added to the dull despair of a man doomed to slave out his life for a bare living wage.

But now all is changed. Alley found out that the father was an I. W. W., one of the chosen few eligible for the "list"—the list of the new hope. Now a little group of children, with roses in their cheeks, with vivid wonder and unalloyed joy in their sparkling eyes, play happily on the shore of a rippling lake. When their father comes home from an invigorating day's work in the fresh air, which has also brought the color to his face and driven away the trace of a rattling cough which was beginning to manifest itself while he was in Butte, he is a new father. Instead of drooping wearily in a chair to perk half-heartedly at a meal for which he has no appetite, he throws his dinner pail aside and joins the game with the kids, while appetizing odors float out of the little kitchen where the mother is preparing the evening meal for nine voracious stomachs.

In conclusion the letter reads literally: "We wish to thank Mr. Roy Alley and Mr. John Gilie for blacklisting our father. We never knew there was such a pretty place in the world as the one where we live now. We wish Mr. Alley would blacklist every little boy's father in Butte."

One of the boys was a former student in the local high school. It is now "The Bulletin's pleasure to join in the children's exaltation of Roy Alley as a new benefactor of humanity."

JAILED FOR MURDER OF DAUGHTER; BEARS TWINS

(Special United Press Wire.)
Quebec, Canada, July 9.—Under death sentence in the jail infirmary here for the murder of her step-daughter by cruelty and neglect, Marie Gagnon gave birth yesterday to twins, a boy and a girl. Telesphere Gagnon, the father, is serving a life sentence for complicity in the murder of his daughter.

DELEGATES OF LIBERAL ORGANIZATIONS DISCUSS NAME FOR THIRD PARTY

(Special United Press Wire.)
Chicago, July 9.—The National Labor party executive committee is meeting here today to decide whether to cast its fortunes with the new political movement. It is proposed that the Labor party join with the Committee of 48, the Single Tax party, Triple Alliance and the National Service party of South Dakota in launching a Third party.

The only hitch apparent in the proposed amalgamation is the question of the name for the new party. Labor leaders unanimously favor the union of all liberal organizations but want the new party called the "National Labor party." The Committee of 48 hopes to convince the laborites that a party with that title would not prove popular.

Henry Ford's name was brought forth today as a possible presidential nominee of the Third party. Charles Hoffman said he talked with Ford yesterday and "while he said he was not a candidate, he assured me if the convention saw fit to nominate him he could think of no legitimate reason for declining."

GERMANS SIGN PACT WITH ALLIES

(By CARL D. GROAT.)
(United Press Staff Correspondent.)
Berlin, July 9.—The German delegation has agreed to meet the terms of the allied ultimatum demanding that she disarm her forces immediately. The Germans, however, in signing the ultimatum, protested against the proposition that the allied forces occupy German territory on the Rhine river unless the German army is reduced to 150,000.

Spa Conference Results in Teuton Statesmen Being Forced to Agree to Quick Disarmament.

(By the Federated Press.)
Detroit, July 9.—City officials and prominent business men invited to attend a public meeting of striking yardmen, failed to be present to hear the grievances of the railroaders.

A large section of the meeting hall was reserved for them and was left unoccupied during the progress of the meeting.

Most of the striking switchmen have found employment in other industries. Rail traffic is still crippled on account of the unauthorized walk-out of the men several months ago.

CITY OFFICIALS ABSENT FROM BIG LABOR MEETING

(By the Federated Press.)
Springfield, Ill., July 9.—Disaffected with their wages, 2,000 coal miners in this vicinity walked out yesterday, closing four mines.

Two Arrivals From Great Falls Face Charges of White Slavery

Charges of white slavery will probably be filed against Joe Pulinski and Sam Oskovich, both of Great Falls, who were arrested Wednesday evening in a local rooming house, where they were found in company with two girls they are alleged to have brought here from Great Falls for immoral purposes, and a Butte girl who had been lured to the room, she told the police.

The arrest of the crowd came as the result of a complaint filed with the Butte police by Herbert Warren. Warren told the officers that when his 17-year-old daughter failed to return home after her working day was done, he became alarmed and went in search of her. Through a girl companion he was able to trace her to the rooming house. He then summoned Police Captain Mike O'Donnell.

When the officer entered the room, he found Oskovich and a Butte man named Frank Miller in one room with the three girls. Through a girl companion he was able to trace her to the rooming house. He then summoned Police Captain Mike O'Donnell.

The Warren girl said she had met Pulinski and had been invited by him to visit his room. She said he had given her the cigarettes to smoke, but denied she had drunk any whiskey, nor had she seen anyone else drink. The police testified that several empty whiskey bottles were strewn about the room.

Frank Miller, the Butte man, said he knew the Great Falls quartet before they came to Butte and said he was just visiting them. He was dismissed. Each of the Great Falls girls was fined \$25. Pulinski and Oskovich were fined \$50 each and in addition will be held for action by the county authorities.
